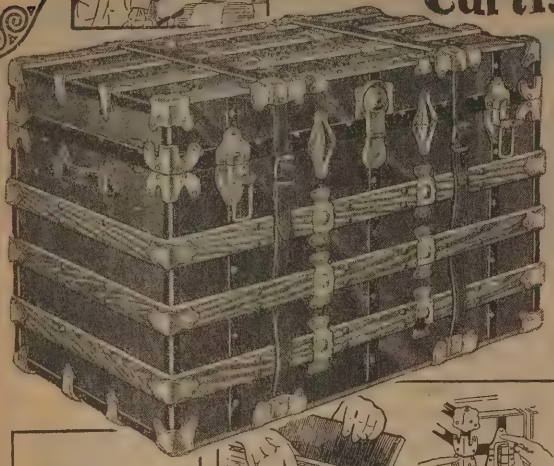
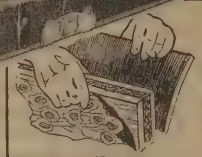
TRUNKS Extra Strong

Curtis-Labelle



Three-Ply Wood Veneer Dress Trunks, Metal Covered, Attractive Blue Shade. Good Appearance, Strong Construction, Long Service, Big Value — These Four Qualities in One Trunk.

Construction — Features that stamp the "Curtis-Labelle" Trunk one of the strongest made; three-ply wood veneer box, covered with heavy sheet steel of attractive blue shade; steel bound, closely tacked. Three bands of hoop iron nailed on; two of the bands are riveted at the draw bolts and hinges and entirely encircle the trunk when the draw bolts are fastened. Corners of lid and body are strengthened with heavy metal dowels. All hardware is extra heavy and brass plated; strong iron angles and bumpers reinforce and protect against damage. Four hardwood slats on top and bottom and three all around body. Double tumbler spring lock with two flat keys. Heavy metal draw bolts and hinges. Two leather straps give the exterior the finishing touch. The interior is lined with figured cretonne cloth and is fitted with a deep divided tray, half of which is covered to form a hat box.



Five-Ply Construction

Hand Riveted Here

This illustration shows how the two bands of strap iron which go all around the trunk are hand riveted to the hinges at the back, in the same manner as at the draw bolts. The rivets go right through to the inside of the trunk and are capped to prevent their working out. This is a very strong feature.

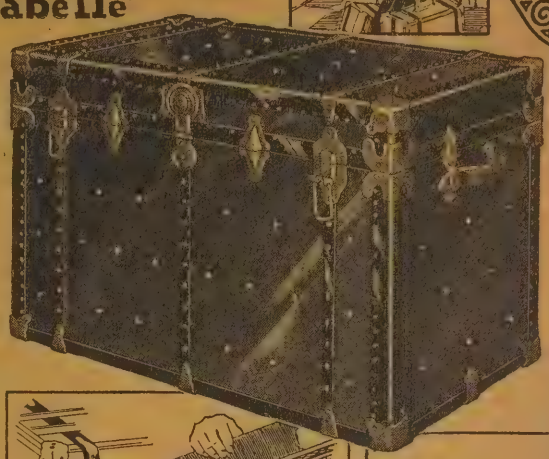
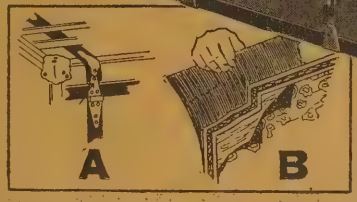
"Howard-Labelle"

Three-Ply Wood Veneer Dress Trunks, Vulcanized Fiber Covered, Blue Shade.



Construction — Three-ply wood veneer box, covered with hard vulcanized fiber, finished in a handsome blue shade. All edges are bound with black vulcanized fiber and closely nailed. Full studded body, bound around with three bands of hoop iron, two of which are hand riveted at the draw bolts and hinges. The rivets pass clear through and are fastened with burrs on the inside of the trunk. Extra heavy steel dowels at the corners of the lid and body where the two meet, hold both lid and body rigid and also act as bumpers when trunk is being closed. All hardware is of extra heavy rolled steel, brass plated. Trunk fastens securely with two draw bolts and spring tumbler lock having two flat keys. The interior is fitted with two trays, the lower one for dresses, waists and other fine things that require care in packing; the top tray is divided in center and one-half is covered to make a box for hats or other articles. The trunk is double lined, one lining of fiber board covered with good quality cretonne cloth which is found far superior to the lining generally used.



A—Showing how the two bands of strap iron are riveted to the draw bolts and hinges.

B—Three-ply veneer, fiber covered, cloth lined. Five-ply construction.

C—Extra heavy steel dowels at the corners of the lid and body, where the two meet, hold both lid and body rigid.

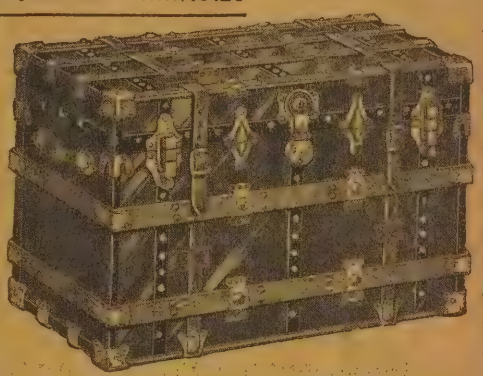
Size, 40x21¾x13 inches.	Shipping weight, 56 pounds.....	$17.20

"Benson-Labelle" Metal Covered General Purpose Box Trunks



We have had this trunk greatly strengthened and fitted with heavy steel draw bolts. Two iron bands, riveted at the hinges and draw bolts, completely encircle the trunk when the draw bolts are fastened. The box is built of well seasoned basswood and metal covered to withstand hard service. The corners and edges are well protected with iron angles; there are four hardwood slats on the top and bottom and two around the trunk; two good leather straps give the trunk a finished appearance. Interior is neatly lined and fitted with a two-compartment tray, one section of which forms a covered hat box. We believe this trunk to be one of the strongest of its kind and the greatest bargain being offered anywhere.

6F9545¼—State size.

AMERICA'S
12,000 Miles

We Are Paying for a Name

The World's Largest Store has perfected a new tire, tire that is the supreme masterpiece of modern enginee ing skill, and a signal triumph to the resources of th hundred million dollar organization.

Follow this remarkable tire in the making, from th source of the raw materials to the finished product, an you will understand the reasons why it is outstandin in endurance, in flexibility, in elasticity and in ever feature that makes for greatest service, greatest mileag

1—Only highest quality, pure rubber is used.

2—The heavy rubber coating assures extra endurance.

3—The remarkably high tensile strength and strong side walls are the result of the most modern methods and machinery, the proper dipping and weaving of the cords, and the quality of the materials used.

4—Utmost protection against cord breakage and casing rupture is due to the superior quality, elastic, twisted cord fabric.

5—The handsome, massive, non-skid tread, of new and scientific design, will give long and even wear and far greater mileage than our guarantee assures.

Lowest Cost Per Mile

But to build a better tire is only half the job. Setting the pace quality is not enough. To complete our obligation to our custome this tire must also be the biggest value. It must also be the low priced tire measured in cost of service rendered. WE KNOW TH TIRE WILL COST YOU LESS PER MILE than any other t of any other make. In tires as in all other things, you get t WORLD'S BIGGEST BARGAINS FROM THE WORLD LARGEST STORE!

Any car owner who does not buy his tires from Sears, Roebuck a Co. IS ACTUALLY THROWING HIS MONEY AWAY! V want you to buy from us again and again. We can expect your futu orders only if you are more than satisfied with your every purcha That's why we have made this tire so good it will astound you in t amount of mileage it will give.

We guarantee you will get 12,000 miles from every one of th tires. We have gotten many more miles than that in every test we made. Figure it out for yourself. See what your per mile c amounts to when you buy one of these new tires.

Tire and tube prices are subject to change without notice However, we guarantee that our prices on tires and tubes wil always make you the same large saving they have in the past when compared with prices on other tires and tubes of equa quality.

This Guarantee Protects You

Every New Cord Tire is guaranteed against any defect in workmanship or material on a service basis of 12,000 miles. On this basis we will repair any defects that should develop, or we will replace the tire charging only for the mileage you have received.

GREATEST TIRES Guaranteed

$25,000.00 for These Tires

For the last two years we have been busy testing the various new features of our new tire, making little changes here and little changes there, until now we have to offer you the perfect Super Balloon.

The First 12,000-Mile Balloon

In the design of this tire, our engineers have given you the greatest riding comfort possible in any tire. This is accomplished by the use of our SUPER-LASTIC cord fabric. SUPER-LASTIC cord fabric gives extra elasticity to your tire and smooths out the bumps in the road. This fabric is thoroughly tried and tested by our cotton mills. The cotton used in the making of this fabric is all extra long staple cotton and is carefully inspected.

Long Wear, Low Cost

In addition to the special SUPER-LASTIC tire fabric, the rubber is compounded in a new and secret way to give still further riding comfort. The tread rubber is the toughest wear resisting rubber that modern tire science has been able to compound. We have added many miles to the wear of the tire by this special thick tread. In addition to this, our engineers have so designed the tread that you have both non-skid features and easy steering features in the center rib in our tire. The large non-skid buttons on the broad flat surface make for quicker braking, and the thick tough rubber gives you longer service. It embodies all the high qualities in both materials and construction of our new cord tire.

With our 12,000-mile guarantee, we are definitely demonstrating that our balloon tire not only equals any high pressure tire in long life and long mileage, but in numberless instances will outlive it. This new tire is the first full balloon to be guaranteed for 12,000 miles of service!

You cannot buy a better tire for safety than this new full balloon cord with its modern, thick, anti-skid tread. In mud, snow or ice, on all treacherous roads, this tread will hold steady and safe. And in dry weather, it will travel along without a hum or a tune.

Send us your order, enclosing our price, with the assurance that the guarantee of the World's Largest Store is back of the satisfaction we promise you in greatest saving and most service. Reduce your tire bills—buy one or a set of these new balloons now at our startling low money saving prices!

Tire and tube prices are subject to change without notice. However, we guarantee that our prices on tires and tubes will always make you the same large saving they have in the past, when compared with prices on other tires and tubes of equal quality.

This Guarantee Protects You

Every New Balloon Tire is guaranteed against any defect in workmanship or material on a service basis of 12,000 miles. On this basis we will repair any defects that should develop, or we will replace the tire, charging only for the mileage you have received.

Cushioned Riding Comfort

Possibly the tires now on your car are marked in this manner: 4.95/20, 5.25/21, 6.20/20, 7.30/20, or a similar marking. The last figures indicate your rim size. In our sizes listed below we have indicated the rim sizes with symbols, so you can be sure you are ordering the right size tire.

Improved OVERSIZE CORDS

BETTER THAN EVER~

Reduced

8,000 Miles

WE ARE now building all our Improved Cords with the extra heavy, massive tread formerly used on our Master Tire, making it the best 8,000-mile tire in the world. In addition, we have REDUCED FORMER PRICES so that now these big, burly, full oversize cords are so far ahead of all competition in value your saving on a set amounts to many dollars.

This is good news to the thousands of auto owners who depend on Sears for lowest prices, biggest savings. Whenever we are able to effect greater economies, because of our increased purchasing power, we always pass the benefit along to our customers. Our Improved tires are bigger bargains than you can obtain from any other store, any other source whatsoever. That we guarantee.

We know the extra service you will get because of the extra rubber in the new tread and the sidewalls of the new tire. We know the sound quality of these cords, inside and out, for they are made exactly according to our specifications. We are not new in the tire business. We have been selling tires as long as automobiles have been built. We've kept abreast of the times. Our new Improved Tires are modern tires, in appearance, in construction and in service.

Because we guard so carefully the reputation of this store for honest dealing we would never offer a tire which didn't uphold that reputation. We even lean backward in our description and in our guarantee. We guarantee these cords for eight thousand miles, but we would rather be conservative in our claims than have you disappointed with your transaction. Many an Improved Cord will outlive this guarantee and give nine, ten, twelve thousand miles of service.

These are FULL, OVERSIZE cords and not the usual, semi-oversize cords that are so often offered for less money. There is just as much rubber, just as many cords in these Improved tires as in other STANDARD makes on the market. Because we sell them for so much less money, we want to warn you against comparing our tires with sub-standard tires selling for even higher prices. These are perfect tires, perfect in materials, perfect in workmanship and every one that leaves our store has been closely inspected to see that it is in perfect condition.

You can send us your order for one Improved Oversize Cord or a full set of them with full confidence that you will get a tire that ranks with the best on the market, regardless of price. Millions already know their quality. If you are not familiar with it, send us a trial order. Put the Improved Cord to any test you want. We guarantee your satisfaction as well as your saving.

and FULL BALLOONS

LIKE RIDING ON AIR

Prices!

Guaranteed

BALLOON tires are here to stay. Their superior riding qualities make them the preferred tire of today. They pay for themselves many times over in materially lengthening the life of your car. They have proved their right to a place on any man's car.

Our IMPROVED BALLOONS are in the front rank of modern high quality balloon tires. They have proved that right, because they have successfully withstood the severest sort of punishment on all kinds of cars and all kinds of roads, under all weather conditions. They have demonstrated in every way their superiority to the ordinary tire. Better in cushioned riding comfort; easier on the car. Better in traction; better in braking. Better in wearing quality and better in all around service.

They are built with a better, thicker, heavier tread, with very much more rubber than is used in the average tire, compounded by the newest and most scientific methods. The fabric used is the new "Super-Lastic," which has been developed through years of tireless research.

They are the lowest priced, high quality balloons on the market. This is made possible only because we buy them in enormous quantities—for cash—and we sell them direct to you without the tremendous selling expense of other companies, because we have no dealers, jobbers, wholesalers or salesmen, because they carry our one profit only.

Try just one of these tires if you want to get acquainted with us. If you have confidence in what we have been telling you, you will buy a full set without hesitation. If, after you have tried them, you are not convinced that you have got the biggest tire value you ever had in your life, send them back and we will refund your money and pay transportation charges both ways.

We know that the new IMPROVED BALLOONS cannot be beaten at any price.

Possibly the tires now on your car are marked in this manner: 4:95/20, 5.25/21, 6.20/20, 7.30/20, or a similar marking. The last figures indicate your rim size. In our sizes listed below, we have indicated the rim sizes with symbols, so you can be sure you are ordering the right size tire.

This Guarantee Protects You

Every IMPROVED BALLOON CORD is guaranteed against any defect in workmanship or material on a service basis of 8,000 miles. On this basis, we will repair any defects that may develop, or we will replace the tire, charging only for the mileage you have received.

Tire and tube prices are subject to change without notice. However, we guarantee that our prices on tires and tubes will always make you the same large saving they have in the past, when compared with prices on other tires and tubes of equal quality.

Cushion Tires *Puncture Proof* *for Your* Ford

Balloon *Type* Cords

As shown in the illustration at left, there are hollow air cells in the center of these tires which give added resiliency and combine hard rubber tire efficiency with pneumatic tire comfort.

Anyone who uses a truck or other car with Ford size wheels and has considerable hauling to do finds this tire not only a great convenience, but a great economy as well. No blowouts, punctures or stone bruises to worry about when you're carrying heavy loads. And you get twice the mileage any pneumatic tire can possibly give. We are offering this Air-Cell Cushion Tire at our usual low money saving prices. We guarantee it for 12 months of service.

The wonderful features of construction, numbered below, make this new tire ideal, the best for the purpose ever designed.

These Balloon Type Cords are built for those car owners who want to equip their cars with tires which have all the advantages of regular balloons, but which do not require the special balloon wheels and rims. You can put a Justice Balloon Type Cord on any car which has formerly been equipped with the regular cord or fabric tires and no changes of any kind are necessary.

In workmanship, in construction, in easy, comfortable riding, in long service and in big value they are like our regular balloons. We know they will give you more service per dollar of cost than any other tire offered by any other dealer or manufacturer in America.

31 x 4.40 BALLOON FOR FORDS $12.25

This Guarantee Protects You

Every Balloon Type Cord is guaranteed against defect in workmanship or material on a service basi 10,000 miles. On this basis we will repair any def that should develop or we will replace the tire, char only for the mileage you have received.

Tire and Tube prices are subject to change without notice. However, we guarantee that our prices on tires and tubes will always make you the same large saving they have in the past, when compared with prices on other tires and tubes of equal quality.

1. **This is a trouble-proof, airless truck tire which looks like a pneumatic, rides like a pneumatic, and will give at least twice the mileage of any pneumatic tire.**
2. **It is mounted and furnished on a straight side rim to fit a Ford wheel.**
3. **Requires no attention whatever under the severest conditions of service.**
4. **Has a non-skid tread and is built in approximately the same shape and style as a pneumatic tire.**

28F27035¼—Size, 30x3½, complete with straight side rim. Shipping weight, 38 pounds..... **$16.95**

Giants of the Highway- HEAVY DUTY *Truck and Bus Cords*

The greatest money saving opportunity ever offered anyone on HIGH GRADE, LONG WEARING TRUCK OR BUS TIRES is offered to you RIGHT NOW AND RIGHT HERE ON THIS PAGE.

Before you spend a cent on truck tires, compare our high quality. WE CAN SAVE YOU FROM $5.00 to $20.00 on a tire that is GUARANTEED FOR 12,000 MILES OF SERVICE—a tire that you can't beat anywhere NO MATTER WHAT YOU PAY!

Giants of the Highway, our Truck or Bus Cord Tires are as good as tires can be made. They have extra thick treads of our new secret compound. The beads are specially designed, large in size to stand the strain of heavy service. They are made to stand up under heavy loads on all roads. You can depend on them to carry you through and to give 100 per cent performance every single day of their long life. These Giants of the Highway have been tried and proved equal and superior to tires costing much more. Over the roughest roads, under the heaviest loads, they have held their own and have outworn higher priced tires working alongside of them.

FARMERS—AND TRUCK OR BUS OWNERS

Whether you own one truck or a fleet of trucks it will pay you to buy these Giants of the Highway. They not only will give you more mileage per dollar than any other tire but they will also reduce your tire expense right from the start. We can sell you these super-service Truck or Bus tires at prices so low that it is impossible to duplicate them elsewhere, because we deal directly with the manufacturer and we buy in such enormous quantities that we obtain special discounts. We sell them at the World's Lowest prices.

We Announce a New Size Heavy Duty Truck Cord for Fords and Other Light Cars With Clincher Rims

Now, for the first time, it is possible to get an extra rugged Heavy Duty Tire with six plies, in a size which will fit Fords and other light cars with clincher rims.

This means that you can at last get a Ford size tire that will give real heavy duty service; that has six plies to give extra endurance and an extra ½-inch thickness of tough tread rubber to give extra wear.

These tires are suitable for all light truck service, and we recommend them also for passenger sedans.

The 30x3½ Heavy Duty Tire is the tire for endurance and long service.

This Guarantee Protects You

Every Giant of the Highway Truck or Bus Cord is guaranteed against any defect in workmanship or material on a service basis of 12,000 miles. On this basis we will repair any defects that should develop or we will replace the tire, charging only for the mileage you have received.

Tire and Tube prices are subject to change without notice. However, we guarantee that our prices on tires and tubes will always make you the same large saving they have in the past, when compared with prices on other tires and tubes of equal quality.

Big RED GIANT Inner Tubes

Guaranteed 2 Years

Big Red Giant Inner Tubes

TO MATCH our new tire in extraordinary quality, workmanship and sturdinesss, we have perfected a new inner tube of decidedly superior merit. After months of careful experiment we developed a curing formula that produced the exact results we wanted. Months of rigorous testing proved, beyond a doubt, that here was an inner tube fitted by its superlative quality and durability to take its place with our new tire as the greatest buy of its kind on the market today.

Tough as the hide of a bull moose! Alive with elasticity! Every one of our BIG RED GIANT NEW INNER TUBES has thousands and thousands of miles of ***good, hard service*** built right into it. No matter how rough the road, how grinding and long the trip, these tubes will carry you through.

"Blood will tell," and so will rubber. Big Red Giant New Inner Tubes will outwear two of the ordinary kind and still be going strong, because they are made of pure, fresh, live rubber, especially selected to stand the gaff of long, hard service. This rubber is carefully and scientifically refined and cured according to our new, tried and proved formula, that assures maximum flexibility plus iron-like wearing qualities.

BIG RED GIANT NEW INNER TUBES are the kings of the highway today! They stand supreme in workmanship, high quality and exceptional values. No matter what you pay—or where you go—you can't find a tube that can beat these for wear-on-the-road. Actual use ***proves*** their supremacy. Try them out. You take no risk. EVERY SINGLE ONE IS BACKED UP BY OUR TWO-YEAR GUARANTEE AGAINST DEFECTS!

Compare Our Prices! Only because we do such an enormous tire business can we sell you these tubes at prices that are even lower than those usually asked for ordinary tubes.

BIG RED GIANT NEW INNER TUBES are the only fit running mates for our New Improved tires.

Justice Gray Inner Tubes

OUR JUSTICE GRAY TUBES have an enviable reputation for long, trouble free wear. They won that reputation by actual and exceptional performance on all kinds of roads and highways. They have stood the test, and will continue to stand the test, since only good, heavy, tough rubber, correctly cured, goes into them. They will not stretch out of shape (or size) all during their long, serviceable life, and EVERY ONE IS GUARANTEED TWO YEARS AGAINST DEFECTS. Nowhere else could you get tubes so guaranteed and of such high quality at the unbeatably low prices shown on this page.

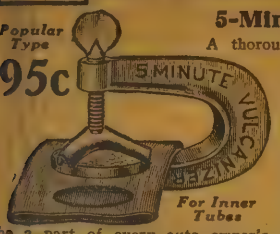
Prolong the Life of Your Tires

5-Minute Vulcanizer

Popular Type

95c



For Inner Tubes

A thoroughly vulcanized patch on your inner tube in five minutes at a cost of only a few cents! Heat is produced by igniting disc heat unit. Remove cloth from patch, apply patch to tube, clamp container, with disc in place, over patch and ignite heat unit. Outfit includes twelve patches and heat units. At our remarkably low price this splendid little outfit should be a part of every auto owner's equipment.

28F10556—Complete outfit. Shpg. wt., 1 lb.... **95c**

Self Curing Tire Repair Kit

For repairing inner tube punctures or tears or small holes in tires without vulcanizing. Comprises can of Tire Gum and can of Cement. A quick, permanent repair; a tube thus repaired can be used at once. Enough furnished for thirty to fifty average repairs. Instructions for using.

28F9384—Shipping weight, 10 ounces..... **33c**

Adamson Vulcanizer

Well Known Model at a Money Saving Price

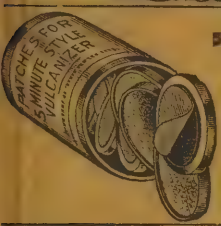
For either casings or tubes. Complete with repair stock, measuring cup and scissors. Instructions furnished. Shipping weight, 3¾ pounds.

28F9073 Complete outfit.... **$2.15**

Repair Stock for Adamson Vulcanizer (at left) or similar vulcanizers; about ¼-lb. rolls. Shpg. wt., 6 oz.

28F13075..... **24c**

Extra Patches for 5-Minute Vulcanizers

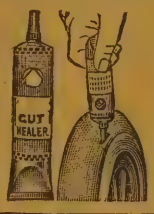


For use with your 5-Minute Vulcanizers or other vulcanizers of similar type. Patches are 1⅝ inches in diameter; disc heat units, 1¾ inches in diameter.

28F10558

Box of 12 Patches and Heat Units. Shpg. wt., 8 oz... **55c**

Cut Healer



A heavy rubber compound for filling cuts in casings. Keeps dirt and water from working in between the tread and the tire plies, which would loosen the tread and ruin the tire quickly. Comes in 1x6-inch tubes. Shipping weight, 7 ounces.

28F1660. **36c**

Red Seal Tube Patching Outfit

Efficient low priced outfit, comprising patching material, rubber cement and tube buffer. Instructions furnished for making a simple, sure repair. Heat generated from friction of running vulcanizes patch onto tube. Made of high grade rubber, stretches with tube and will make any size repair from a puncture to a blowout.

28F11226—Outfit with about 30 square inches patching rubber. Shipping weight, 8 ounces..... **17c**

28F11221—Outfit with about 72 square inches patching rubber. Shipping weight, 10 ounces..... **27c**

Tire Talc

7x2-in. can. After repairing tube sprinkle talc on tube and inside of casing to prevent tube sticking to inside of casing and tearing when again removed. Shipping weight, 14 ounces.

28F10705

Per can..... **9c**

Rubber Cement

28F8231

About 4-ounce can. Shipping weight, 9 ounces..... **12c**

Monkey Grip Tube Patching Outfit

Famous, highly efficient outfit for patching inner tube punctures without vulcanizing. Use repaired tube at once; heat produced by running tire quickly vulcanizes patch to tube. Outfit comprises excellent quality rubber patch material, tube of cement and buffer for roughening tube surface to be repaired. Complete in screw top can. Instructions for using.

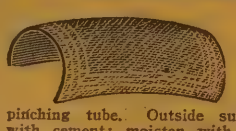
28F11197—With 27 square inches rubber..... **29c**

28F11198—With 45 square inches rubber.. **51c**

28F11199—With 72 square inches rubber.. **62c**

Shipping weight, each outfit, 8 ounces.

Cord Tire Patches



Made of several plies of cord tire material. Feathered edges and ends prevent pinching tube. Outside surface coated with cement; moisten with gasoline to cement in place in tire.

Their Use Pays You at Our Prices!

Puncture Proof Reliners

These splendid Puncture Proof Reliners are made of extra heavy, tough, resilient rubber with two layers of overlapping brass discs or plates. These metal discs, separated by rubber, make your tire puncture proof; nails, tacks and other sharp objects penetrating to the plates being turned back. Reliner is built with long tapered ends and feather edge tapered sides, protecting tube from being pinched and fitting tire snugly. They conform perfectly to shape of casing when tube is inflated. We guarantee Puncture Proof Reliners to be both puncture and blowout proof for the life of the tire.

28F3867	30x4.95	6⅛	4.70

Inner Casings

Don't throw away a tire when the tread wears thin. An Inner Casing will help you get considerably more mileage from the tire. By using Inner Casings you also avoid the average puncture due to small nails or tacks, the extra thickness inside the casing helping to keep these objects away from the inner tube. Inner Casings are built up of several layers of fabric and an outside layer of rubber. They are shaped to fit the tire. They are practically an endless reliner but of heavier construction and with the sides extending well down past the beads to cover nearly the entire tube.

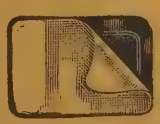
A temporary repair for breaks, etc., in fabric tires. Tire beads and rim hold flaps in place. Shipping weights, 1, 1, 1⅜, 1⅜, 1⅜, and 1⅝ pounds.

Stick-Tight Casing Plaster

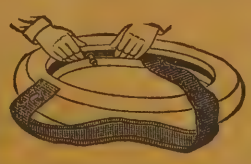


Is made of three layers of casing fabric and a layer of soft, uncured gum rubber. Back is covered with soft flannel to keep tube from chafing. The patch is applied to the inside of the broken casing, after the casing has been cleaned and plaster softened with gasoline. Apply gum over break and it will squeeze in, plug the hole and keep out water and dirt. The plaster adheres to the casing, and soon becomes self vulcanized, adding three layers of strongly welded strengthening fabric which become a part of the tire.

28F1505—Size, 5x3½ inches. Shipping weight, 3 ounces..... **19c**

28F1507—Size, 7¼x5¼ inches. Shipping weight, 5 ounces..... **27c**

Tire Flap



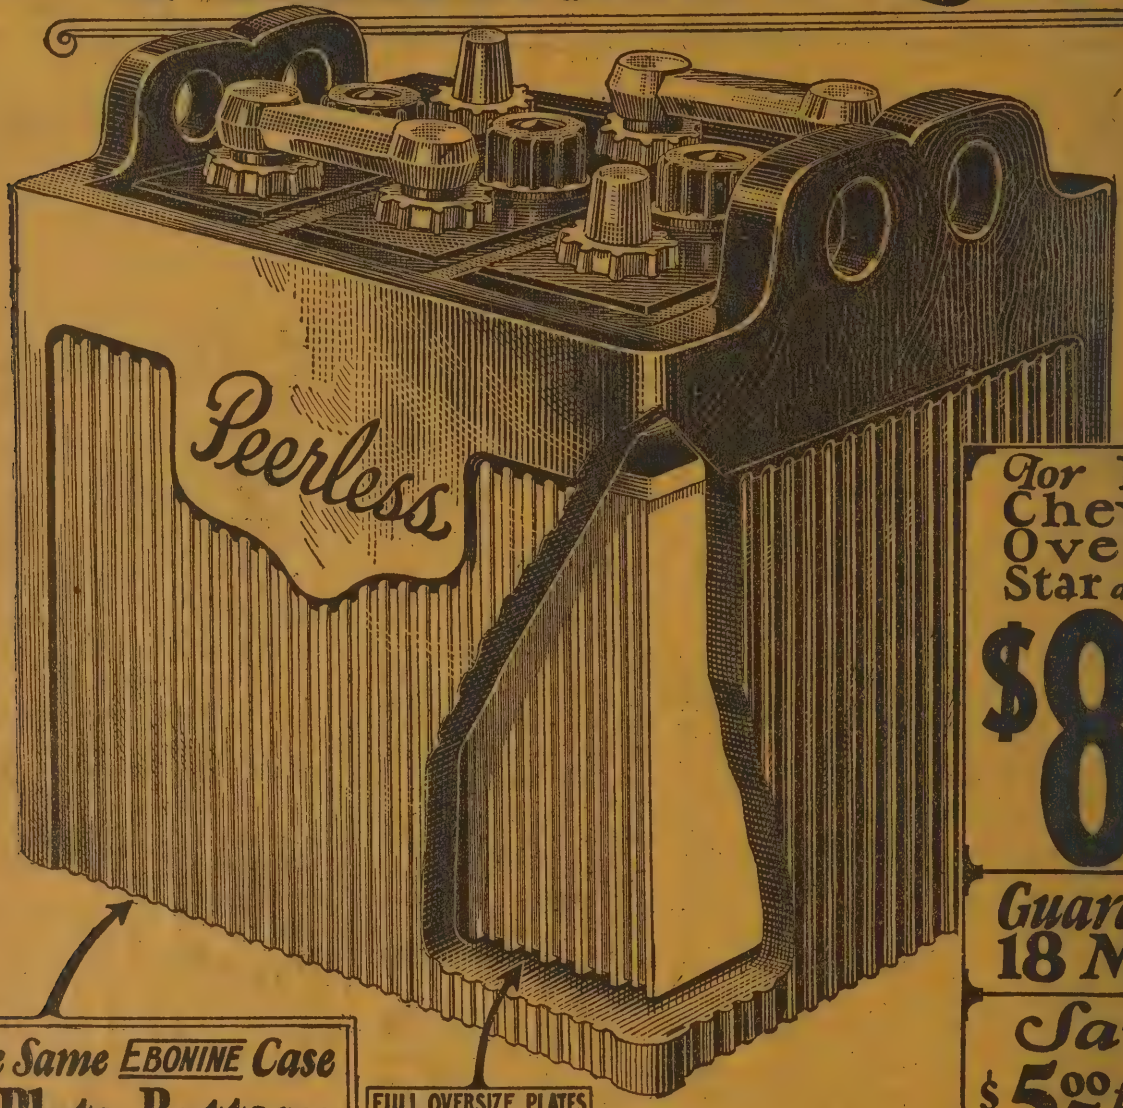
Keep inner tubes from pinching, chafing against rough, rusty rim, etc. Replace worn flaps before they injure tube or casing. Made of several fabric plies, with beveled edges. You can't afford to keep poor flaps in use.

28F9426—For all sizes of tires up to and including 35x5-in. Each..... **41c**

28F9399—For balloon tires. Each..... **41c**

Shipping weight, either type, 1 pound.

The Improved PEERLESS Battery



FULL OVERSIZE PLATES
FINEST RED
CEDAR SEPARATORS

For Ford-Chevrolet, Overland, Star and Gray-

$8.95

We ship batteries from Chicago, Ill., Philadelphia, Pa., Kansas City, Mo., New York City, N. Y., or Minneapolis, Minn., whichever is nearest you. Send your order to Sears, Roebuck and Co., Chicago, Ill., Kansas City, Mo., or Philadelphia, Pa.

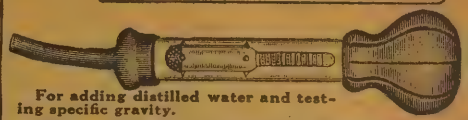
If you are in urgent need of your battery telegraph your order and it will be shipped C. O. D., the same day.

NOTE—Unmailable. We recommend express shipments for all batteries.

Shipping weight, $8.95 and $9.25 batteries, 56 pounds; $10.95 batteries, 65 pounds; $13.45 and $13.95 batteries, 73 pounds; $12.75 batteries, 60 pounds; $14.45 and $14.95 batteries, 79 pounds.

For Radio Batteries see Pages 600 and 601

Hydrometers



For adding distilled water and testing specific gravity.

High quality battery hydrometer. Has excellent quality durable rubber bulb and rubber tube, desirable straight barrel glass tube and high grade float accurately registering cell gravity and complete with shoulders holding float away from walls of glass tube, insuring more accurate reading. Shipping weight, 12 ounces.

28F4851.....45c

Sure-Test Ball Type Hydrometer

Practical inexpensive battery tester of original type. Has one each white, green and red ball. Balls float or sink, depending on the strength of the acid solution in glass tube. Instructions for simple operation. Shpg. wt., 7 oz.

28F9022.....49c

De Luxe Hydrometer-Jar Outht

Inexpensive, popular type outfit. Comprises heavy glass one-half gallon jar for storing distilled water for battery and our 28F4851 De Luxe Hydrometer as listed above. Keep hydrometer in jar when not in use. Shpg. wt., 4½ lbs.

28F7168.....83c

Universal Battery Terminal

Fits positive or negative battery posts of any size or style without soldering. One-piece, gives perfect contact, can be re-used and is quickly and easily attached or detached on any battery. Shipping weight, 10 oz.

28F6669 Per pair.....29c

Hard Rubber Cement

Permanently repairs broken storage battery jars, covers, etc. Use it, too, for repairing or replacing cracked celluloid curtains, for stopping gasoline leaks or as a gasket cement. Two-ounce can. Shipping weight, 4 oz.

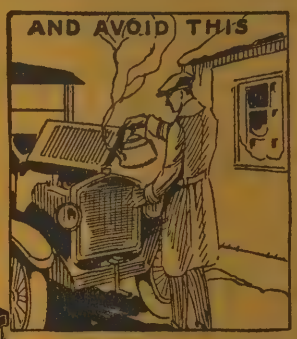
RELIANCE
All Year 'Round
RADIATOR

Guaranteed 18 Months—Against Damage Due to Freezing—



This wonderful Reliance Honeycomb Radiator combines maximum cooling surface with large water channels, permitting free flow of water at all times.

We say, without hesitation, that the Reliance is the best buy for the money that you can find anywhere because—

1—Both honeycomb and extra large water channel features make this a radiator which combines the best points of other radiators.
2—It is interchangeable with standard Ford radiator and shell.
3—It is so constructed that motor vibration or jarring and pounding of heavy road duty will not cause any injury whatsoever.
4—Reliance Radiators are so constructed that we can guarantee them for 18 months against damage due to freezing.

Turn to Page 476 for Standard Car Radiators

Do not patch your old, battered radiator. You can buy a new honeycomb Reliance for a very little more than repairs would cost you.

Radiator Without Shell

28F15198¼—1917-23 type $8.20
28F15196¼—1924-26 type 8.70

Radiator With Black Enameled Shell

28F13255¼—1917-23 type. (See illustration) $8.95

We do not furnish radiators for 1909-16 Ford cars. Shipping weights: Radiators, complete with shell, 47 pounds; radiators, without shell, 45 pounds. Unmailable.

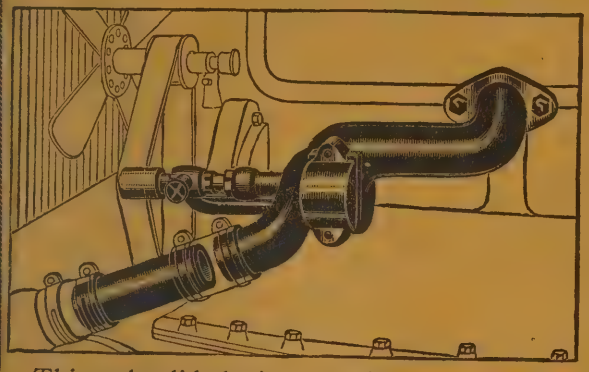
Nickel Plated Radiator Shell

Bring your car up to date with an attractive nickel plated radiator shell exactly as used on the new closed model Ford cars. Two types, as listed below. Shipping weight, either style, 6 pounds.

28F13251¼—For 1917-23 Ford cars. (See illustration) $2.30
28F13253¼—For 1924-26 Ford cars. (Not Illustrated) 2.45

Water Pumps and Heaters for FORDS

Triumph Circulating Water Pump



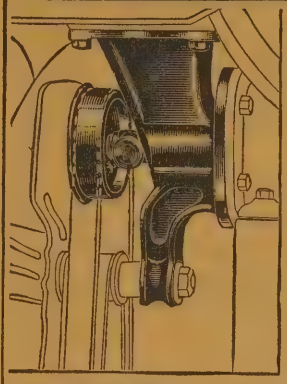
Prevents Freezing
Prevents Overheating

98c

This splendid device greatly speeds up the water circulation and keeps motor at proper temperature winter and summer. Prevents extreme motor heat, the cause of quick alcohol evaporation in Ford radiators in winter driving. Also prevents radiator from freezing while engine is running. Very substantially made. Construction includes large double bearings with outer bearing entirely removed from contact with hot water parts; large outer bearing relieves packing nut of strain, preventing leaks and side wear; has self draining feature, and permits free circulation if fan belt breaks. Use regular Ford fan belt. Complete steel tube and full instructions for attaching. Easily attached, and fits all model Ford cars and trucks, including the new 1926 model. Shipping weight, 6 pounds.

28F13053—Complete.....**98c**

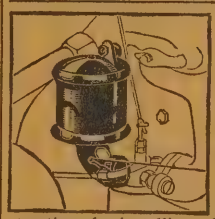
Water Pump for Fordson Tractor



This splendid water pump is guaranteed to keep the Fordson tractor engine cool when operated in even the hottest weather. Pump is self contained, requiring no additional parts. Very simply installed; remove casting which serves as water passage between engine and radiator tank, remove fan and place it on water circulator pulley and install circulator exactly as water inlet casting on tractor is installed. The drive belt fits around pulley on crank shaft directly over the fan belt as shown in illustration. Does not affect the use of governor. This is the simplest and most efficient water circulator made for Fordson Tractors. Send us your order now. Shipping weight, 18 pounds.

28F15284¼—Complete.....**$7.15**

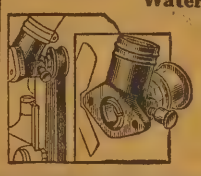
Air Cleaner



Removes all dirt from the air taken into motor through carburetor. Nearly six pounds of dust enters engine in 10,000 miles' driving on dirt roads. Some of this dust enters the oil, causing undue wear on all engine parts. This air cleaner will save expensive motor repairs; it will pay for its cost many times over. Instructions for installing. Shpg. wt., 5¼ lbs.

28F7097.....**$3.95**

Water Circulator



Starts instant circulation with first turn of motor, keeping motor from overheating in summer weather and freezing up in cold weather. Replaces upper water casting. Readily installed. Complete with substantial oak tanned leather belt. Fits 1917-1925 Ford cars. A splendid value. Shipping weight, 3¼ pounds.

28F11097....**$1.35**

Eagle Radiator Cap

Popular, attractive, inexpensive radiator cap, with eagle ornament. Cap is about 6½ inches long, nickel plated, with ball ends. Furnished drilled with hole for inserting screw furnished to fasten ornament in place. Eagle is about 3¼ inches wide from tip to tip of wings. Shipping weight, 11 ounces.

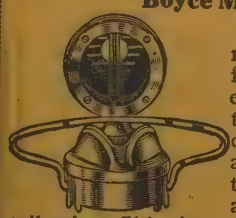
28F6645.....**39c**

Save Your Radiator With a Freezometer

Test the strength of the anti-freeze solution in your radiator this winter and avoid any danger of having your radiator freeze. The float indicates the freezing point of your solution accurately. Shipping weight, 10 ounces.

28F9208.....**48c**

Boyce Motometer

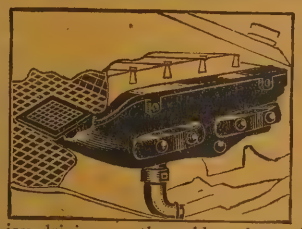


Warns you when motor is overheating from lack of water, oil, etc. Improved construction, having beveled crystals and easily readable broad thermometer tube. Offered considerably below regular retail price. Shipping weight, 1¼ pounds.

28F9423—Complete with ornamental nickel plated radiator cap... **$3.75**

High Grade Auto Heaters

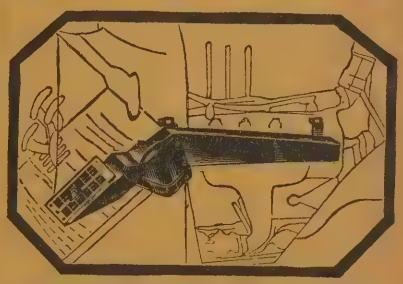
High Grade Majestic Manifold Heater



Why be cold? Purchase one of these dandy heaters and enjoy driving on the coldest days. The cost is very small, considering the great amount of comfort you'll get from a heated car. A high grade, well designed heater, readily attached over engine manifold. Engine heat is conducted to substantial nickel plated register furnished for installing in front floor board. Heat can be turned on or shut off by operating register catch. Substantially made; instructions for installing. Shpg. wt., 10 lbs.

28F10050¼—Complete with fittings... **$3.95**

Kingston Quality Heater



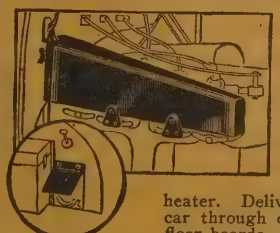
Manifold Type Heater for Fords

This is the handsomest and most efficient Manifold Heater on the market. It is exceptionally well made, and the installation is very simple. It gets on the job the moment the car starts, and heats with clean, pure air.

Buy now at this real bargain price and keep your car warm and comfortable in coldest weather. Shipping weight, 3¼ pounds.

28F10042.....**$2.65**

Low Priced Triumph Heater



Just think of it! An auto heater for only 69c. Will heat your car comfortably and make winter driving a pleasure. Is well made and will give lots of real service. Inexpensive exhaust manifold heater. Delivers warm air into car through dash opening above floor boards. Has shut off register to install in dash. Quickly attached. Sheet steel, black finish. Shipping weight, 2½ pounds.

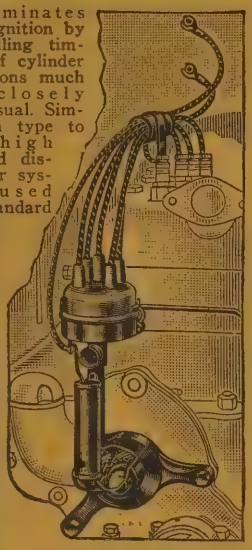
Ignition Equipment for FORDS

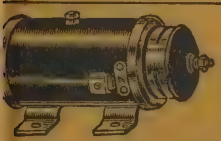
Thomas Ignition System

Eliminates poor ignition by controlling timing of cylinder explosions much more closely than usual. Similar in type to the high priced distributor systems used on standard cars. Distributor head rests on elevated bracket, away from oil, water and dirt of drip pan or from contact with fan belt. Operates with single Ford coil unit, the regular timer and other coil units not being used. Its use means a hotter spark and a smooth, powerful, easy running motor, giving easier starting, quicker acceleration and greater power. Complete with bakelite distributor case, elevated bracket, distributor shaft, hardened steel spiral gears and overhead wiring enclosed in supporting tube. Instructions furnished for installing. Shipping weight, 6 pounds.



28F10057—For battery use.....**$6.10**
28F10568—For magneto use.....**$6.10**

For Special Coil Unit for battery type Thomas Ignition Outfit see 28F10818 below



Special Coil Unit

A coil unit especially designed for use with battery type Thomas Ignition System, described and illustrated above. Shpg. wt., 1 lb.

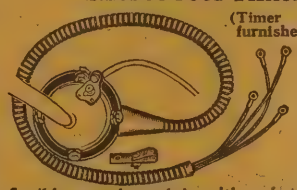
Timers

Short Proof Timer

Substantial short proof timer with bakelite outer case and inner ring or race. Timer requires no oil or grease. Complete with substantial flexible metal conduit enclosing colored timer wires fitted with terminals. Construction prevents short circuits. Inner ring has copper inserts; timer terminals when properly connected under screws prevent loose connections; timer design prevents water entering timer. Complete instructions for installing. Shipping weight, 1¼ pounds.
28F8318—Complete.....**$1.69**

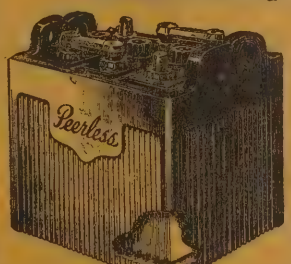
Short Proof Timer Wire



(Timer not furnished)

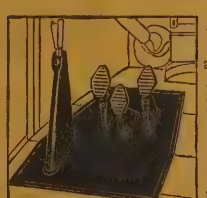
Prevents short circuits caused by oil, water and wear which rot ordinary timer wire insulation. Timer wires are protected by flexible metal conduit with substantial metal ring at one end fitting perfectly around any Ford timer, and metal strip for attaching flexible tubing to radiator rod. Complete instructions for installing. Shipping weight, 9 ounces.
28F11568—Complete.....**$1.29**

Peerless Starting Battery



Peerless Starting Battery for Ford cars equipped with regular Ford (Liberty) Starting System. Comes in 6-volt type. All Peerless Batteries are guaranteed for 18 months. Furnished in our splendid ONE-PIECE COMPOSITION CONTAINER (described and illustrated on pages 462 and 463). Shipping wt., 55 lbs. **(Unmailable.)**
28F17124⅓—Peerless Starting Battery for Ford (Liberty) Starting System.....**$8.95**
Shipped from factory. (See pages 462 and 463.)

Pedal Covers



Protective mat which fits under rug or floor mat with sleeves that fit snugly around the pedals and emergency brake lever, closing all openings. Does not interfere with the operation of the car as the sleeves are flexible and work easily with the pedals. Made of strong, rubberized fabric material, waterproof, durable and very neat in appearance. Shipping weight, 1 pound.

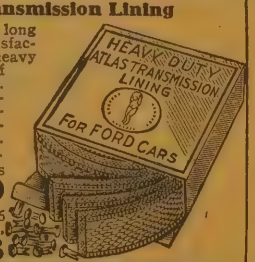
28F9058—For 1926 models. Shipping weight, per set, 1 pound. Set..... **98c**

Heavy Duty Transmission Lining



Will give exceptionally long wear and thoroughly satisfactory service. It is of heavy duty type and woven of superior quality cotton yarn. It will keep soft and pliable under all driving conditions. Complete with rivets, in sets of three pieces. Shipping wt., per set, 12 oz.

28F12069—For models up to and including 1925. Set.. **$1.40**

28F9059 — For 1926 models. Shipping weight, per set, 12 oz. Set..... **$1.48**

Regulation Transmission Band Lining

Well made brake lining, chemically treated to insure long wear and smooth operation. Used for low gear, reverse and transmission brake. (Not illustrated.) Priced very low. For models up to and including 1925. Shipping weight, 13 ounces.

28F11761—Per set of 3 pieces..... **40c**

Oil Distributing Piston Rings

Save oil and gasoline, stop oil pumping and spark plug fouling due to worn cylinders. Use one to each piston. To install, drill a few holes through piston at lower groove and put on ring. Knife edge of oil groove collects surplus oil on down stroke and drains it back through slots provided into crankcase. Instructions for installing. Shipping weight, 4 ounces.

See page 485 for complete display of wrench sets and tools.

Gasoline Filter for 1926 Ford

The lower grades of gasoline, which are sold now, make gasoline filtering an absolute necessity. This remarkable device strains the gasoline through wire gauze, and all dirt and water settle to the bottom of glass bowl. This gasoline filter will check excessive carbon deposits, avoid valve pitting and prevent hard starting and stalling in traffic. Install one now and add years to the life of your motor. Shipping weight, 1 pound.

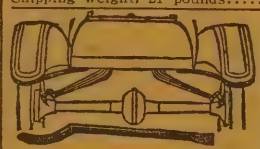
Running Boards and Shields

Well made and furnished in black baked enamel finish.

28F11764¼—Running Boards for 1917-25 Model T Ford cars. Sold only in pairs. Shipping weight, per pair, 16 pounds. Per pair.....**$2.20**

28F15068¼—Running Board Shields for 1917-25 Ford cars. Sold only in pairs. Shipping weight, per pair, 22½ pounds. Per pair.....**$3.65**

Stout Rear Fender Braces



Prevent rattling and vibrating. For open model cars only. Stamped steel. Bolts and screws furnished for bolting to fender and screwing under corner of body. Shipping weight, per pair, 2 pounds.

28F11722—Per pair.....**29c**

Substantial Front Fender Braces

Two-piece. Hook outside ends over fender edge and bolt other ends together, as illustrated. Holes at fastening ends permit wide adjustment. Bolts and nuts for attaching. Pieces 33 inches long, of ¾-inch strap metal, black finish. Shipping weight, 1¾ pounds.

28F5339—Set of 2 pieces, complete, up to 1926.**29c**

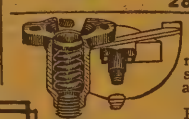
28F15152¼—1926 (not illustrated).....**53c**

Steering Gear Anti-Rattling Ball Sockets

Replaces cap on end of steering gear connecting rod. Spring takes up wear and silences rattles. Easily adjusted with screwdriver. Shipping weight, per pair, 12 ounces.

28F11752—Pair.....**24c**

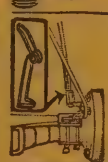
Anti-Rattling Ball Sockets



Replaces cap that holds front axle radius rod in position; spring holds socket against ball, saving adjustment afterward. Shipping weight, 12 ounces.

28F11755
Each.....**24c**

Brake Rod Silencers



For preventing brake rod rattling and reducing wear. Come in sets of four. Illustration shows method of attaching. Shpg. wt., per set, 3 oz.

28F11454
Set of 4.....**18c**

Gas and Spark Rod Anti-Rattler

Stops rattle in gas and spark rods and prevents their slipping down—a cause of engine racing. Shipping weight, per pair, 9 ounces.

28F6652—Per pair.....**27c**

Brake Pull Rod Anti-Rattler

Stops annoying rattle in the pull rods. Shpg. wt., 8 oz.

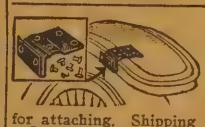
28F6651—Pair.....**27c**

Steel Brake Shoe

Pressed from one piece. Flexible and efficient. Worn linings can be quickly replaced. Furnished in sets of two, complete with brake springs. An excellent value. Will not fit 1926 Ford cars. Shipping weight, per set, 3 pounds.

28F11710—Set.....**95c**

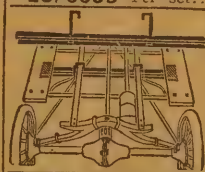
Repair With Fender Fix



For successfully repairing broken or cracked fenders or reinforcing weak fenders. Comprises set of four heavy specially shaped plates, fitting over drop edge and under side of fender. Rivets furnished for attaching. Shipping weight, per set, 10 ounces.

28F6658—Per set.....**43c**

Running Board and Fender Brace Set



Substantial metal angle brace rod with hooks fastening over frame. Shipping weight, 10½ pounds.

28F10112½.....**95c**

Front Cross Member Support

Substantial steel ½-inch round support to prevent cross member from sagging or breaking. Also tightens loose fender arms, supports radiator, strengthens crankcase arms, etc. Readily installed; instructions furnished. Shpg. wt., 2½ lbs.

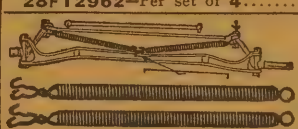
28F9533.....**59c**

Master Shock Absorbers

Well designed, efficient and durable. They replace the spring shackles. Lever action varies according to car load, assuring proper flexibility. Have strong compression springs, practically preventing possibility of breakage of **Attached on Rear** absorbers. Lever stops prevent car springs touching axle. For any model Ford car. Instructions for attaching. Shipping weight, per set of four, 14½ pounds.

28F12962—Per set of 4.....**$3.75**

Straightaway Steersman



Makes desirable tension between steering rod and front axle. Comprises two strong springs with hooks for attaching at steering rod connection and clamp for attaching other end of spring at center of axle. Eliminates rattle. Instructions for attaching. Shipping weight, 3¾ pounds.

28F12576.....**$1.50**

De Luxe Rebound Absorbers

Well designed and unusually substantial. Smothers rebound and checks side sway; does not affect downward spring action. Attached without drilling frame. Comprises a brake drum and durable heavy web strap, together with a strong flexible spring. Readily adjusted. Splendidly adapted for use with either balloon or regular cord or fabric tires.

28F9162—Per pair (one each, front and rear). For touring and sedan models up to and including 1925.....**$6.25**

28F9214—For 1926 touring and sedan models...**$6.25**
Shipping weight, per pair, either type, 17½ pounds.

Standard Spark Plugs-Ignition Parts

We do not furnish, separately, Porcelains for any of the Spark Plugs shown on this page.
For Special Spark Plugs for Ford Cars, see page 437.

Regular Metric Type

Regular equipment for Essex and Hudson 1922-26 cars. Shpg. wt., 5 oz.

Shipping weight, any of above, 2 ounces.

Brake Lining that Wears and Wears

REMARKABLY LOW PRICES ON QUALITY BRAKE LINING

This splendid lining is widely known and used under its regular trade name and sells regularly at prices far above the remarkably low prices we quote. Our excellent quality, together with the lowest prices ever quoted on merchandise of this high grade, has made us the largest handlers of brake band lining sold direct to the user.

This lining is firmly woven of carefully selected asbestos fiber with fine brass wires twisted into each strand of fiber. It is solidly woven, retaining its compactness and form. It has the necessary body for drilling and countersinking for rivets. It is impregnated with a special compound, giving protection against the action of water, oil, grease or dirt. It is tough, strong and enduring as brake lining can be made.

For lining external brake bands, 10 to 16 inches in diameter, cut lining ⅜ inch longer than brake band. Attach ends, allowing lining to bulge in center. To attach ends, mark position of holes, pierce lining with awl, drill the holes, insert rivet with head on outside of brake band and clinch into place with Riveting Tool 28F6049, described and illustrated at right below.

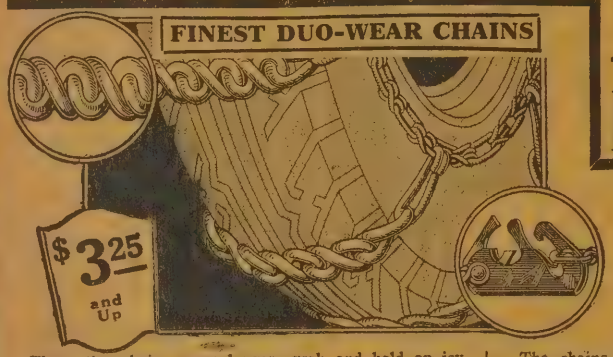
FINEST DUO-WEAR CHAINS



These tire chains wear longer, grab and hold on icy, wet or muddy roads quickly. Cross chains are casehardened and contain three doubly reinforced center links at the point of greatest wear. Will give double the ordinary wear. Note the illustration showing the excellent style fastener. It takes up wear, tightening side chain about 1 inch in closing. Easily closed; cannot open in use.

Put on Chains When It Rains

Don't take chances! Put on chains for muddy, slippery roads. Carry them along! Reduce danger of skidding when driving or applying brakes quickly on slippery roads; get better traction for pulling out of mud or sand.

The chains listed below are of regulation type with genuine casehardened cross chains and rustproof side chains. Same splendid lock fastener as used on Duo-Wear Tire Chains described and listed at left. Cross chains do not have the reinforcing center links furnished with our Duo-Wear Chains. The chains listed below are the biggest chain value you can buy in a sturdy, well made, low priced skid chain.

Bargain Wind Shield Wiper

You can't afford to drive in stormy weather without an automatic wind shield cleaner, when you can buy our splendid Triumph Cleaner for little more than the price asked for many hand cleaners. You will have both hands free for steering, shifting gears, etc. You have a clear view of the road and traffic ahead, making driving safer and more pleasant.

This high grade cleaner works from engine suction. Install on upper wind shield frame, as illustrated, attach rubber hose furnished, drilling hole in intake manifold. Operates by turning button. Black enameled finish. Clips and screws for securely attaching hose to car body. Wiping arm has high grade rubber strip. Has attachment permitting using wiper as hand cleaner when only occasional stroke of wiping arm is needed to keep wind shield free from rain. Shipping weight, 1⅝ pounds.

28F5014 ..... **$1.50**

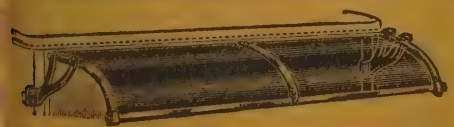
28F7770—Wiping Arm only, for use with any automatic wind shield cleaner. Shipping wt., 2 oz. **20c**

28F7768—Rubber Hose only, for use with any automatic wind shield cleaner. Shipping wt., 6 oz. **15c**

Universal Wind Shield Cleaner

Well made, substantial, wonderfully low priced cleaner fitting any open car wind shield. Has permanent spring pressure. Handy handle for operating, heavy rubber cleaning strip. Shipping weight, 9 ounces.

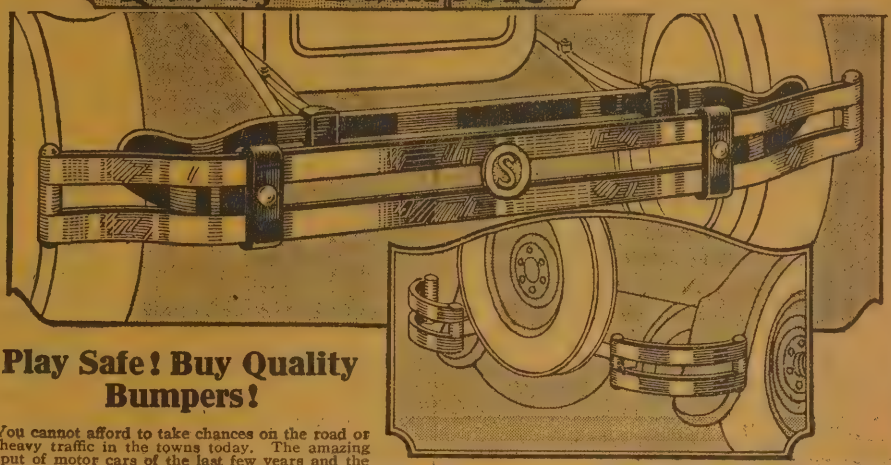
28F6601 ..... **24c**



Up to date, attractive; made of heavy colored transparent celluloid, well adapted for softening sun or headlight glare for driver. Has rustproof aluminum frame of attractive design. Strong and rigid. Has adjustable bracket fastening to open car wind shield frame; on closed cars screw bracket into wind shield panel. One size, about 38 inches long. Fits any car, open or closed, except those with V type wind shields. Shipping weight, 5 pounds.

28F15156¼ **$2.85**

Quality Bumpers



Play Safe! Buy Quality Bumpers!

You cannot afford to take chances on the road or in heavy traffic in the towns today. The amazing output of motor cars of the last few years and the increasing number which are being sold each year, have brought about a congestion on streets and highways never before known. GOOD bumpers have saved countless lives, to say nothing of material damage to automobiles.

A good, dependable bumper is worth whatever you have to pay for it. Those we list rank with the best in construction, efficiency and long life, although the prices are far below what you are ordinarily asked to pay for bumpers of as high quality.

These are of the latest popular type, made of high grade carbon, oil tempered, heat treated spring steel. Their great strength, together with the two-parallel bar construction and wide spread, insures greater protection to car and occupants in case of collision. Bars and small parts are nickel plated on copper and polished. Clamps have turnover tips and special bridge back block holding bumper bars absolutely tight and preventing shifting or rattling. Substantial flat brackets of 2⅝-inch steel, readily attached. Shipping weights; rear bumpers, 48½ pounds; front bumpers, 53 pounds.

A Splendid Rim Tool—Specially Priced

For quickly removing and replacing tires on practically any demountable rim that splits across. Tool both contracts and expands rim. Folds like a jackknife for storing in car. Instruction for using and illustrations showing method of operation on Kelsey, Baker, Detroit, Stanweld, etc., rims. Shipping weight, 6¼ lbs.

28F5114..... $2.48

28F5115—For Fords, Chevrolet, etc. Shipping weight, 7¼ pounds..... $2.90

28F5113—For Overland, Chrysler, etc. Shipping weight, 7¼ pounds..... $2.90

This will take care of rims 20 inches in diameter by 4 inches wide.

Tire Locking Cable

Galvanized steel wire cable, heavy braid covering. Reinforced ends; about 40 inches long. Shipping weight, 13 ounces.

28F8083—Cable only... 72c

Keyless Combination Tire Padlock. Shpg. wt., 7 oz.

28F11195..... 65c

Emergency Steel Tow Line

Special steel rust resisting tow line. Comes 18 feet long, ⅝ inch thick, with two 1-foot rope slings for attaching line to car without scratching. The holdfast hooks, clip and slings prevent rope slipping out of position. The hooks are clipped on, permitting adjusting length of rope to conform with state laws. Shpg. wt., 3¾ lbs.

28F7029..... $1.90

Rubber Pump Tubing

Inside Diameter Given

28F4950—⅜-inch. Shpg. wt., per foot, 2 oz. Per foot..... 8c

28F4951—¼-inch. Shipping weight, per foot, 3 ounces. Per foot..... 9c

Apex Pump Connection

Fasten to free end of foot pump hose. Turn arm to quickly and securely attach over tire valve stem. Shipping weight, 2 oz.

28F4890..... 18c

Repair Links for Skid Chains

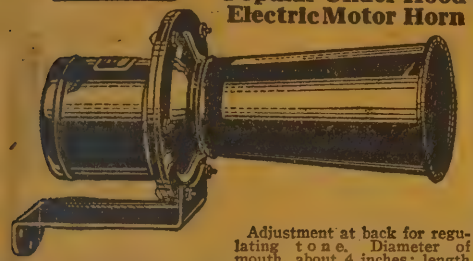
Avoid the noise of broken skid chains hammering against your fenders. Use these repair links to replace broken links in your cross chains. Priced remarkably low! Come 50 in bag. Shipping weight, 1 pound.

28F11618—Bag..... 30c

For our complete listing of Skid Chains see page 476

TIRE COVERS-HORNS And Other Necessary Accessories

Popular Under Hood Electric Motor Horn



Adjustment at back for regulating tone. Diameter of mouth, about 4 inches; length over all, about 10⅛ inches. Cord and push button not furnished. An unusually big value. Shipping weight, any type, 3 pounds.

28F2607—6-8-volt type, with bracket for mounting on engine having removable cylinder head (bracket not illustrated)..... **$2.48**

28F2606—Horn, with dash bracket (bracket not illustrated)..... **2.55**

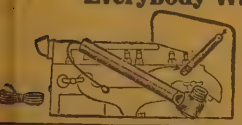
28F2608—12-16-volt type with bracket for mounting on engine (as illustrated)..... **2.70**

Standard Electric Motor Horn

Splendid, large size electric motor horn with deep powerful tone. Length, over all, about 12½ inches; diameter at mouth, about 7¼ inches. Has handy, easily operated adjustment at back for regulating tone. Use with 6-volt battery. Cord and push button not furnished. A remarkable value. Shipping weight, 4¼ pounds.

28F2610—Under hood type, complete with dash bracket..... **$3.98**

Everybody Wants a Siren



Plays a variety of notes. Attach to exhaust manifold and operate by simply pulling cord. Attach cord to dash or steering wheel column. Shipping weight, 1¼ pounds.

28F9163..... **95c**

Splendid Dash Clock

Erie Clock. Popular priced, high grade 8-day clock. Has 2¼-inch black dial, nickel plated rim. Over all front diameter, 3 inches; depth (front to back), about 2¼ inches. Lever wind, stem set. Complete with screws and bolts. Shipping wt., 1⅞ lbs.

28F6356—Per foot.....**2c**

Gasoline Filter

The lower grades of gasoline, which are sold now, make gasoline filtering an absolute necessity. This remarkable device strains the gasoline through wire gauze and all dirt and water settle to the bottom of glass bowl. This gasoline filter will check excessive carbon deposits, avoid valve pitting and prevent hard starting and stalling in traffic. Install one now and add years to the life of your motor. Fits all cars having vacuum tanks. Shipping weight, 1 pound.

28F11293.....**95c**

Clutch Facings

High quality clutch facings with firm solid weave, heavier than the average. Made from high grade long fiber asbestos, treated with heat, oil and wear resisting compounds. Made resilient to engage smoothly and solid enough to give long wear.

Safety Blue Bulbs

For Headlights and Spotlights

The latest development in good lighting. In these blue bulbs the light rays are changed to give a color effect almost like daylight. They are especially effective in the fog or rain and on dark or muddy roads. When properly focused they do not glare or dazzle drivers met on the road.

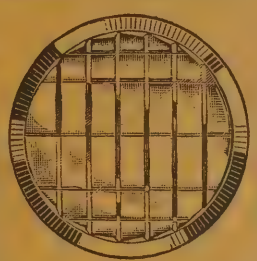
Liberty Headlight Lenses



A new and improved type of headlight lens which spreads light rays wide enough to clearly illuminate sharp curves. There are six perpendicular recesses in the face of the lens which diffuse the light sidewards. Seven transverse prisms in the rear bend the light rays down on the road, giving a splendid sidelight as well as a good driving light over 200 feet in front of the car.

The Liberty Lens has the highest rating in all states. Make your night driving safe as well as a pleasure with a new pair of Liberty Lenses.

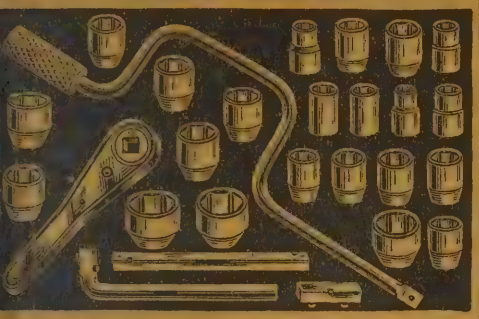
★ For Ford Cars. Shipping wt., any of above, 3 oz.

Poor compression and loss of power are often due to the worn condition of piston rings. The excess oil passing worn rings forms carbon and fouls the spark plugs, causing irregular firing.

De Luxe Wrench Set



A high grade, up to date wrench set with broached sockets of solid bar steel stock. Set includes speed wrench 20 inches long, with milled revolving handle, about 8½-inch nickel plated steel reversible ratchet wrench handle. 7¾-inch offset handle, about 4¼ and 8½-inch extension bars, nineteen hex sockets with opening sizes ranging from 7/16 to 1¼ inches in 1/16 or 1/8-inch variations and three square sockets, ½, 9/16 and 5/8-inch opening sizes. Shipping weight, 8 pounds.

28F4574—Complete $3.78

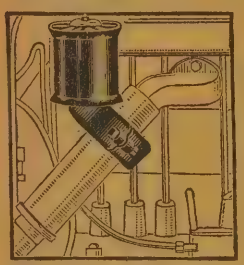
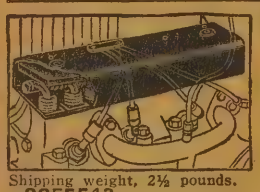
Air Cleaner—Protects Your Engine



Splendid device recently added as regular equipment on many cars. It removes all dirt from the air taken into motor through carburetor. Nearly six pounds of dust enter engine in 10,000 miles' driving on dirt roads and a considerable amount even when driving on concrete roads. Some of this dust enters the oil, causing undue wear on all engine parts. This air cleaner will save expensive motor repairs; it will pay for its cost many times over. Complete instructions for installing. Shipping weight, 5¼ pounds.

28F7096..... **$4.50**

Valve Covers



Black, baked enamel, heavy steel covers. Felt covers valves, muffling valve noise, and lubricates them. Keep felt saturated with oil, oiling through oil holes in cover. A popular, practical device. Easily installed.

Shipping weight, 2½ pounds.

28F5543..... **62c**

Oil Distributing Piston Rings

Save oil and gasoline, stop oil pumping and spark plug fouling due to worn cylinders. Use one to each piston. Surplus oil is drained back into crank case. Instructions for installing. Shipping weight, 4 ounces.

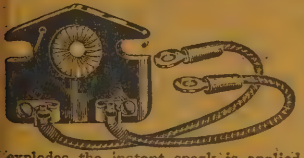
28F15061—Rear Absorbers. Per pair.....(Shpg. wt., per pair, 11 lbs.)..... **5.95**

Start Your Motor Instantly In Any Weather



Install a Heatizer on your carburetor and you will have no trouble starting even in coldest weather.

Attached between carburetor and intake manifold, this heating unit, controlled from the dash, heats the mixture as it leaves the carburetor. Current supplied by generator. This delivers a "hot" mixture to cylinders which explodes the instant spark is applied.

By further vaporizing the mixture before it enters the cylinder, the Heatizer gives you, from low test gasoline, the effect of high test. This gives your motor "pep" in starting and running and decreases carbon deposits.

Saves your battery because it starts motor at a whirl of the starter.

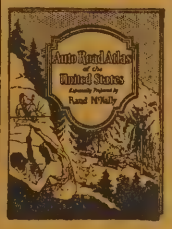
Saves gas because proper temperature for ideal combustion is maintained summer and winter, so that you can close your needle valve considerably with satisfactory results.

Full directions furnished so that you can install it yourself. Our model fits Fords and all cars with 1-inch intake manifold.

You will marvel at the improved performance of your motor. Shipping weight, 8 ounces.

28F9121—Fuel Heatizer..... **$1.89**

Plan Your Tours at Home



With this complete official U. S. Auto Trails Guide, especially compiled for us by Rand, McNally & Co., you can plan all your summer trips at home. The ELGIN Motor-Bike

$29.95 Coaster Model

THE TERM "MOTOR-BIKE" has reference to the type of frame, meaning that it is built on the order of a motorcycle.

A bright, lustrous finish; famous for its wearing qualities

Yes, Sir! It's a Beauty

Our splendid Elgin Motor-Bike is furnished in the famous "DUCO" finish, but is bright and lustrous instead of the regulation satin finish.

Other Features of ELGIN Motor-Bike Model Leadership

Tires

The famous Indiana Red Seal White Tread Tires, 28x1½-inch size. (See page 491 for detailed description and illustration of these splendid tires.)

Handle Bars

Famous De Luxe Motor-Bike Bars of forward extension type. Complete with substantial reinforcing bar with diamond tapered ends. Up to date type sewed leather grips, about 6 inches long.

Front Fork

Approved motor-bike type

Tool Box

Attractive tank tool box large enough to hold pump and all other handy tools. A real motor-bike feature. Conveniently located between top frame bars.

Pedals

Motor-bike type corrugated rubber pedals, with pedal rubbers removable or adjustable.

Chain

3/16 x 1-Inch Diamond Roller Chain.

Hanger

One-piece drop forged crank with hanger lock ring. Well designed sprocket, 2 teeth, of light weight. Has 7-inch tapering pedal crank.

Finish

An attractive tan, with red panel on top frame bar. Mud guards match frame finish.

All enameled parts are finished in lustrous "Duco." This famous finish is very widely used on many of the latest and best known makes of automobiles, being one of the best wearing finishes made. We are furnishing this splendid "Duco" in the bright, lustrous finish, instead of the regulation satin effect. The many nickel plated metal parts complete a most attractive appearance.

A Leader Among Motor-Bikes

The latest ideas in up to date bicycle manufacturing combined with sturdy reliable construction make the Elgin Motor-Bike one of the finest bicycles on the market today. The remarkably fine finish of this bike is quickly recognized and universally appreciated. We are offering this wonderful bicycle at a price easily $10.00 to $15.00 lower than you are usually asked for a bicycle of similar type.

Note These Features:

Frame

Up to date motor-bike frame of approved truss type. Made of 1-inch seamless steel bicycle tubing, with thoroughly reinforced flush joints. Patterned after standard motorcycle frame design.

Size

Furnished in 22-inch size only, with dip in top frame bar, making it practical to raise or lower the seat post to permit comfortable riding for practically anyone who can ride a 20, 22 or 24-inch diamond frame bicycle.

Mud Guards and Stand

Mud guards are of drop side style, front guard fitted with rubber splasher and rear guard with stand lock clip. Substantial motor-bike type stand fastening to clip on rear mud guard when bicycle is being ridden.

Saddle

High grade comfortable riding Troxel saddle of motor-bike type, with good grade leather top. Has beehive type cushion springs, black finish. Size of top, length over all, about 10¾ inches; width, about 8¼ inches.

Wheels and Rims

Nickel plated steel rims, crescent cement type, for 28-inch tires. Both front and rear wheels have 36 spokes. Front hub is spindle type; rear hub, New Departure Coaster Brake Hub.

Tool Equipment

Heavy leather tool bag, reinforced with black metal ends. Has nickel plated clasp and ring. Equipment includes telescope type bicycle pump, bicycle wrench, tube of tire repair cement and oiler.

DUCO

Duco—a new, beautiful and enduring finish that is now used on the finer automobiles is also used on our famous Elgin bicycles. Duco will not chip or crack, it is not affected by grease or grit, it will retain its original luster for years. All you need to clean an Elgin bicycle is a damp cloth. A Duco-ed Elgin always looks new!

Girls' Coaster Model—

As in the women's model shown above, we have spared no effort in making this Girls' Elgin Model a leader among girls' bicycles.

This model is of the same high grade construction as our Women's Elgin Model number 28F1345¼.

It is beautiful in finish and as easy running and substantial as a bicycle can be made.

We are offering you this model at a price that will afford you a substantial saving and give you the service and satisfaction you have a right to expect. Satisfaction guaranteed or your money back.

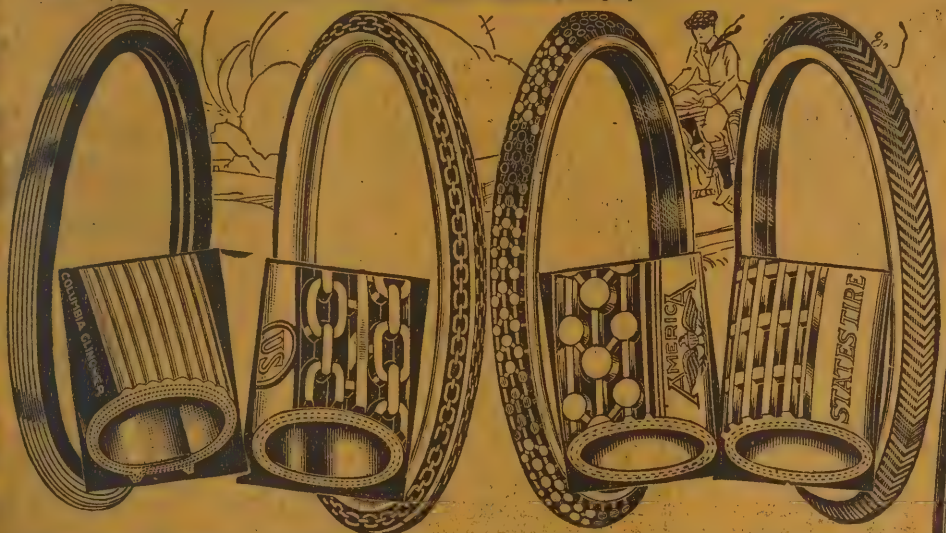
Our Girls' Elgin Model is made with a 16-inch combination frame and 26-inch wheels. For comfortable riding the distance from the seat to lowest pedal is adjustable from 18 to 26 inches. Drop style frame equipped with laced skirt guard. The adjustable reversible handle bars are fitted with popular type sewed leather grips. The tire equipment is the well known Indiana Red Seal White Tread Tires, 26-inch size. (For description and illustration of these tires, see page 491.) Both front and rear wheels are equipped with mud guards, the front guard being fitted with splasher, the rear guard with stand lock clip. Stand comes in dull nickel finish. Equipped with Juvenile Troxel Saddle, with beehive cushion springs. Special rubber pedals, comfortable and durable, with adjustable pedal rubbers. Has a 1-inch pitch roller chain. Complete with tool bag, with bicycle wrench, hand pump, tube of tire repair cement and oiler. Furnished in attractive tan, with green panel on one drop frame bar and on fork sides. Bright "DUCO" finish throughout. Nickel plated steel rims. Mud guards match frame finish.

28F1343¼—Girls' Model ELGIN Bicycle, equipped with New Departure Coaster Brake. Shipping weight, 55 pounds..... **$25.95**

Standard Bicycle TIRES

All bicycle tires are priced singly or each, not in pairs. If a pair is wanted, order two tires at twice the price of one.

You can change a porous single tube tire into a satisfactory double tube tire by splitting the tire open near valve stem, inserting inner tube after making lacing holes in tire and lacing up.



Columbia Clincher Casings

Fit both G. & J. style wood rims and steel clincher rims. They have a corrugated, wear resisting, anti-skid tread. They are easily attached and detached, punctures being repaired without removing the wheel from the frame.

NOTE—Furnished complete with tubes on your new bicycle at an additional price of $2.75 to the regular catalog price of the bicycle.

28F1801—Sizes, 28x1½ or 28x1⅝ inches. **Specify size wanted.** Shipping wt., 2¾ pounds. Each..... **$2.45**

For Tubes for above see 28F1916 Tubes at right below.

United States Clincher

28F2031—U. S. Chain Tread G. & J. Clincher Casings. Size, 28x1½ or 28x1⅝ inches. **State size.** Each..... **$2.80** Shipping wt., 2½ lbs.

28F1877—U. S. Corrugated Tread G. & J. Clincher Casings. Sizes, 28x1½ or 28x1⅝ inches. **State size.** Each..... **$2.65** Shipping wt., 2½ lbs.

It's Easy to Order From the World's Largest Store. See Order Blanks in Back of Catalog.

America Studded Tread Tires

Red Tread and White Side Walls

Single Tube, Cement-On Type

America tires are noted for their resiliency or liveliness. An inside rubber air chamber is treated to make most small punctures self healing.

28F1804—Size, 28x1½ inches. Each **$2.20**

28F1827—Size, 26x1½ inches. Each.. **2.15**

28F1828—Size, 24x1½ inches. Each.. **2.10**

28F1873—Size, 20x1½ inches. Each. **2.05**

Shipping weights, 3⅛, 2⅝, 2⅜ and 1¾ pounds, respectively.

States Tires

We will ship tires of the same tread design on all orders for two tires.

These tires duplicate in quality standard brand tires sold by the same tire factory at much higher prices. A variety of tread designs, two of which are shown. Colored tread anti-skid type, dark color side walls. We will select the tread design according to our stock conditions. All tires are single tube cement-on style.

28F1898—Size, 28x1½ inches only. Shipping weight, each, 2½ pounds. Each..... **$1.75**

Indiana Red Seal

A splendid, well known, white tread bicycle tire. Has a heavy wear resisting tread, yet is very resilient and easy riding. Regular equipment on all our Elgin bicycles. Note the striking illustration, showing the strength of the tire construction, the rubber friction resisting the pulling strain of 250 lbs. Single tube cement-on type only.

28F1826—Size, 26x1½ inches. Each..... **$2.75**

28F1833—Size, 28x1½ inches. Each... **$2.85**

Shipping weights, 2½ and 3 lbs., respectively.

It Costs But Little

For enameled rims add 22 cents. See "Bicycle Rims" at left.

Cement on type wheels have a coat of hard cement. Moisten with gasoline before putting tire on. All wheels have spindle hubs. Sprockets for rear wheels come 9-tooth for 1x⅝-inch chains (7, 8 and 10-tooth also furnished). Hubs come with 18-tooth sprocket for ½-inch chains (14, 16 or 20-tooth also furnished). **In ordering state number of sprocket teeth.** Always order wheels by tire size, not rim size. Adults' bicycles (20, 22 and 24-inch frames, also motor-bikes) have 28-inch tires. Children's bicycles (16 and 18-inch frames) take 24 and 26-inch tires respectively. Wheels for children's bicycles come in red, black striped or in khaki brown, cream color centers. State color. Elgin Bicycles for Boys and Girls have 26-inch tires.

Automobile Oils

Special Non-Chattering Oil for FORDS

Makes Your Ford Car Ride Easy

This Special Non-Chattering Oil will solve the problem of proper lubrication for the planetary transmission by allowing the bands to operate smoothly and without gripping the drum, which is the real cause of chattering. The whole motor will benefit by this improved lubrication to such an extent that in some cases the mileage is increased from 10 to 20 per cent on a gallon of gas. Less carbon is formed, thereby insuring clean spark plugs and eliminating sticking of valves. We feel certain that every Ford owner will appreciate the fine qualities of this oil once he has used it.

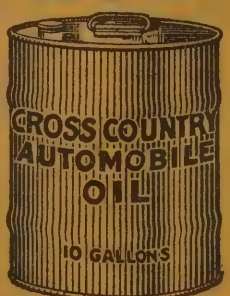
CROSS COUNTRY AUTO OIL

Guaranteed 100% PURE PENNSYLVANIA OIL



A Pennsylvania Oil

Good oil is as necessary to a car as good gas, and Cross Country Oil IS good oil! It is the best oil we can find and we unhesitatingly guarantee its fine quality.

Get out of the habit of saying, "Give me a quart of oil." Mixing different kinds of oil is almost as bad as continually using poor oil. Keep a barrel of our High Grade Cross Country Oil in your garage and be sure of using the same kind of oil all the time. You will find it both convenient and economical and a great advantage over the old way of stopping anywhere and everywhere to get any kind of oil at any kind of price. Order a steel barrel of this oil and try it out. If not perfectly satisfied in every way, send back what you have left and we will return your money, including all transportation charges. Each steel barrel is equipped with a non-leakable faucet, making it handy to use.

Order Light, Medium, Heavy or Extra Heavy, whichever you have been using, or specify the make and model of your car and we will send the right oil.

Longlife Harness Oil..1 Gal., 60c

Since harness seldom wears out until it dries out, it is real economy to keep it well oiled. Rain, sun, dust and perspiration shorten the life of harness because they dry up the natural oil. This is a special high grade compound oil containing neatsfoot and other leather oils that will renew harness, make it pliable and prevent leather from cracking. It contains sufficient coloring matter to color the cracks in old harness and make the leather look like new without injury to it. Send us a trial order; if you are not satisfied after a fair trial, send back the balance of the oil and your money will be promptly returned.

30F3410—Harness Oil.

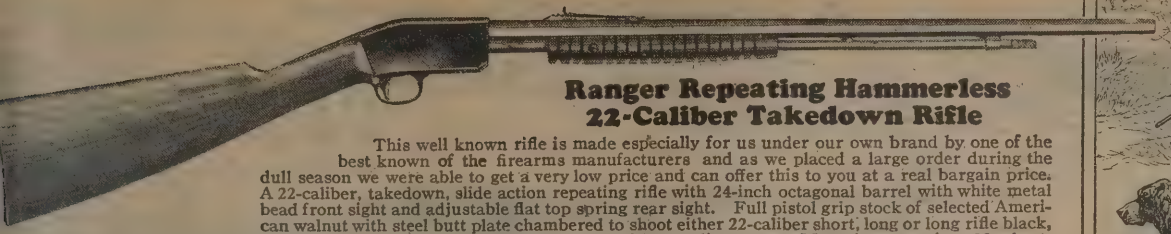
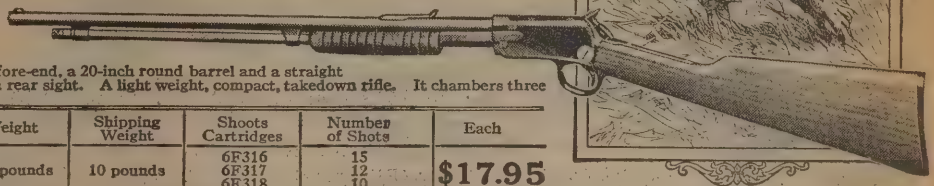
Small Bore Rifles - Big Money Savers



Ranger Repeating Hammerless 22-Caliber Takedown Rifle

This well known rifle is made especially for us under our own brand by one of the best known of the firearms manufacturers and as we placed a large order during the dull season we were able to get a very low price and can offer this to you at a real bargain price. A 22-caliber, takedown, slide action repeating rifle with white metal bead front sight and adjustable flat top spring rear sight. Full pistol grip stock of selected American walnut with steel butt plate chambered to shoot either 22-caliber short, long or long rifle black, Lesmok or smokeless rim fire cartridges without adjustment. Magazine capacity, 20 short, 17 long or 15 long rifle cartridges. We highly recommend this rifle, for you cannot purchase a more durable, dependable, accurately shooting rifle at any price. Weight, 5¾ pounds. Shipping weight, 10 pounds.

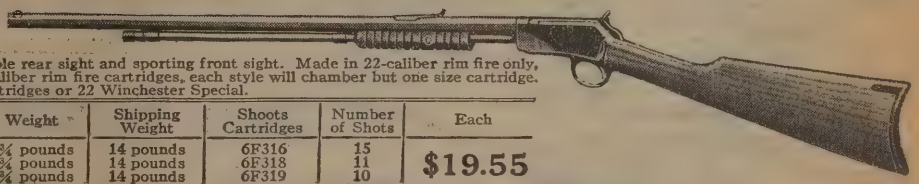
6F184 ..... **$15.45**



Winchester Model 1906 Repeating Rifle

The 1906 Model is very similar to the 1890 Model. Has a plain fore-end, a 20-inch round barrel and a straight grip stock. Fitted with a sporting front sight and adjustable open rear sight. A light weight, compact, takedown rifle. It chambers three styles of cartridges, 22 short, 22 long and 22 long rifle.

Catalog No.	Model	Caliber, All Rim Fire	Barrel	Weight	Shipping Weight	Shoots Cartridges	Number of Shots	Each
6F174¼	1906	22	20-in. Round	6½ pounds	10 pounds	6F316 6F317 6F318	15 12 10	$17.95



Winchester Model 1890 Repeating Rifle

This rifle is fitted with 24-inch octagon blued barrel; adjustable rear sight and sporting front sight. Made in 22-caliber rim fire only, and although we can furnish rifles for three different sizes of 22-caliber rim fire cartridges, each style will chamber but one size cartridge. A rifle chambered for 22 short cartridges will not take 22 long cartridges or 22 Winchester Special.

Catalog No.	Model	Caliber	Barrel, Inches	Weight	Shipping Weight	Shoots Cartridges	Number of Shots	Each

Shotgun Shells

Xtra Range Smokeless Shells

As the result of the special progressive burning powder with which this shell is loaded it actually gives 15 to 20 yards greater range and holds a closer, uniform pattern even at the maximum distance. This special smokeless powder develops great energy with very low breech pressure and light recoil, making a fast, hard hitting, close shooting, extra long range load. Loaded in a special steel locked shell which represents the strongest and best type of construction known. Loaded with uniform size, selected **chilled** shot only.

Sears, Roebuck and Co.

Gentlemen:

In trap shooting contests held all over the country, I have always found your shells consistently satisfactory. The shot neither bunches, nor scatters too much, assures maximum effectiveness, and makes a very uniform pattern under all conditions, particularly where perfect accuracy in rapid firing is required.

Sears, Roebuck and Company's shells have my hearty and unqualified endorsement.

Very truly yours,
GEO. F. HENNEBERRY

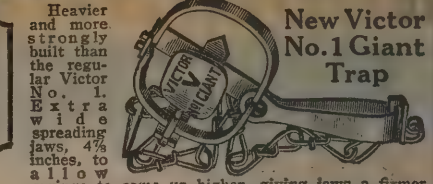
54c

Newhouse Double Jaw Traps

Newhouse No. 91. Same size as No. 1 Newhouse. The double jaws take a firm grip on the animal. Jaws spread 5⅛ inches. Complete with chain. Shipping weight, each, 1¼ pounds.
6F5232—Each, 54c, dozen.....$5.68

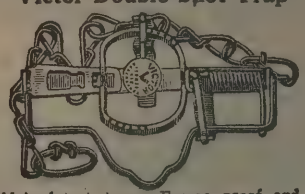
Trap as above, **Newhouse No. 91½**, corresponds in size with the No. 1½ Newhouse. Spread of jaws, 6¼ inches. Shipping weight, each, 1⅝ lbs.
6F5233—Each, 72c; dozen.....$7.46



New Victor No. 1 Giant Trap

Heavier and more strongly built than the regular Victor No. 1. Extra wide spreading jaws, 4⅞ inches, to allow springs to come up higher, giving jaws a firmer and tighter grip; non-freezing, non-clog. Especially adapted for skunks, muskrats and mink. Shipping weight, each, 1¼ pounds.
6F5211—Each..... **22c**
Per dozen.....$2.27

Victor Double Shot Trap



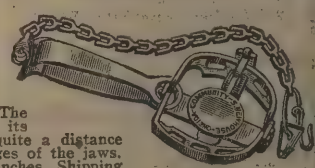
Oneida's latest trap. Escape proof and gnaw proof. A sure shot for land or water sets. When jaws close on the animal's leg the striker bar is released, striking the animal a terrific blow and holding him down so that escape is impossible.

Size 2 for muskrats and small animals. Shipping weight, each, 2 pounds.
6F5208—Dozen, $4.26; each..... **41c**

Size 2½. For muskrats, mink, skunks, etc. Shipping weight, each, 2½ pounds.
6F5209—Dozen, $4.97; each..... **48c**

Newhouse Webbed Jaw Traps

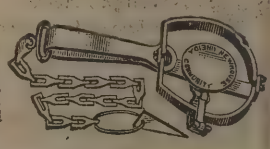
Newhouse No. 81 Trap



With webbed jaws. The animal can gnaw off its leg only at a point quite a distance below the meeting edges of the jaws. Spread of jaws, 4⅛ inches. Shipping weight, each, 1¼ pounds.
6F5231—Each, 49c; doz..$5.11

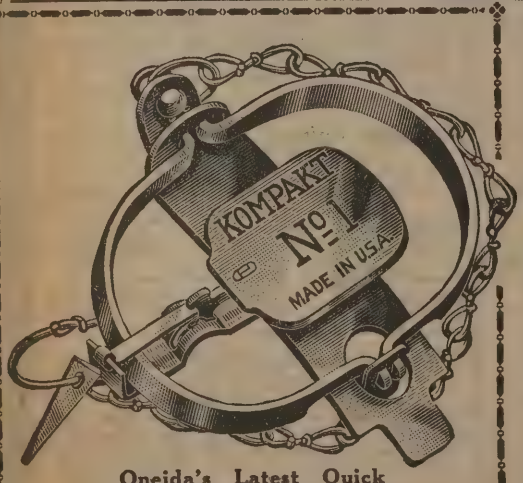
Genuine Newhouse Traps

Single Spring Otter and Beaver Traps



Newhouse No. 2½, designed in response to requests from old and experienced trappers. Raised plate on pan can be easily detached. Spread of jaws, 5⅛ inches. Shipping weight, each, 2½ pounds.
6F5224—Each, $1.50; dozen.....$15.62

Newhouse No. 3½ Otter Traps. Single spring with chain. The No. 3½ Newhouse was designed for use where the otter grows unusually large. Heavier than the No. 2½, spread of jaws is greater and spring stiffer. Spread of jaws, 6⅝ inches. Shipping weight, each, 3¾ pounds.
6F5226—Each, $1.63; dozen.....$17.04



Oneida's Latest Quick and High Catching Trap

With chain. A new light weight trap with strong spring and sure-grip jaws. Has a very wide jaw spread and lies very flat. Is quick and dependable.

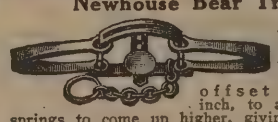
Size 1—For muskrat, skunk, opossum, marten, etc. Shipping weight, each, 10 ounces.
6F5242—Each..... **10c**
Dozen.....$1.15

Newhouse Wolf and Panther Trap

Newhouse Trap No. 4½

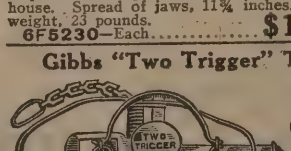
Spread of jaws, 8⅜ inches. Complete with a drag, a heavy snap and 5-foot heavy chain. Shipping weight, each, 9 pounds.
6F5228—Each, $3.67; 6 for...$20.13

Newhouse Bear Trap



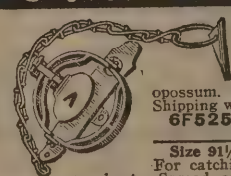
No. 15. With chain. New model, with jaws having an offset of ¾ of an inch, to allow the springs to come up higher, giving the jaws a firmer and tighter grip. This improved trap takes the place of the old No. 5 Newhouse. Spread of jaws, 11¾ inches. Shipping weight, 23 pounds.
6F5230—Each..... **$11.43**

Gibbs "Two Trigger" Trap



Two traps in one; the inner trap catches by the leg, the same as an ordinary trap and holds the animal while the outer trap gets the grip that keeps animal tight. Lays very flat and is positive in action. One size only. Will catch and kill muskrat, mink and martin; catch and hold skunk, raccoon, opossum, woodchuck. Shipping weight, each 1¼ lbs.
6F5210—Each, 55c; dozen... **$6.00**

Oneida Jump Traps



No. 91. Oneida. Latest pattern Double Jaw Trap with chain. Same size as No. 1 Jump Trap. For catching skunk, muskrat and opossum. Spread of jaws, 4¾ inches. Shipping weight, 14 ounces.
6F5251—Each..... **33c**
Dozen.....$3.41

Size 91½. Same as above, but larger. For catching mink, skunk, raccoon and muskrat. Spread of jaws, 5⅛ inches. Shipping weight, each, 1 pound.
6F5252—Each..... **44c**
Per dozen.....$4.54

Size 3. With chain. Spread of jaws, 6¾ inches. For otter, wildcat, lynx, beaver and fisher. Shipping weight, each, 1⅞ pounds.

Highest Quality FISH

Superior Straight Drag Seines

To catch fish a seine must be made with enough netting so that while it is being hauled the web will bag properly and prevent fish from escaping. Our seines are made with enough netting to meet every requirement. They are hung on one-third basis, on a good grade of tarred net rope. Top line is single, bottom lines are double, one right and one left lay. The reverse twists prevent seine from rolling. Fitted complete with floats and leads. **When ordering be sure to give catalog number and state length, depth, size of mesh and size of twine.** Prices for seines do not include hauling lines or brails.

Fittings—On seines 4 and 5 feet deep, 2½x3-inch floats are used, spaced 3 feet apart; on seines 6, 7 and 8 feet deep, 2½x4-inch floats are used, spaced 3 feet apart; and on seines 10 and 12 feet deep, 3x4-inch floats, spaced 3 feet apart. All depths are fitted with No. 9 leads, spaced 18 inches apart, one under each float and one between.

This applies to seines 100 feet or less, whereas on seines over 100 feet in length and 8 feet in depth and deeper, we would use 3x4-inch floats, spaced 3 feet apart.

Shipping Weights of Seines

A seine 4 feet deep, 1-inch mesh, made of No. 12 twine, weighs (packed) 8 ounces to the running yard; 4 feet deep, ¾-inch mesh, No. 12 twine, 12 ounces to the running yard; 6 feet deep, 1-inch mesh, No. 12 twine, 14 ounces to the running yard; 10 feet deep, 1-inch mesh, No. 12 twine, 1¼ pounds to the running yard.

Seines made of No. 16 twine weigh one-third more than seines made of No. 12 twine. Weights on other sizes in proportion.

Sizes marked (*) are carried in stock. Allow four to six days to ship other sizes

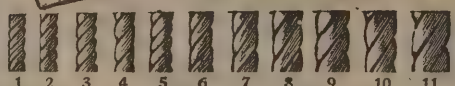
Why You Should Buy Your Nets From Us

We take practically the entire output of one of the largest fish net factories in the United States and therefore control the quality. Our Netting is knit of selected twine and thread made especially for fishing purposes. It is the best quality netting manufactured. All fittings are the best. Each net is carefully made by experienced workmen, with plenty of netting to allow the fullness or slack which is necessary to fish well and wear well.

We guarantee all sizes of mesh and twine, also length and depth to be just as specified.



Cotton Trot Lines to be used as set lines and top and bottom lines on small nets. In 50-foot hanks, six hanks connected, or 300 feet. Sold in any quantity. Our trot lines run full 50 feet to a hank.

Of all the different kinds of nets used, none depend more on proper construction for results than Trammel Nets. The material must be the best and plenty of netting used. Our Trammel Nets give service and catch fish. The depth of inside web is 50 per cent more than the depth of the net, so that a 6-foot net has an inside web 9 feet deep, hung measure, 3 feet of extra netting for fish to pocket. They are fitted with plenty of floats and leads. The outside web or walling is all made of No. 16 Soft Cotton Seine Twine. We also supply the linen inside netting for old nets. Prices per yard listed below. Sizes marked * are carried in stock. Allow four to six days to ship other sizes.

We can furnish deeper Trammel Nets on which we will gladly quote prices.

Linen Gill or Set Nets

Rigged Complete Ready for Use

Of genuine linen netting. Hung very full one-half basis, to give plenty of slack for fish to gill. Sizes listed will do for all ordinary fishing. For large fish when larger mesh is required, we can furnish netting of 12-3 gilling thread, and 16-4, 14-6, 14-8 Sturgeon Twines. Prices quoted on request. We also supply netting only. Prices per yard are listed below.

Sizes marked ★ are carried in stock for immediate shipment. Allow four to six days to ship other sizes. We do not furnish gill nets shorter than 5 yards. If longer lengths or special lengths are wanted, order two nets which you can tie together. Shipping weight, per yard, 6 ounces.

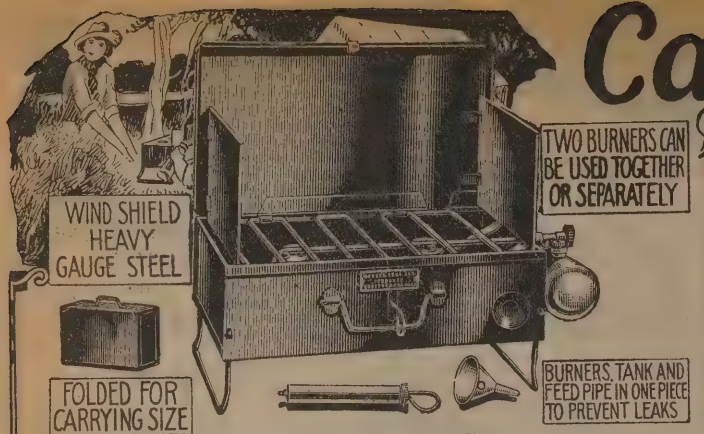
Camp and Tour



WIND SHIELD HEAVY GAUGE STEEL
TWO BURNERS CAN BE USED TOGETHER OR SEPARATELY
FOLDED FOR CARRYING SIZE 17⅞×9½ INCHES
BURNERS, TANK AND FEED PIPE IN ONE PIECE TO PREVENT LEAKS

Handy Chef Camp Stove

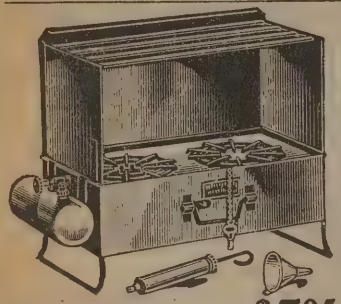
Ready in a Jiffy—Cooks in a Jiffy

Complete with pump, funnel, key and instructions. Only $3.75

No dirt or soot

This improved 1926 model is the latest development in camp stoves. Has two burners which can be used at the same time or separately. Burns common gasoline and gives an intense, hot flame which will not blow out. The burners, tank and feed pipes are one solid unit and cannot become loose or leak. When in operation the tank is on outside of stove. When not in use, the stove folds up like a suitcase with the gasoline tank and telescope legs inside of stove, making a flat box measuring 17⅞x9½x5 inches and weighing only 12 pounds. Tank is of heavy gauge brass, box with wind shield of heavy gauge steel, heavily enameled. Flame can be regulated. Remember, we thoroughly guarantee this stove to give perfect satisfaction, and know you will not be disappointed. Shipping weight, 14 lbs. **$3.75**

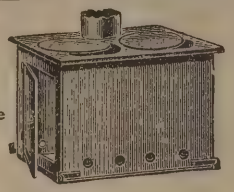
6F5459¼.....



Master Chef Camp Stove With Grates $5.95

This popular two-burner gasoline stove is made of extra heavy gauge steel. Has two 6-inch grates set in a strong, hinged galvanized plate. Heavy gauge non-rustable brass tank, telescope legs and combination wind shield and warming shelf. Burners and tank are one solid unit which cannot leak and which fit snugly in stove when closed. This stove is large enough for practical purposes and holds enough gasoline for several days' cooking. Burners give very intense heat and can be used single or double and regulated to any size flame desired. Size of stove, when folded like a suitcase, is 18 inches long 9 inches wide and 5¼ inches high. Complete with pump, funnel and directions. Shipping weight, 18 pounds. **$5.95**

6F5460¼.....



Improved Folding Camp Stove

Made of blued steel. Width, 14 in; length, 17⅜ in.; height, 12 in. Folds 14x17¾x2 in. 7-inch lids and lifter. Has no bottom. Collar attached to top; telescope pipe, about 4 feet long, 4 inches wide at bottom and 3 inches at top. Used inside tent by building fire on a little sand or dirt. Weight, with pipe, 11¼ lbs. Shpg. wt., 20 lbs. **$2.98**

6F5471¼.....

OLIVE GREEN BAKED ENAMEL FINISH
TEMPERED STEEL TUBE FRAME
EXTRA HEAVY OLIVE DRAB ARMY DUCK
FRAME AND LEGS STEEL, LIGHT BUT VERY STRONG
STEEL BRACED CORNERS

"Cable" Folding Camp Cot—Steel Frame

$3.35

A new luxury for motoring or camping. Practically unbreakable; can hold as many as four men at one time. This cot overcomes every one of the usual difficulties. It is lighter in weight than the wooden cot, folds quicker, and stands the hardest usage, even when placed on uneven ground. Very desirable, too, for the home. The rubber tipped legs prevent scratching of floors or wearing holes in rugs or carpets. Frame made of special U-shape steel tubing with reinforced steel joints. Cannot split, warp or crack, and not affected by weather. Finished in olive green enamel, with second coat baked on. Top is covered with 12-ounce khaki duck, tape bound and double sewed wherever strain comes. This covering is far superior to imported cloth or burlap used on other cots. Will not stretch or sag. Size, open, 6 feet 4 inches long, 25 inches wide and 17 inches high. Folded, 38x7x5 inches. Shipping weight, 18 pounds.

6F5435¼..... **$3.35**

$2.76

"Excelsior" Folding Camp Cot

A very strong and durable folding cot at an exceptionally low price. Not to be confused with other cots made of cheaper materials. It is designed after the well known army cot and the best materials are used. The frame is of hardwood, reinforced by steel plates at all joints. Cover is made of heavy double filled canvas. Cot measures 6 feet 4 inches long and 25 inches wide. Folds into small bundle. Weight, 15 pounds.

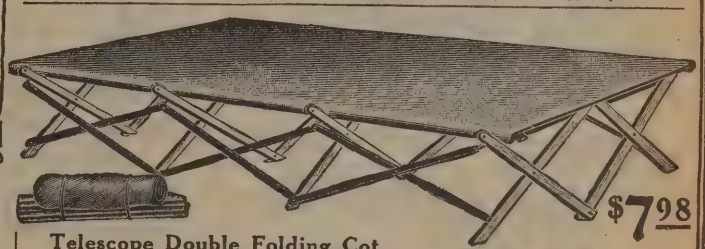
6F5441¼—Shipping weight, 18 pounds..... **$2.76**

$5.95

Double Size Steel Camp Bed

A folding camp bed equipped with wire fabric spring that really combines comfort with convenience. Steel frame makes it one of the most sturdy camp beds ever built. When in use bed is 48 inches wide, 76 inches long and 15 inches high; when folded, 6¼ inches wide, 4½ inches deep and 48 inches long. Weight, about 45 lbs. This bed, used with a pad or mattress such as we handle, will make it as comfortable as any bed in the home. Shipping weight, 50 pounds.

6F5439¼..... **$5.95**



$7.98

Telescope Double Folding Cot

Constructed in such a way that it will automatically adjust itself to uneven surfaces. Always rigid and comfortable in spite of irregularities in the ground, making it ideal for campers and tourists. Cannot sag in the middle because it is made up of two single cots, taking but little extra room when folded. Frame made of selected hardwood with strong steel braces. Cover is heavy army brown duck. This covering is far superior to imported cloth or burlap used in other cots. Size, when open, 76 in. long, 48 in. wide; when folded, 34 in. long, 7½ in. wide, 8 in. deep. Two people can occupy this cot with every assurance of comfort.

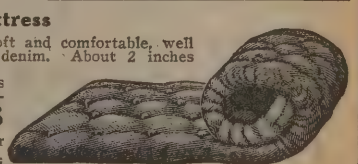
6F5428¼—Shipping weight, 25 pounds..... **$7.98**

Kapok Cot Mattress

Filled with processed kapok, very soft and comfortable, well tufted and covered with khaki color denim. About 2 inches thick and folds compactly.

6F5446¼—Size, 25x76 in. For Cots 6F5441¼ (above) and 6F5435¼ (on opposite page). Shipping weight, 6 pounds..... **$4.38**

6F5448¼—Size, 48x76 inches. For Cot 6F5428¼ and 6F5439¼ (above). Shipping weight, 10 pounds.....**$8.45**



Cotton Felt Mattress

Filled with good quality white layer felt and covered with heavy khaki drill.

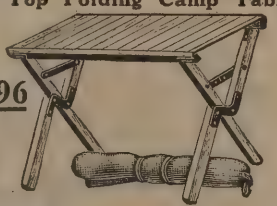
6F6111⅓.....$12.25

Roll Top Folding Camp Table



$2.96

Ideal for the camper and tourist as it is very strong and rigid and folds compactly. Made of selected hardwood and varnished. Frame is of steel braced construction. Stands 27 inches high; top is 21x35 inches. Equipped with brown canvas case to protect table when not in use. When folded makes a package 6 inches in diameter and 27 inches long. Shipping weight, 13 lbs.

6F5421¼..... **$2.96**

Waterproof Camp Blankets

Always remain soft and pliable. Made of very closely woven duck, dark color. Size, 54x84 inches. Treated with a waterproof solution, making the duck as waterproof as is possible to produce; also windproof. No seams, has eyelets in corners and sides. Is also used as a ground cloth. Shipping weight, 4½ pounds.

6F5818..... **$2.73**

Order Blanks in Back of Catalog Make It Easy to Order From the World's Largest Store. Bed Blankets SEE PAGES 188-197

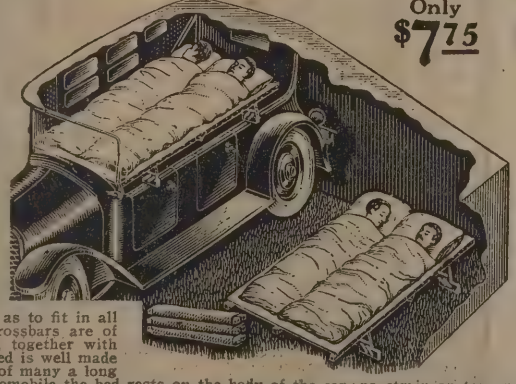
Auto Bed

Only **$7.75**

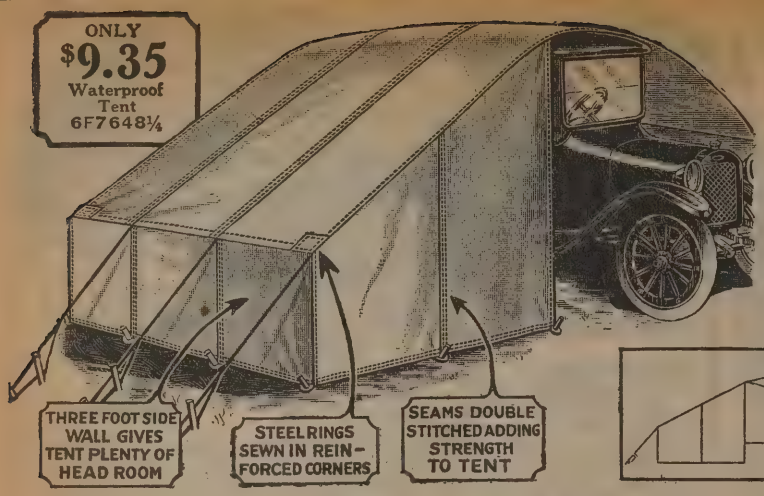
Makes a comfortable full size bed for two large persons. Easily set up. Can also be used as an extra bed around the home. Bed consists of three parts, three wooden rails hinged in the center and covered with a heavy 12-ounce khaki duck, and two adjustable telescopic crossbars. Crossbars are adjustable for different widths of car bodies and are fitted with a simple device to insure proper tension of the canvas top at all times. Center rail prevents occupants from rolling together. Bed is full 6 feet long and about 50 inches wide at the head, narrowing slightly at the foot so as to fit in all makes of touring cars. Crossbars are of selected hardwood fastened together with galvanized iron fittings. Bed is well made and will stand the knocks of many a long trip. When used in an automobile the bed rests on the body of the car, no strain on top or wind shield. In small cars the steering wheel protrudes part way through the slotted flap in the canvas top. In large cars the bed sets entirely back of the steering wheel. Folded, occupies a space 3 feet long by 7 inches wide. See illustration. Shpg. wt., 30 lbs.

6F5445¼—Fits any four, five or seven-passenger open or touring car..... **$7.75**

6F5447¼—Fits any five-passenger two-door or four-door sedan or coach. (Not suitable for the wide seven-passenger cars or narrow four-passenger sport model.) Size, 69 inches long and 37 inches wide.....**$7.75**



The Best Made!



Why We Are Headquarters for TENTS

Because we are the World's Largest Store, and the tents we sell are made in our **own great factory.** Because we buy tent cloth in enormous quantities, far ahead of the season, and practically name our own price. Because we sell direct from our own **factory to you,** at only one profit and one handling expense. Such buying power, manufacturing facilities and direct sales methods enable us to quote **special sale prices** that represent unheard of bargain values. In order to take advantage of this big sale saving ORDER NOW!

Waterproof Tourists' Tent

Can be set up along the side of any car. The extension flap which is 6½ feet goes over the roof of the car and ties to the wheels on the opposite side or can be stretched out straight. No poles required. Made of high grade khaki tent cloth, especially waterproofed and mildewproofed. The tent is 7 feet wide, 7 feet deep, 6½ feet high at the front, with 3-foot rear wall. Seams are double stitched. Galvanized steel rings sewed in the cloth for sisal (not jute) guy ropes which are included and properly spliced for the tent. Reinforced corners. Suitable for two people. If larger quarters are wanted we recommend the purchase of two tents, using one on each side of the car. Shipping weight, 22 pounds.
6F7648¼.....$9.35

Tourist Tent

Same style tent as above in every detail with the exception that it is made of 10-ounce standard width duck. Shipping weight, 22 pounds.
6F7643¼.....$10.45

Extra Poles

Extra poles for rear corners of above tents about 3 feet long, for fastening in rope loops outside of tent. Shipping weight, 4 pounds.
6F7649¼—2 poles.....**30c**

Fulton Wall Tents

When you buy a tent be sure that it has the proper pitch or watershed to the roof. Compare the height of our tents with that of others. Ours are designed after many years' experience in making them. We do not believe in cutting down on the height. And then we sew galvanized rings in the eaves and into them splice our sisal or manila guys—not jute. You receive our tents complete, all ready to set up. We also give you two additional top guy ropes—one at each end—on tents 12x12 feet and larger. And our doors are provided with a large full flap of the same material as the tent. And on tents 16x24 feet and larger we give you an extra door without extra charge—making one at each end—if you ask for it.

Wall Tent With Heavy Waterproof Top

Where else but from the World's Largest Store could you get a 7x7 foot wall tent with high grade waterproof and mildewproof duck top for only $11.28? Each tent is made in our own big factory, carefully tested and represents an amazing value. Wall tent with **top made of khaki waterproof duck** weighing over 12 ounces to the yard after waterproofing. Sides and ends of 8-ounce standard white duck. **Strongly reinforced. Heavy sisal (not jute) guy ropes** spliced by hand into galvanized steel rings sewed in the eaves. **Seams all double stitched,** complete with poles and stout hardwood stakes. **Notice the height** of our tent as compared with others of equal width and length. The heavy waterproof top makes a fly unnecessary. If poles are not needed deduct 5 per cent from the price of the tent.

Extras for Fulton Wall Tents

A TENT FLY is an extra removable roof spread over the top of tent and staked down, leaving an air space between it and tent. The extra roof provides additional protection from cold and dampness. Buy a tent fly if the roof of ten leaks. The cost of a fly is one-half the price of a wall tent of corresponding siz and weight of duck. For example, a fly for a $20.00 wall tent would cost $10.0 Necessary stakes and ropes always included without extra charge. Allow three t six days for making. **In ordering specify 6F7658½.**

WHEN HIGHER WALL than regularly quoted is wanted, add 5 per cent of th cost of the tent for each additional 6 inches. Allow three to six days for makin **When ordering specify 6F7604½.**

EXTRA DOOR at back end of tent is furnished without additional charge o all tents over 16x24 feet if wanted. On all tents under this size where extra door wanted we make an additional charge of 60 cents. **In ordering specify 6F7615½**

A SOD CLOTH is a strip of canvas 9 inches wide, sewed to the bottom of th ends and sides upon which are placed stones or earth to keep out wind, flies, et In measuring amount of sod cloth required, measure distance around tent. A 12x foot tent would require 56 lineal feet of sod cloth. Sewed on or separate as desire **6F7617½**—Per lineal foot.....5

WEIGHTS OF TENTS is given above in 8-oz. with poles; 10-oz. will weigh abo one-quarter more than 8-oz.; 12-oz. about one-half more than 8-oz. Weight ma vary slightly, as the poles do not always run alike.

WE CARRY IN STOCK all sizes of wall tents from 7x7 to 12x18 feet, and in mediate shipment can be made. On all other sizes allow three to five days' tim to make; in June and July allow from six to twelve days. If a stock tent ordered with a fly, the order requires special handling. Allow three to six days f making.

IF POLES ARE NOT WANTED deduct 5 per cent of the price of 8-ounce ten

We Make Them in Our Factory

Tourists' Umbrella Tent

Waterproof and Mildewproof — **One Person Can Set Up Tent in 5 to 10 Minutes**

This is an ideal tourist tent, made to last and priced for economy. It rolls into a small compact bundle, as shown, and is easy to put up and take down. Our unusually low factory-to-you prices during this sale makes it worth while to order at once. Made of a **specially high grade, closely woven, waterproof khaki fabric,** with a **heavy waterproof duck floor** sewed to tent all around, making tent **dampproof** and **insect proof.** Door opening screened with **marquisette netting** and a roll **flap canvas door** which can be let down over the entrance to insure privacy. **Awning extends out 6 feet 4 inches. Window in rear 15x15 inches, screened with marquisette and with a canvas flap operated from the inside, seams double stitched.** Tent is 8 feet high and has plenty of head room. Where top and side walls are sewed together, they are **strongly reinforced with webbing.** All complete with jointed center pole fitted with umbrella arms; also jointed poles to support extension. Hardwood stakes and sisal (not jute) guy ropes for each corner of tent, as well as for extension. Strong web loops hold tent to ground. Folds compactly, easily carried.

There are other tents on the market selling for higher prices which do not contain all the features intended for comfort which are found in our tent. Compare the weight of our fabric with that of other makes.

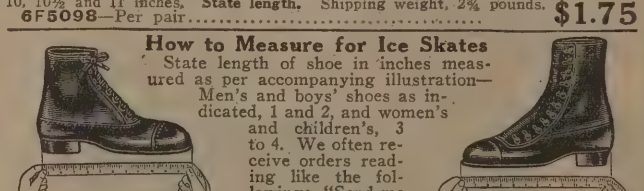
How to Measure for Ice Skates



State length of shoe in inches measured as per accompanying illustration—Men's and boys' shoes as indicated, 1 and 2, and women's and children's, 3 to 4. We often receive orders reading like the following: "Send me a pair of skates No. 9." We do not know whether it is for a child's No. 9 shoe, a man's No. 9 shoe or a 9-inch shoe. We cannot fill orders unless the length of the shoe is given in inches; measured as outlined. The lengths in which we list the various skates shown on this page do not mean lengths of runners, but lengths of top plates on which the shoe sets.

Same style as above, but runners of higher percentage of carbon. Hardened and tempered. Nickel plated and polish Lengths (of top), 8½, 9, 9½, 10, 10½ 11 inches. **State length.** Shipping weig 2¾ pounds.

6F5094—Per pair..... **$1.85**

J. C. Higgins Official Basket Ball

Ready Laced and Ready to Be Inflated

Our official basket ball has been improved this season with the new rubber valve stemless bladder, making it unnecessary to lace or unlace the ball when ready to inflate. No "dead spots" due to metal valve caps. Can be inflated in two or three minutes to any pressure desired. The leather used is of the finest quality grain cowhide, from which all the stretch has been removed; backed with canvas lining. Rigidly inspected and tested for size, shape and weight and guaranteed to be official in every respect. Complete with new rubber valve stemless bladder, inflating and deflating tool and instructions. Shpg. wt., 2½ lbs. **$9.95**

"J. C. Higgins" Official "Intercollegiate" Football

With Stemless Bladder, Ready Laced and Ready to Be Inflated

Just think of it! Lacing a football is a thing of the past. Our official footballs are now laced and ready to be inflated. This is made possible by the use of a new rubber valve stemless bladder. No dead spots due to metal valve caps. Quickly inflated in 2 or 3 minutes. Dummy lace is inserted for better gripping in forward passing. The leather is the finest quality grain cowhide from which all the stretch has been removed, backed with double canvas lining. Each ball is carefully inspected and tested for perfection of weight, size and shape, guaranteed official in every respect. Attachments for inflating and deflating the bladder is also included together with complete instructions. Shipping weight, 1¾ pounds.

6F1839.....$6.75

Stainless Steel
Will Not Rust—Will Not Stain

Stainless steel always remains bright and clean. It is very tough, takes a very high temper and remains flexible. Blades keep a sharp edge much longer than ordinary steel. With proper care these knives will last a lifetime. Rain, perspiration, acids or exposure will not injure, rust or stain the steel in any way.

Will Not Rust, Stain or Tarnish

Holds Its Edge Beautifully

The more stainless cutlery is used, the brighter it gets. No scouring or polishing required. It is very tough and flexible and will keep edge much longer than ordinary cutlery. Saves an endless amount of scouring and always looks bright and attractive.

Samples have been exposed to all kinds of weather, wet and dry, frost and snow, for many months and, at the end of that time, have been perfectly bright and unaffected in any way. Samples placed in water have retained their original brightness after months of exposure. Salt water or sea air will not affect it. Fruits, vegetables, meats or vinegar have no effect whatever on stainless steel and it is a well known fact that lemons, oranges, apples, tomatoes or vinegar will stain ordinary cutlery.

For Silver Plated Stainless Steel Cutlery See Page 726

Only $4.29

Stainless Steel Knives and Forks With Black Rubber Handles

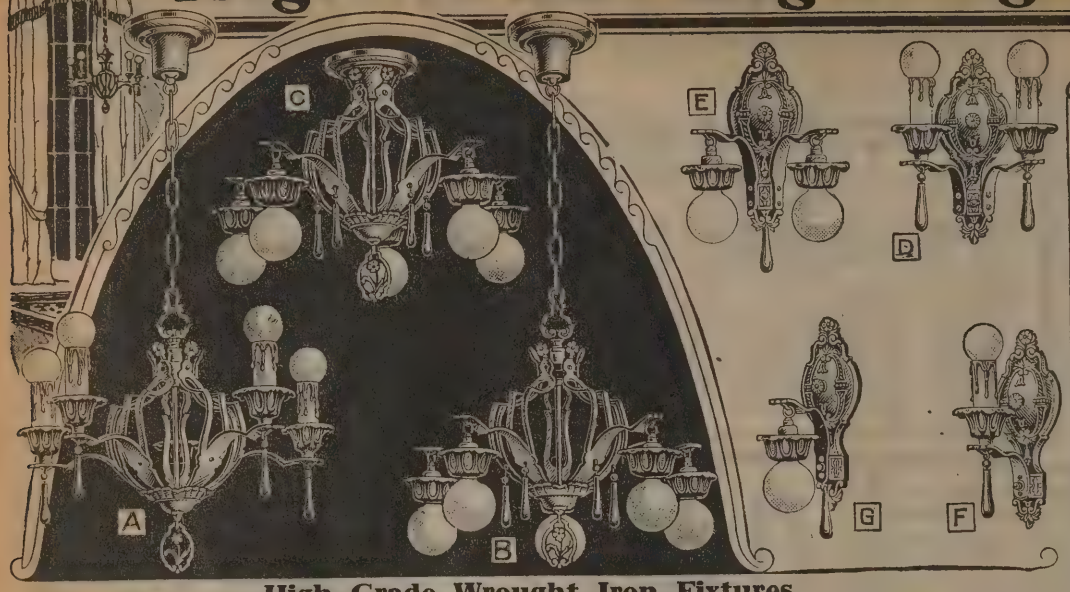
High Grade Lighting Fixtures



High Grade Wrought Iron Fixtures

These fixtures are made of wrought iron, beautifully finished in antique green gold and polychrome. Prettily shaded and ornamented with light touches of red and green. The candles are very attractive and suggest colored wax dripping candles. Each fixture and bracket is made more attractive by having delicate amber glass drops, blending nicely with the finish of the fixture. The lamps shown are not included in the prices. Use our 34F6889 Lamps on B, C, E and G, and 34F6888 on A, D and F Lamps, shown on page 546.

Know These Facts Before You Purchase Lighting Fixtures

We are the originators of the idea of shipping lighting fixtures completely assembled and wired, ready to install.

Our fixtures are high grade, well finished and properly put together. We guarantee every fixture that it is just as we describe it, and invite an inspection and comparison with similar goods offered by others.

In addition to our own rigid inspection, our lighting fixtures are carefully inspected by the National Board of Fire Underwriters' Laboratories and, as evidence that the assembling and wiring meets with their approval, they allow us to attach their label on each fixture, and these fixtures should be accepted for installation anywhere.

Anyone can install our lighting fixtures, as you only need a screwdriver to attach them to the wall or ceiling.

We furnish, **without extra charge,** special connectors with which you do not need any kind of tape or solder. These connectors are also passed by the National Board of Fire Underwriters.

Send us your order, enclosing the catalog price of lighting fixtures you want, examine them carefully and you will be convinced that our fixtures are the best that can be purchased at the price or for even considerably more money.

Velvet Brown and Gold Color

Sears Most Popular High Grade Ball Lamp Fixtures

The most attractive finish that has ever been produced. The background is a beautiful tone of soft velvet brown color, while all of the embossed and cast ornaments are highly polished gold color. A combination of colors that is very attractive and exceptionally pleasing. Will last a lifetime. The round lamps are not included in the price of fixtures. We recommend using on **A, H,** and **J** Lamp 34F6825, and on **B, D, E, F, G, I** and **K** Lamp 34F6878, shown on page 543. **C** has beautiful glassware hand painted in green and pink flowers. **F** has a genuine cut glass bowl. **L** has a hexagon lantern with amber glass panels. **M** has topaz color glass with glass drops to match. We can equip **A, H** and **J** with switches at bottom of each candle for $1.00 per candle.

Aluminum Fitments

Italian Antique Silver and Polychrome

The manufacturers of Sears Aluminum fixtures are the originators of this popular type of home lighting. These goods have become widely known and are generally accepted as the standard of excellent taste in design and finish, as well as a standard of value.

Aluminum, being a hard metal which neither rusts nor corrodes, will retain applied finishes almost indefinitely and become more beautiful with age.

Italian antique silver and polychrome colors resemble old silver with that soft satin finish that has aged, having an antique reddish brown appearance in the indentations of the design, with delicate touches of dull red and blue admirably applied to the edges and some of the embossed parts.

This finish is one of the most popular in use, as it blends with almost any type of interior decoration. The round frosted lamps are not included in the price. **A, B, C, D, E, F** and **H** take 34F6878 Lamps, and **G, I** and **J** take 34F6825 Lamps, shown on page 543.

I and **G** are equipped with small turn button switches.

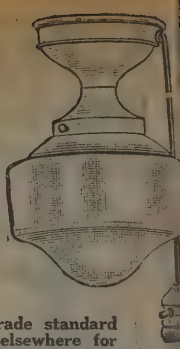
34F4539..... $4.45

Wonderful Kitchen Light



This is a large, high grade standard kitchen unit, generally sold elsewhere for $5.00 or more. It gives a powerful white light and should not be compared with units of similar design but smaller in size which are sold for less. It is equipped with a combination switch, and utility socket which drops within easy reach to attach an electric flat iron. This utility socket, being in the center of the room, permits you to place your ironing board anywhere you desire in the kitchen. A 100-watt nitrogen lamp gives the best results. White enamel finish. The glass is 8 inches wide; length of entire fixture, 11 inches. Shipping weight, 8 pounds.

34F7071—Complete, as shown, with switch and utility socket, without lamp..... $2.85

Low Priced Kitchen Light

This is a small size kitchen light made especially for those desiring an inexpensive, serviceable fixture for the kitchen. Has combination switch and utility socket within easy reach. The glass shade is 8 inches wide. Length of entire fixture, 9 inches. Will take up to 75 watt nitrogen lamp. Shipping weight, 8 pounds.
34F7094—As shown.... $2.15

OUR FREE ESTIMATING SERVICE

1—Send us a rough sketch of each floor of your house or building, showing the arrangement of the rooms and the dimensions (size) of each room. Be sure to get these measurements accurate. Also tell us whether it is an old building or one to be constructed.

Upon receipt of the sketch and measurements our expert estimators will figure out the exact amount of the electrical material that you will need to wire your house or building completely and properly. We will then mail you this information, together with the cost of the material.

2—Upon receipt of your order for material for the complete installation of the porcelain Knob and Tube system of wiring only, we will send you without any charge, three simple and easy to follow wiring diagrams.

These three wiring diagrams give you complete plans, show every detail and complete instructions for wiring a house with the porcelain Knob and Tube system of wiring.

Get These Handy Attachments

1—An 8-Foot Rubber Hose with swiveled metal connection for insertion in machine.
2—Hollow Library Brush for heavy clothing, portieres, draperies, etc.
3—7-Inch Aluminum Nozzle for cleaning books, shelving, molding, etc.
The brush with two rows of bristles is included with cleaner whether attachments are purchased or not.

Thousands of housewives are already experiencing the leisure and thorough home cleanliness that comes with a Challenge Cleaner. Why don't **you** let the Challenge successfully perform those tiresome duties? This efficient labor saving device is a guaranteed product of one of the world's largest manufacturers—the result of years of experimenting to provide the homes of America with a trouble free electric cleaner that will do the job better and faster than any other, regardless of price. No other machine on the market has such an ironclad guarantee on mechanical efficiency and perfection of workmanship, or carries more assurance of absolute satisfactory service with the greatest ease and simplicity of operation. And yet, the price of this superior cleaner is surprisingly lower than that asked for many unreliable, makeshift devices. This low price is only possible because of quantity production and selling. You can't make a mistake by setting your heart on a Challenge Cleaner. Take advantage of our liberal home trial offer. Test the Challenge Cleaner in your own home and convince yourself of its many surpassing features.

This Is Our Liberal Offer

Order the Challenge Cleaner now. Send only $2.00 with your order. Try the Challenge for two weeks in your home. Compare it with other higher priced vacuum cleaners. Then if the Challenge doesn't do everything you expect of it, if you don't think you have received more than your money's worth, if you aren't entirely satisfied in every way, send it back and we will return every cent you paid. If satisfactory, send us $3.00 each month until the total price is paid. Use the Time Payment Order Blank on page 1100. Send us cash if you prefer; take advantage of the saving the cash price offers. You know us; your money will be returned if the cleaner does not satisfy you.

Latest Improvements

Powerful Suction—The suction due to construction is mighty powerful, a real revelation for so small a motor.

The low narrow nozzle makes a sealed contact with the rug lifts it lightly and opens the pile, extracting the most deeply imbedded dust and dirt, picking up surface litter, hairs, raveling as well.

Stationary Brush—A great improvement over the old style revolving brush which was uncertain in action. Our brush clamps on the nozzle of the cleaner, and as it is pushed across the floor it gathers up the lint and threads from the carpet and rolls them into little bunches, and the suction draws them into the dustbag.

You will find, however, and we have proved by extensive tests that between 85 and 95 per cent of all household cleaning can be done without the brush. The powerful suction being all that is required for a first class job of cleaning.

Specifications of the Challenge

Nozzle and Frame: Made of highly polished cast aluminum. Nozzle is 13½ inches long.

Motor: 110-volt, universal type (operates on A. C. or D. C.), fan cooled; phosphor bronze bearings. Low current consumption. Requires little care. Housing is cast aluminum.

Fan: Attached direct to motor shaft. Six blades, accurately balanced. Made of cast aluminum.

Handle and Switch: Ebonized wood handle with trigger switch, easy grip ball knob. Furnished with a 22-foot mercerized cord and plug.

Dust Bag: Heavy vacuum cleaner cloth. Retains all dirt and grit. Easily disconnected for removal of dirt.

Brush: New principle. Two rows of stationary bristles on either side of suction opening loosens imbedded dirt and lint more effectively than a revolving brush, without possibility of injury to rugs or carpets. Shipping weight, 19 pounds.

1—An 8-foot Rubber Hose with swiveled metal connection for insertion in machine.

2—30-inch Extension Tube to insert in rubber end of hose to reach out of the way places.

3—7-inch Aluminum Nozzle for cleaning books, shelving, molding, etc.

4—Hollow Library Brush for heavy clothing, portieres, draperies, etc.

Greater Energex attachments are particularly easy to attach, and because of the special arrangement of these features, are unusually effective in cleaning results. The brush with two rows of bristles is included with cleaner whether attachments are purchased or not.

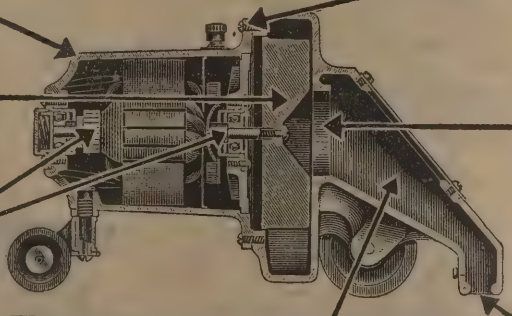
Makes An Ideal Wedding, Birthday or Christmas Gift

Note These Important Features

Entire casing made of cast aluminum, light in weight, rustproof and more durable than steel.

Fan of cast aluminum mounted directly on end of motor shaft, six blades, unbreakable. Scientifically designed to make an exceptionally powerful suction.

Self contained, self adjusting lubricant packed, dust and dirt proof, neglect proof, ball bearing construction.



Nozzle is 13½ inches wide (two inches wider than ordinary cleaners) and yet it is so designed that its cleaning efficiency is equally great throughout its entire width.

The large dustproof bag is easily and quickly attached or detached by means of a simple bayonet bag ring. Connection of rubber hose is also made at this point when attachments are used as blower tools.

Suction cleaning attachments are connected here. Merely lift cover to one side and insert. The hose terminal is directly connected to center of fan casing, obtaining full force of the powerful suction.

The Greater Energex nozzle is designed to give a concentrated suction which adds enormously to the cleaning efficiency.

For Snappy Dance Music

Accordions

For Home Entertainment

Supertone—Italian Model
When it comes to beauty, quality of workmanship and tone there are no accordions that we know of superior to our Supertone.

Milano Organetto—Italian Model
The name Milano Organetto was given to these accordions because of their organ like tone. They are superior in construction and tone to most other accordions of similar style.

Beaver Brand—German and Italian Models
They are extra well made, nicely finished and accurately tuned.

Instruction Book Included With All Accordions

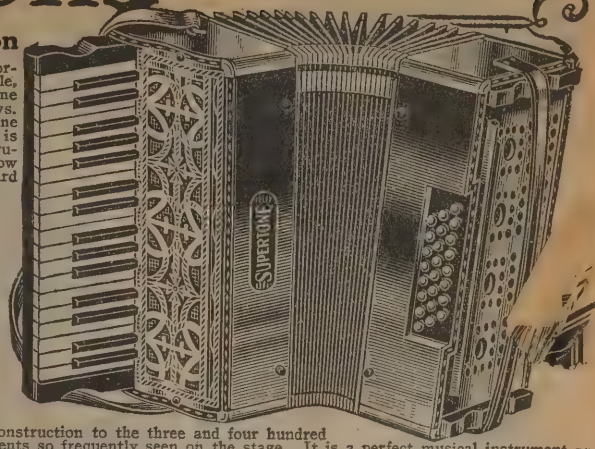
Piano Keyboard Accordion

Not to be confused with the ordinary accordion as you know it. Unlike the ordinary style, the piano keyboard accordion produces the same tone on both pressing and drawing the bellows. For musical possibilities and volume of tone **it is a small orchestra in itself.** Yet it is one of the easiest self accompanying instruments to learn. Case illustrated below included with our Piano Keyboard Accordion

Supertone Chromatic Piano Keyboard Accordion
For Beginners

Covers a wider range in music than the ordinary accordion since it has 25 treble piano keys tuned chromatically, so that any selection can be played without omitting the sharps and adding of chords. The frame ...ats. Twelve basses arranged to produce four different groups ... of hardwood, finished in ebony and highly polished. Edges inlaid ...osaic. Treble panel cut in fancy scroll work. Bellows of ... imitation of leather. Strong leather shoulder, hand and thumbstraps. Stradella ...etal corners. Four sets of genuine steel reeds mounted on individual reed plates which ...e set on removable blocks. Sturdy construction throughout. Size, 7x13⅜ inches. We include with it a wood case covered with imitation leather and lined with felt. Nickel plated lock and clasps, and strong handle. Shipping weight, 25 pounds.

12F661¼
$32.45



Supertone Chromatic Keyboard Accordion
Professional

Similar in construction to the three and four hundred dollar instruments so frequently seen on the stage. It is a perfect musical instrument on which even the most difficult classical selections can be played. Ebonized hardwood frame with a high piano polish. Edges inlaid in black and white wood mosaic. Treble panel is of metal in fancy design, decorated with engraving. Four sets of steel reeds individually mounted on leather and screwed to removable blocks. Thirty-four piano style treble keys and twenty-four bass keys operated through sunken metal panel. Bellows of 18 folds bound with leatherette. Metal stradella style corners. We include with it a wood case covered with imitation leather and lined with felt. Nickel plated lock and clasps and strong handle. Shipping weight, 30 pounds.

Fine Workmanship Fine Violins Fine Tone Quality

The value of a violin depends upon two things—workmanship and material. The grade of workmanship and the quality of the material which enter into a violin can be fully judged by an expert only. The manager of our music department has made a study of violins and violin values for thirty years and has selected from among the hundreds of samples submitted the following violins, which represent the very greatest values which can possibly be given at the prices asked. The purchase of a violin from us guarantees your receiving an instrument which cannot be duplicated for anywhere near the prices we ask.

$7.45 Imitation Old Guarnerius

Next to Stradivarius this maker was probably the most famous. Our Guarnerius model is well marked, showing the wear of the bridge, chin and hands. Also shows many other scars. One-piece flamed maple back, maple sides and spruce top. Ebony fingerboard, tailpiece and pegs. Varnish is a rich red excepting where marks of age show the natural color of the wood. Shpg. wt., 5 lbs.

12F169¼ Violin only. **$7.45**

$9.95 Imitation of Old Stradivarius

A pleasing instrument, golden yellow in color, the varnish blending naturally into the marks of age. It is a rather broad model with one-piece back of flamed maple, flamed maple neck and scroll. Spruce top evenly grained; ebony fingerboard, tailpiece and pegs. Careful workmanship and excellent tone. Shpg. wt., 5 lbs.

12F171¼—Violin only..... **$9.95**

Our Finest Violin Outfit

$45.00

This fine copy of an old Stradivarius has a two-piece back of highly flamed matched maple. The neck and scroll are also made of flamed maple. Top is of old well seasoned spruce of straight and even grain. Fine quality ebony pegs, fingerboard and tailpiece. The purfling is inlaid and the *f f* holes are cut with exquisite care. Rich reddish brown varnish finish showing the natural wood where marks of age appear. Smooth, mellow tone. Could easily be taken for an old violin. Case is genuine seal grain leather, fully lined with velveteen and has nickel plated lock, clasps and protectors. Pernambuco wood bow with octagon stick and real silver trimmed. Bernadel rosin, Verona strings, five-prong mute and our best chin rest. Shpg. wt., 12 lbs.

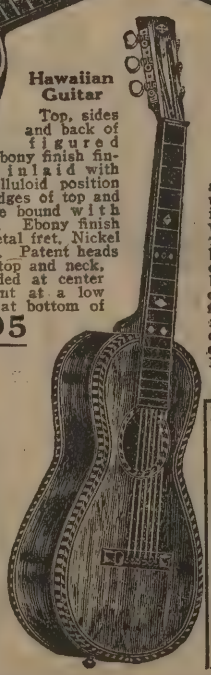
$14.25 Exceptional Tone Quality

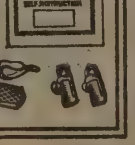
Hawaiian Guitar

This guitar is made throughout of genuine mahogany selected for its handsome figure. The top and back edges are inlaid with black and white purfling and bound with alternating black and white celluloid blocks in a corded effect which gives the instrument a very striking appearance. Ebonized fingerboard with pearl position ornaments. Head veneered with koa wood and inlaid with pearl. Ebonized bridge and bridge pins, the bridge pins being inlaid with pearl. Nickel plated patent heads. Owing to the resonant qualities of the mahogany used this instrument has a full round tone, with plenty of volume. Book, picks, etc., shown at right, included. Shpg. wt., 14 lbs.

12F488¼..... $14.25



The Hawaiian (sometimes called the steel) Guitar, with its beautiful quavering and sharp staccato tones, has done much to make the Hawaiian music so extremely popular. Owing to the fact that the strings when open, or when barred, form natural chords, it is comparatively easy to learn to play this instrument. Steel, picks, instruction book and chart included with 12F485¼, 12F489¼ and 12F488¼.



SUPERTONE Ukuleles

Gut, Aluminum, Silver Plated and Pure Silver Wound Strings

We take great pride in our gut and wound on gut strings, as they are manufactured for us under our own specifications. The manufacturers make periodic shipments and upon their arrival at our store we place them in a humidor, which keeps them fresh and pliable. None of them is hard and brittle. We protect them further against climatic changes by packing them in oil paper envelopes. Every string is perfect from a musical standpoint and made of first quality materials. We cannot guarantee gut strings against breaking, but they will last as long as can be expected of any gut strings on the market. Our pure silver wound strings are highly polished and our 12F1299 we can guarantee against rattling or buzzing. We know that you will be satisfied with the purchase of any of our strings because of their beautiful tone and also the saving made.

La Prediletta—Roman Gut

To produce a beautiful round smooth tone on a violin with perfect fifths and clear harmonics a player must give careful consideration to the quality of strings he buys. The better the string the better the tone. The Italian strings are noted for their tone quality, purity and trueness.

Each string packed in moisture proof envelope.

E strings are 4 lengths. A and D strings are 2½ lengths. Shipping weight, each, 1 ounce; per dozen, 4 oz.

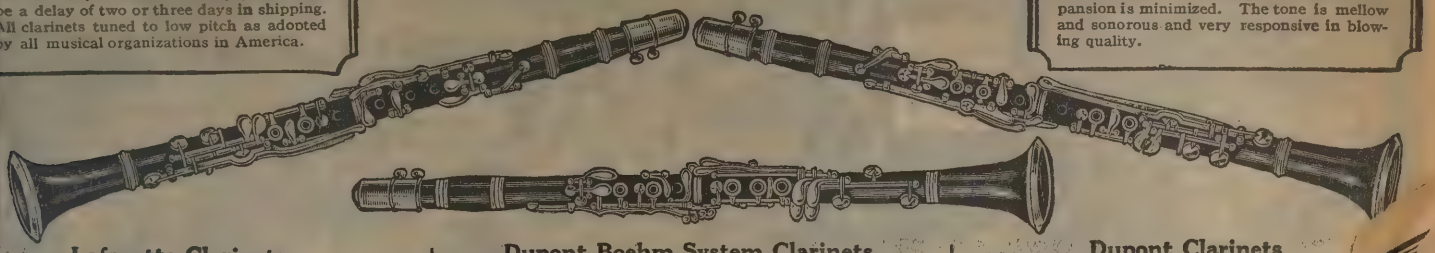
Clarinets
Grenadilla Wood ~ Ebonite

Our wood clarinets are made from thoroughly seasoned grenadilla wood and with proper care will not check or split.

As wood clarinets are susceptible to climatic conditions and sometimes require careful readjustment of the keys, there may be a delay of two or three days in shipping. All clarinets tuned to low pitch as adopted by all musical organizations in America.

NOTE: Our better grade clarinets are carried in both wood and ebonite. Many professional players prefer ebonite (a composition made principally of hard rubber) because it does not check or split, and trouble with keys sticking on account of expansion is minimized. The tone is mellow and sonorous and very responsive in blowing quality.



Lafayette Clarinets

Albert System. Grenadilla wood, dull finish. Nickel er keys, highly polished. These instruments are ch better than our low price would indicate. Mouthce cap and instruction book included. Low pitch. **y of B flat or C. State key wanted.** Shipping ght, 4 pounds.

Brass Band

MARCEAU INSTRUMENTS

Made according to the models and measurements of the most expensive American instruments. They are silver soldered (not soft, like inferior instruments), and have nickel silver pistons. They are carefully braced and reinforced. All handsomely engraved and the valve instruments fitted with pearl buttons. Owing to their easy blowing qualities we have sold many to schools, bands and other musical organizations. Mouthpiece, music lyre and instruction book included with all instruments.

ADVANCE INSTRUMENTS

The Lowest Priced Good Band Instruments

Far better in material, workmanship and tone than our prices denote. They are particularly suitable for beginners and amateurs who want to invest as little as possible. However, for those who care to spend a little more, they will find in our Marceau and Supertone brands the greatest value in brass band instruments. Mouthpiece, music lyre and instruction book included.

Beckwith

Offers the Favorite Apartment Style at New Low Prices

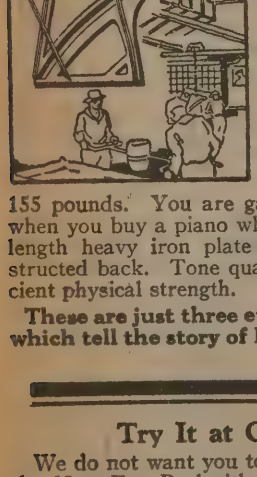
The Heart of the Piano

THE heart of a piano and a player piano is the action. Only the finest and best piano and player piano actions are installed in the Beckwith; records show that the same style used in the Beckwith are installed in the finest and highest priced instruments of the day. Over thirty-five pianos and player pianos selling for more than $500.00 use the Beckwith actions, and over fifteen high grade instruments selling in excess of $600.00 have incorporated them. This is an example of the fine quality which is built into every Beckwith instrument.

Only Genuine Ivory Keys

WITH the spread of civilization, the elephant has retreated farther and farther into the depths of the African forests. It has become increasingly difficult to obtain genuine ivory, but we use only the real ivory on Beckwith keys because we feel nothing but the best is worthy of your home. Look at the keys on some other of the largest selling pianos. Many are covered with a substitute that looks like ivory but is not ivory. We could do the same and reduce the price from $10.00 to $15.00. This is just another indication of the genuineness and reliability of Beckwith construction.

Full Length Metal Plate



IT takes a well constructed back, supported by a full length cast iron plate, to stand the strain of about 20 tons' tension exerted by the strings of a piano. In the Beckwith, the plate runs the length and width of the piano and weighs approximately 155 pounds. You are gambling with the future when you buy a piano which does not have a full length heavy iron plate or a strong, well constructed back. Tone quality depends upon sufficient physical strength.

These are just three evidences out of thirty which tell the story of Beckwith sincerity.

Try It at Our Expense

We do not want you to spend one cent in trying the New Era Beckwith in your home. After 30 days' trial, if not fully satisfied we will take the instrument back and return all your money including freight and drayage charges. No matter where you buy, you will have to pay freight, for the charges are always added to the price by the dealer who sells the instrument. The freight from our factory to your station, however, is very little compared to the big saving you make.

TWENTY years ago you could buy a piano and know it was right. Manufacturers spent time building them. They were good pianos. A lot of thought, fine materials and pride of workmanship entered into their construction. The idea was to make them the best and not the "cheapest" But this was before the day of "hurry up" production and high pressure salesmanship.

Since that time the field has been crowded with manufacturers who put their money into advertising and take it out of the piano. Tone quality and workmanship are only too often sacrificed for the lowest prices. Even inferior, poorly constructed pianos are assembled in good looking cases. And you, who buy the piano, looking forward to years of service, are left with nothing but an ornament. Often the firm from which you purchased has gone out of business. Throughout the years, the Beckwith has been known as the ideal home piano, honestly constructed and fairly priced. Beckwith standard of quality will never be lowered.

We always have built the Beckwith so well that it would give a generation of service—the kind of service that we can stand squarely back of with our written guarantee of satisfaction. We would never jeopardize our reputation for honest dealing by making a piano that would not, for years and years, give you the enjoyment, the pleasure, the pride of ownership that should be yours when you buy this finest of musical instruments.

The New Era Beckwith

This is the day of changed conditions in the home. Rooms are often times not large, or there is more demand for space to be used for other furnishings. The bulky, cumbersome piano that consumed a large part of the room and required a half dozen men to move from place to place, has gone. But its passing occasions no regrets. For in its place we have designed a new and finer instrument, the New Era Beckwith. New grace, new beauty, new pleasing lines in the case and new compactness in the construction make the New Era Beckwith the most modern, up to the minute piano on the market today. It is only 4 ft. 4 in. high—takes up less room, easier to move around, harmonizes better with other furnishings. Yet, notwithstanding the smaller size, nothing has been lost in the construction because of the more compact, more efficient use of space in the piano itself. **Neither does the reduced size affect the wonderful tone quality or the famous Beckwith durability.** We know from our own long experience in piano manufacturing and the exhaustive tests we have made in our own factory, that the New Era Beckwith is the counterpart in every particular, except weight and dimensions, of the old Beckwith. The apartment size piano or player is the favorite wherever pianos are now sold. Once you have seen it, once you have it installed in your home, you would have no other.

We can now offer the Apartment Size Beckwith at a lower price than asked anywhere for a really fine piano. We have cut size, **we have cut price**—the fine tone and the splendid workmanship which insure lifetime durability, are left in the New Beckwith. The standards of twenty years have not been altered. The Beckwith today, as yesterday, holds all honors as **the premier piano value of the world.**

No dealer has ever competed with us in fineness of tone quality. The Apartment Size Beckwith now has no rivals in price. No other store in the world can sell you a piano approaching the Beckwith at these low prices.

For those whose musical demands require a still smaller or a larger piano, we are in a position to supply their wants and call attention to the special piano catalogs shown on the opposite page.

Beckwith Quality

MEANS LASTING SERVICE

A Remarkable Test of Enduring Beckwith Quality

Lititz, Pa.

Sears, Roebuck and Co.

Enclosed find 25-year guarantee which has expired. After raising twelve children, the youngest now eighteen, all of whom played on this piano, I am pleased to inform you that the Piano is still in excellent condition.

Yours truly,
N. B. LEAMAN.

Enid, Oklahoma

Sears, Roebuck and Co.

We have used a Beckwith Piano in our family for the last seventeen years and have found it absolutely satisfactory in every particular. No reasonable amount of money could buy it if we could not get another one. We have six other pianos among our married children, besides the Beckwith, and the Beckwith eclipses them all for beauty of design, excellence of material, workmanship and fine tone qualities.

BENJ. N. TURK.

After Twenty-Two Years' Service, Piano Still in Perfect Condition.

Warsaw, Ohio

Sears, Roebuck and Co.

We still have the Beckwith Piano which we bought of you in 1904. The piano is in fine shape, in workmanship, finish and tone. Would say that anyone wishing to buy a piano will not make a mistake in buying a Beckwith.

Yours respectfully,
N. J. MARKLEY.

Could anyone ask for more conclusive proof of Beckwith superiority?

NEW ERA Pianos

One Size - One Quality - Two Styles

Play While You Pay

It is easy to own a Beckwith instrument. A small down payment of $10.00, then a monthly payment of $10.00, will soon enable you to own either of the two splendid instruments shown on this page. There is no interest or extra charge of any kind except freight to be added. The price you pay is the price shown in the catalog description.

These pianos are all sold on a 30-day trial offer, with the distinct understanding that if, at the end of that time, you are not entirely satisfied, we will take the piano back and return your deposit, together with all freight and transportation charges you may have paid. All Beckwith instruments carry a 25-year guarantee against defects in material or workmanship. This is more than a guarantee. It is a symbol of the confidence which we, as manufacturers, have in Beckwith pianos and a pledge of fine quality throughout.

MANY of our customers prefer a piano with the round truss and pilaster instead of the conventional square design shown above. We have, therefore, created the style shown at the right with a bench to match. This is very beautiful instrument which will prove highly satisfactory to our customers. he piano is the same quality as the one illustrated above; the slight difference in rice is due entirely to the lower manufacturing cost of the case. Here at a low rice are all the things which constitute fine quality in a piano—a well built, care-lly finished case, neat modern design, quick repeating action, copper wound bass rings, ivory covered keys and brass trimmings. A piano such as this will answer or all time the question of good music in your home.

The only way to measure the quality in a piano is by its performance. There re Beckwiths in service today that have outlived our twenty-five year guarantee nd still are in perfect condition. We know of no other piano with the features ound in the Beckwith offered at anywhere near its price.

Size, 5 feet 1½ inches long, 4 feet 4 inches high, 2 feet 1 inch wide. Shipping eight, 775 pounds. **Shipped from factory in SOUTHERN INDIANA or EW YORK CITY.**

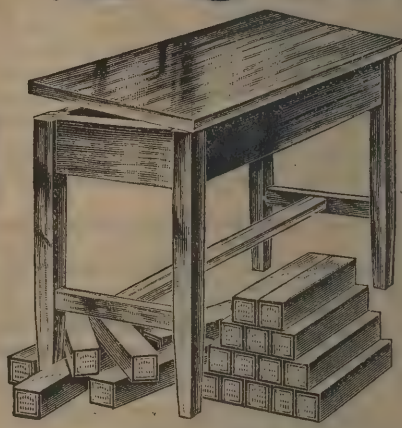
If you prefer a piano larger or smaller than those illustrated on these pages send for this special Beckwith Piano Catalog 561F.

Beckwith Players
Three Styles-One Quality

$10.00 Down



With any of the three player pianos on these two pages, we include a combination duet and player bench with a compartment for sheet music, and twenty player rolls.

Any One Can Play a New Era Beckwith Player

Save!

BETWEEN the daylight and the dark, there is an hour that only music can fill. Nothing will take the place of song. Turn to the Beckwith and release its clear, golden tones. In an instant the house that you have kept all day is home.

No musical training is necessary to play the New Era Beckwith; it plays by roll. Yet throughout its playing your hand is on the keyboard controlling its every tone. Here every mood is gratified. You can soften it to a whisper or raise it to a crescendo of glorious harmony. You can play it fast or slow, accompany voices or instruments.

The player action of the New Era Beckwith is perfect. It registers your touch exactly. Nothing is lost. You can do anything you could do by hand. The Beckwith tones are clear as a bell, as lovely as a symphony. Every Beckwith has a full complement of expression levers which enable anyone, young or old, to play correctly and beautifully. Even a child can play it well.

With the New Era Beckwith player piano, the whole world of music is before you. Restful, soothing pleasure for the housewife, education and entertainment for the children, complete relaxation and recreation for the rest of the family. The New Era Beckwith is not only a thing of beauty, but a joyous, pleasure giving addition to your household which you cannot afford to be without.

HERE is the player piano we recommend for your home. Its gr ful design, elegant appearance, clear, soft, sweet tone and the with which it can be played, will instantly with the admiration who see and hear this latest Beckwith.

We know of no player piano which will give better satisfaction, w has a finer tone quality or which is more durable and lasting. Conside the price at which it is now offered, no home need be without this player piano.

The model shown above is 5 feet 1½ inches long, 4 feet 4 inches 2 feet 4 inches deep. With its many improvements and refinements ask our customers to compare it with the highest priced player pian the day. It contains every necessary attachment for reproducing finest music by roll. Has a transposing device which will enable an instantly to change the key, so indispensable for singing. The automatic susta pedal at just the right moment removes the dampers from the strings, giving tha loud pedal effect so noticeable in hand playing. Automatic tracking device keep music roll running evenly over the tracker bar at all times. With the double veneered made in genuine mahogany, quarter sawed oak and American walnut, its dull satin rubbed finish, copper wound bass strings and brass finish trimmings, you have piano which you will be proud to own in the years to come. Direct From Factory Popular Apartment Size

A piano is a lifetime investment to the average family. If you want one that will stand up and outlast the years, know the firm you buy from. How long have they been in business? With what success? How have they made good their guarantee? This is the one thing you should be fully interested in before you buy a piano from anyone.

$12.00 per Month

Here is a distinctive player piano. It is the New Era Beckwith. The round trusses and pilasters add a note of individuality to the design. Except for the construction of the case, it is exactly the same size and quality throughout as the player shown on the opposite page.

You can purchase this instrument with the assurance that it will please you in every way, and if for any reason it should not, we will take it off your hands at the end of the 10 day trial period and return your deposit together with all transportation and drayage charges you may have paid. The trial will not cost you one cent.

Remember, this instrument is our finest Beckwith player, with transposing device for changing the key, automatic tracking device, automatic loud pedal, and other features which you find in the very highest priced instruments sold elsewhere. Comes in dull satin finish only. Size, 4 feet 4 inches high, 5 feet 1½ inches long and 2 feet 4 inches deep. A ukulele attachment will be installed in any Beckwith piano or player piano for **$10.00** *extra.*

Any Beckwith player can be played by roll or by hand. Easy to pedal and very responsive.

Enjoy!

Easy Payments 30 Days Trial No Interest

The Cases of the two Pianos on this page are veneered inside and out, the outer veneer being Genuine Figured Mahogany or American Walnut. Comes only in dull satin finish

For those of our customers who want something a little better than the average, for discriminating people who demand and appreciate the very latest in design, we offer the distinctive model shown at the right. With its many improvements and refinements it is one of the finest and most artistic player pianos we have ever offered. We do not hesitate to ask you to compare it with the highest priced player pianos of the day. Although it is the same size and construction throughout as the other two players shown on these pages, it is more expensive to make because of the carved trusses and pilasters. This makes a very handsome design which is distinctive in appearance and will be a constant source of pleasure to any purchaser. As a piece of furniture, it can take its place in the most elaborate home. As a player piano, we know of nothing better from the standpoint of appearance, durability or performance. We highly recommend it to those who want something a little different. Comes in dull satin finish only. Size: 4 feet 4 inches high, 5 feet 1½ inches long, and 2 feet 4 inches deep. Shipping weight, 875 pounds. **Shipped from factory in SOUTHERN INDIANA or NEW YORK CITY.**

68F297—Player Piano in Mahogany With Player Bench and Twenty Music Rolls. $10.00 with order, balance $12.00 a month. **$456.00**

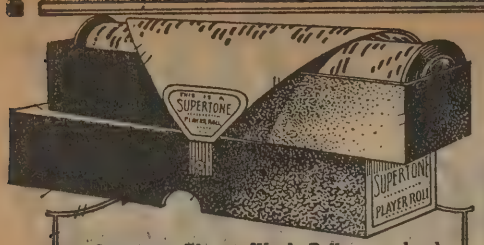
For Walnut, add $10.00 to the price.
For Ukulele attachment add $10.00 to the price
Use Time Payment Order Blank on Page 1100.

The New Era Beckwith, see page 572.

For over thirty years, we have been the World's largest Piano Store. Over 100,000 Beckwiths are in use in every state and practically every county — a record for the piano industry. In hundreds of the finest homes, you will find the Beckwith—in families where the name is appreciated.

Out of the hundreds of pianos on the market today, there is only one thoroughbred—The Beckwith. Don't take risks with your dollars. Buy this fine piano, the piano of the old school—"a musical instrument with a heritage." We not only guarantee the Beckwith, but we guarantee your satisfaction with it all the years to come.

3 Years to Pay! No Interest



43¢ SUPERTONE 43¢
Each WORD ROLLS Each

Supertone Player Word Rolls are hand played reproductions by famous pianists. The words are plainly printed on the right hand side of the rolls. Each roll contains two verses and two choruses.

All Supertone Player Rolls are mechanically perfect and musically correct. They are put up in neat and serviceable strawboard boxes covered in imitation of leather.

Phonographs of Proved Quality

The history of the SILVERTONE is one of achievement. In over one million homes throughout the country it is considered the dominant phonograph. No greater phonograph value has ever been offered. There is a SILVERTONE to conform to every requirement of cost or surroundings. From the small portable model to the largest and most expensive upright or console, you get full value for your money, if measured solely by its intrinsic worth. But on a basis of musical quality its value is priceless. Noted singers may pass away, famous orchestras become disbanded and song hits of the day fade into the unknown. But with the SILVERTONE all can be recreated at their best. Every day, every hour, as often as you wish, you can play the music of all the world. Can you afford to be without the instrument which makes all this possible?

Why We Can Undersell Others

Our prices are astonishingly low because we eliminate salesmen's commissions, dealers' expenses and middlemen's and jobbers' profits—that part of the price which gives no better music and no better looking phonograph. We sell from the factory at manufacturing cost plus only our one profit. We guarantee that in musical qualities and mechanical perfection the SILVERTONE is equal to any phonograph at double our prices. The tone is wonderfully rich and mellow. The mechanical parts are as near perfection as any we have ever seen and the cabinets are of the superior quality usually associated with the better class of furniture.

Easy Payments—No Interest

Our payment plan (does not apply on portable or table models) is so liberal that you can buy one of the finest SILVERTONES, which will give you a lifetime of pleasure and musical satisfaction, and scarcely feel the expense. Furthermore, since no interest or extras of any kind are added, the prices quoted represent exactly what you have to pay, exclusive of transportation charges.

Get your SILVERTONE now! Start sharing the happiness which the SILVERTONE has already brought to over one million families.

Two Weeks' Free Trial

All SILVERTONE phonographs, including the portable and table models which are sold for cash, are shipped on a two weeks' trial in your own home. There you can compare the one of your choice with other instruments, test it carefully, and decide whether it meets your requirements. If it does not please you in every way, we will take it back at the end of the trial period and immediately return the amount you have paid, together with transportation charges.

The Portola

An Ideal Christmas Gift

The PORTOLA will supply, in a practical, inexpensive way, the interest and enthusiasm that music brings into parties, camping trips and outings. As a gift it would be appreciated exceedingly for its fine tone quality makes it an ideal phonograph for the home. Take advantage of our Two Weeks' Trial offer. You will be convinced that the PORTOLA is the most exceptional value in portable phonographs.

GUARANTEED MOTOR

The PORTOLA has a regular Silvertone single spring motor, which will play two 10-inch selections with one winding. It is not to be compared with the average cheap motors ordinarily used in portable phonographs which are sold at or near our price.

THE PORTOLA IS EQUIPPED WITH

Nickel plated brass tone arm. 10-inch felt covered turntable. Keratol covered holder for 10-inch records. Suspended tone chamber. Plays all 10 and 12-inch records (except Edison). The needle cup has spring covers (to prevent needles from falling out). Covered with black wear and weather resisting keratoh. It is 14⅝ inches long, 11¼ inches wide, 7 inches high. Steel needles included. The PORTOLA can be sent by mail. Shipping weight, 19 lbs.

46F602—The PORTOLA. (No records included)..... **$14.95**

Sold for cash only

4 BIG FEATURES 4

Dovetailed Corners

1— Insures lasting service. On most portables the box is only nailed.

Nickeled Brass Hardware

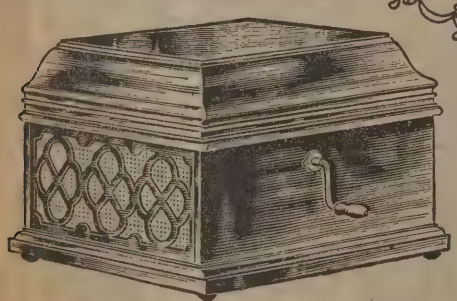
2— Exterior trimmings being nickel plated brass, will not rust. Ordinarily, nickeled steel is used which is not rustproof.

Triple Riveted Leather Corners

3— Add considerable strength and improve the appearance. We consider these corners essential to good service.

Hardware Riveted in Place

4— Most portable boxes are made of thin wood, and screws will not always hold satisfactorily. As an extra precaution, we rivet the handle, latches, needle cup, corners and hinges so they cannot possibly come off.

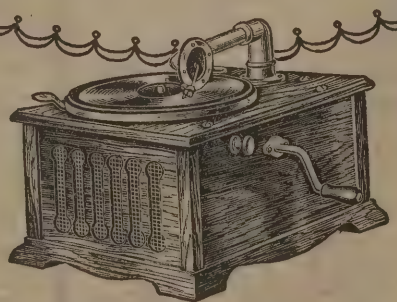


The Elite

In this new SILVERTONE you find all the advantages and pleasures of a large cabinet phonograph. The design is one we are sure will be very popular. The reproducer, tone arm and sound chamber are patterned after our larger models and, consequently, possess the same fine tone quality as our larger phonographs. **Has a quiet running, double spring motor which will play many selections with one winding.** Can be wound while playing. Two needle cups. Cloth backed grille. Rubber feet to prevent marring finished surfaces. Size, 18⅝ inches deep, 15⅝ inches wide, 13 inches high. Plays all disc records. 12-inch felt covered turntable. Metal parts heavily nickel plated. Steel needles included. Made of selected hardwood. Shipping weight, 30 pounds. **Can be shipped by parcel post.**

46F4607—The Elite, dull rubbed mahogany finish. No records included. **$21.50**

Sold for cash only



The Junior

This is a surprisingly good musical instrument with a mellow tone. Fine quality throughout. Made of selected oak, finished in a fumed color which is a nut brown shade. **It is essentially a phonograph for the home,** but because of its light weight it is ideal for outings. The Junior is 15 inches deep, 11½ inches wide and 7½ inches high. Has a cloth back grille and plays all 10 and 12-inch disc records, strong single spring motor which can be wound while playing. 9-inch felt covered turntable. Has two needle cups, one with cover. Nickel plated metal parts. Rubber feet to prevent marring finished surfaces. Assortment of steel needles included. Weight, ready to play, 12½ pounds. Shipping weight, 17 pounds. **Can be shipped by parcel post.**

46F4604—The Junior, oak, fumed finish. No records included..... **$13.45**

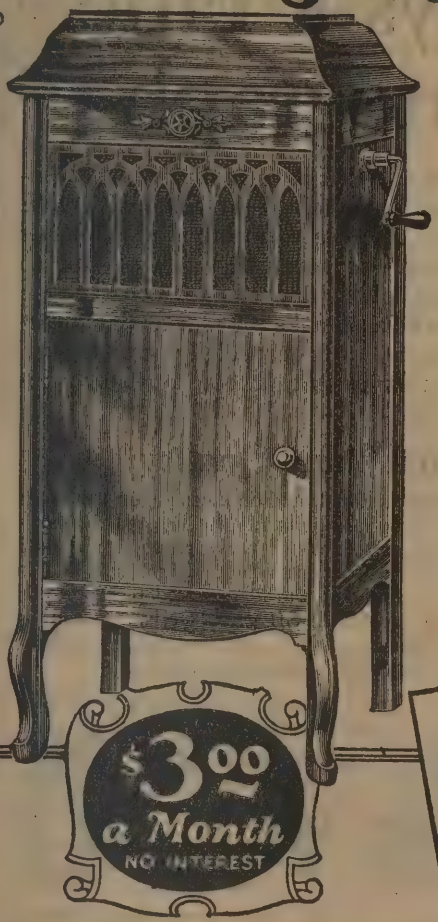
Sold for cash only. Not mailable.

The Two Outstanding Phonograph Values in America

The Tivoli



WONDERFUL TONE QUALITY

Tone—that's the big thing, the all important thing in a phonograph. TONE—real musical tone. When you hear the TIVOLI you will marvel that all music can be reproduced with such absolute fidelity. It is just as though these famous musicians from all over the world had come to your home. You not only hear them; you feel their very presence as they sing or play. Their living personalities are there, right before you, so perfectly does the TIVOLI reproduce every note, every delicate shading of tone, every characteristic of the artist.

We are able to offer you this beautiful Queen Anne model SILVERTONE at a most unusual price. If purchased in the regular way it would cost $75.00. Made with genuine mahogany or walnut veneers. The door is five-ply, full ¾ inch thick. The sides and back are framed-in, which type of construction is used on the most expensive models. Has a sweet, clear tone of ample volume. **Practically all of the best features of phonograph construction have been retained,** so that in our estimation this is the greatest value offered in an instrument of this kind.

Has spacious record compartment, which can also be used for radio batteries if desired; beautiful cloth backed grille, and piano hinged top.

The TIVOLI is 42 inches high, 18 inches wide, 19 inches deep. Silvertone reproducer and Universal arm to play all disc records. Double spring motor, 12-inch felt covered turntable, nickel plated metal parts. **Shipped from factory in SOUTHERN INDIANA.** Price includes five Silvertone records (our selection) and an assortment of steel needles. Shipping wt., 90 lbs.

Augusta, Wis.
Sears, Roebuck and Co.

Dear Sirs:
Received your SILVERTONE Phonograph and will say that for Volume of Tone and Beauty of Finish, it is as good as any I ever saw or heard, and I know for a fact that I saved at least $20.00 by purchasing of you.

Yours truly,
(Signed) WM. SCHMIDT

Taylorsville, Miss.
Box 151.
Sears, Roebuck and Co.

Sirs:
I am delighted very much with my SILVERTONE Phonograph. The Tone is wonderful! I am sure no better bargain could be obtained anywhere.

Yours truly,
(Signed) PAUL A. WILLIAMS

The Biltmore

No other console phonograph of quality equal to the BILTMORE has ever been sold at this low price. The World's Largest Store, with its great manufacturing facilities, is far ahead of any other dealer in offering such a remarkable value. It is a beautiful Queen Anne SILVERTONE in **genuine mahogany or genuine walnut veneer for less than you would pay elsewhere** for an inferior phonograph of cheaper construction. The name, SILVERTONE, is your guarantee of sound, honest workmanship.

The top and doors are five-ply, full ¾-inch thick, the same construction that is used in very high priced instruments. The top lid is secured in place with a continuous piano hinge. The elaborate grille adds greatly to the beauty of the instrument. The BILTMORE is 32½ inches long, 32 inches high and 19½ inches wide. Silvertone reproducer and Universal tone arm plays all disc records. Silent running, double spring motor. 12-inch felt covered turntable, nickel plated metal parts. Shipping weight, 105 pounds. **Shipped from factory in SOUTHERN INDIANA.** We include five Silvertone records (our selection) and an assortment of steel needles.

EVERY HOME SHOULD HAVE A PHONOGRAPH

Buy at These Low Prices!

Silvertone Phonographs
Are Good Phonographs

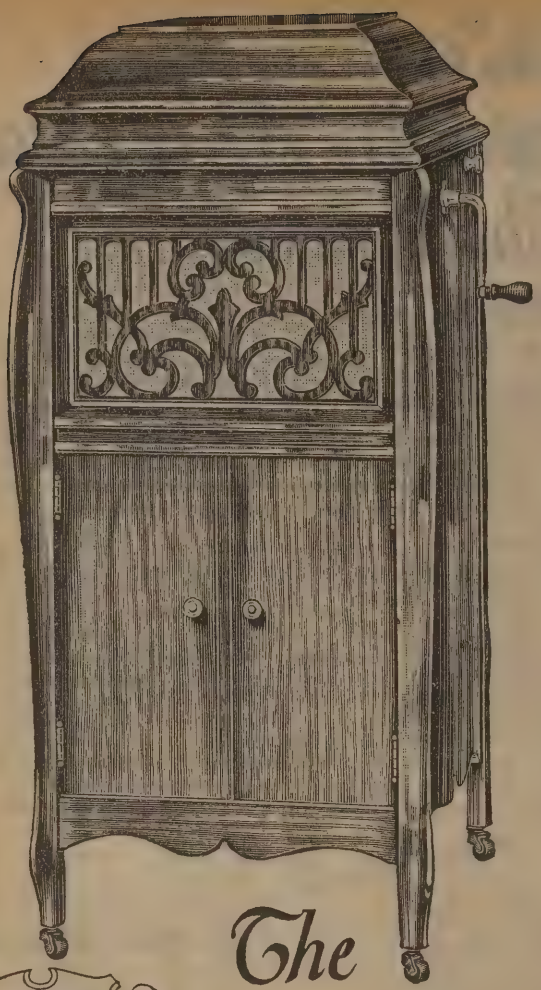
Silvertone

Always a Fine Phonograph

To see and to hear the Drexel is to realize what exceptionally fine values can be obtained in SILVERTONE phonographs. Certainly, there are no other instruments on the market like them—so musically perfect and so remarkably low in price. The fine cabinet construction and artistic design of the Drexel make it a marvel of endearing and enduring beauty. Its especially constructed "singing throat" produces a soft, sweet tone of great richness.

Exceptional Tone Quality

The upright and console models, illustrated on these pages, are made with an iron throat, a wood reproducing chamber, a tapered tone arm and a very sensitive reproducer. Each of these parts is designed to give the best possible results in relation to each other part. This is the same general construction found in the high priced phonographs so widely advertised. When you buy a SILVERTONE, you can be sure you are getting an instrument of the finest tone quality and, at the price, the biggest value you can possibly secure.



The Drexel

$5.00 Down $5.00 a month

The DREXEL is 45 inches high, 20½ inches deep, 20½ inches wide. Plays all disc records. Silvertone reproducer and tone arm. It has a tone modulator to regulate the volume of sound. Twelve-inch felt covered turntable. Powerful, quiet running, double spring motor. Nickel plated metal parts. **Shipped from factory in SOUTHERN MICHIGAN.** Five Silvertone records (our selection) and an assortment of needles included with each instrument. Shipping wt., 130 lbs.

We make the Silvertone in our own big phonograph factory. Thus we can absolutely control quality. We **know** how well the Silvertone is made, we **know** how fine and splendid the tone quality. Other dealers and other distributers offer you phonographs made by many different manufacturers, some of whom are not as particular about the quality as we are. Your good will is our greatest asset. We would never sell you a phonograph that would not give you years and years of enjoyment, a constant reminder of the values you can get from the World's Largest Store.

$5.00 with order; balance, $5.00 a month. Use the Time Payment Order Blank on page 1100

The Regent

Striking example of the saving you can make in buying from us is this beautiful design with the selection of records we give with it. It is a bargain we are sure you will appreciate as soon as you try it and make comparisons with other standard phonographs selling at much higher prices. It has the same graceful, sweeping lines, large record compartment and double doors that are found in much higher priced phonographs.

You will find the REGENT pleasing to look at and still better to hear—a musical instrument of wonderful charm. We know you will be delighted with it when you see and hear it and realize what an extraordinary value it is.

The REGENT is 41 inches high, 18½ inches wide, 20½ inches deep. Silvertone reproducer and universal tone arm to play all disc records. Tone modulator to regulate volume of sound. Powerful double spring silent running motor. 12-inch felt covered turntable. Nickel plated metal parts. **Shipped from factory in SOUTHERN MICHIGAN.** Price includes five Silvertone records (our selection) and an assortment of steel needles. Shipping weight, 110 pounds.

Silvertone

Truphonic Phono-Radio

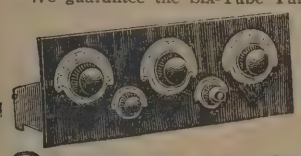
A combination of the finest in phonographs and a complete six-tube radio set of proved merit. Encased in a beautiful Queen Anne design cabinet finished in genuine walnut veneer in a pleasing two-tone effect. The Phono-Radio will provide you with a diversity of entertainment that you never though possible.

At the turn of a lever you have a wonderful radio set. Whether the station you want is near or far, this set will quickly respond. You can tune in as quickly as you can tune out.

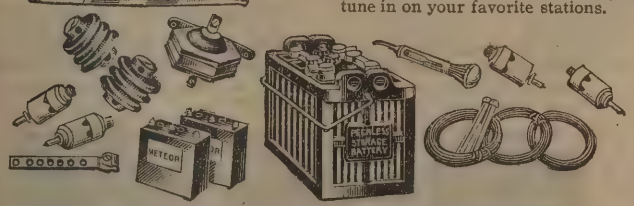
At another turn of the lever it is a supreme phonograph that reproduces perfectly the human voice or any instrument. In the Phono-Radio, **we have incorporated our marvelous, new, Truphonic system of sound reproduction and amplification.** This is the very latest development in phonograph construction, and brought to its highest perfection by our own engineers in our own big factories. All tones issue from it with a clear, natural, lifelike reproduction that is a startling revelation to music lovers. You will be enthralled by the majesty and sweetness of the music. **In only a few of the very highest priced phonographs made today, costing three or four times as much as the SILVERTONE Truphonic, can you obtain anything even approaching the beauty of the Truphonic tone.**

At our low price you save money when buying this instrument **as a phonograph only!** You may consider then, that you are getting, in addition, a splendid radio at no extra cost to you.

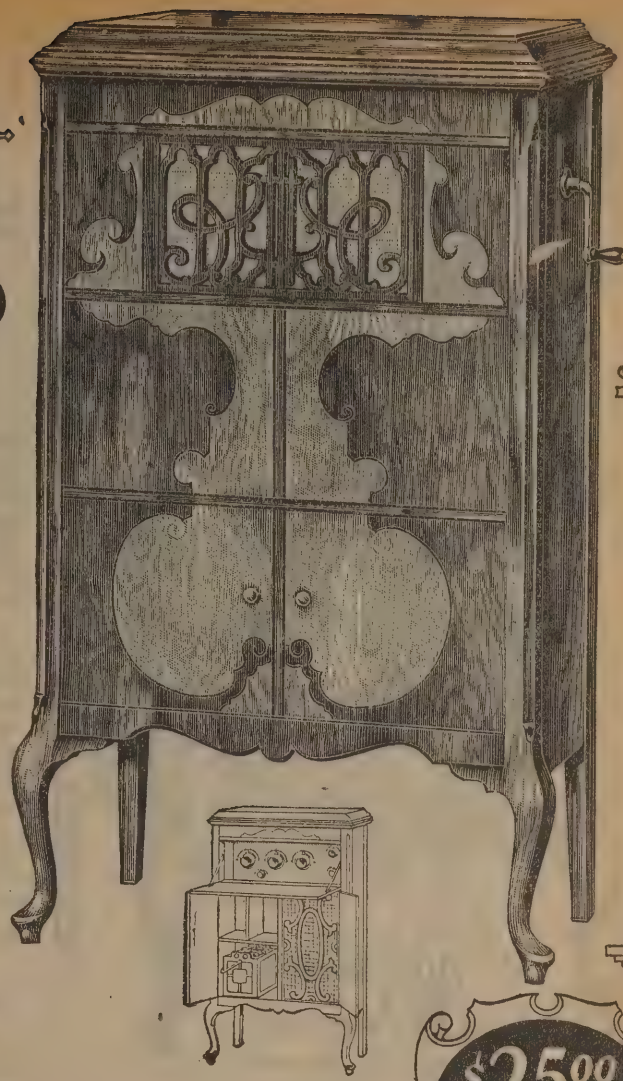
We guarantee the Six-Tube Tuned Radio Frequency Set, installed in this Phono-Radio, to be equal in range and quality of reproduction to any six-tube receiver on the market. Under favorable conditions it should bring in all stations up to 1,000 miles or more. It is a highly selective set, designed to meet every present day broadcasting condition. With this set it is possible to tune out powerful nearby stations. Its tonal qualities will captivate you.



This Phono-Radio comes complete with six tubes, one "A" battery, two "B" batteries, one "C" battery and complete ground and aerial equipment. There is nothing else to buy—just connect your aerial and ground; then tune in on your favorite stations.



Illustrations show the radio panel, also the complete equipment furnished with the SILVERTONE Truphonic Phono-Radio.



Consider the cost of the Phono-Radio. Only $166.00! Amazing, isn't it? This low price is made possible through quantity production and our great buying power. If you wish, you can purchase this instrument on the deferred payment plan—an initial payment with order and balance monthly. Price includes all accessories, 5 Silvertone records (our selection) and assortment of steel needles. Send in your order together with the $25.00 down payment today. It will mean another step to a happier life. **Shipped from factory in SOUTHERN MICHIGAN;** accessories from our store to insure fresh batteries fully charged. Shipping weight, 290 pounds.

The Riviera

Not Equipped With Radio

The SILVERTONE stands supreme as a musical instrument of the very highest type. In the RIVIERA model we have demonstrated our ability to match this musical quality with beautifully proportioned and carefully finished cabinet work. **You will wonder when you see and hear it how we sell such a handsome phonograph for so little money.** It is carefully constructed throughout of genuine mahogany or walnut veneer. At the left is a record compartment, while the door at the right opens to the tone chamber and can be used to regulate the volume of tone. There is no radio attachment with the RIVIERA.

The RIVIERA is 32 inches long, 31 inches high and 20½ inches deep. Has Silvertone universal tone arm to play all disc records. Powerful, quiet running, double spring motor, 12-inch felt covered turntable, nickel plated metal parts. **Shipped from factory in SOUTHERN INDIANA.** Price includes five records (our selection) and an assortment of steel needles. Shipping weight, 120 pounds.

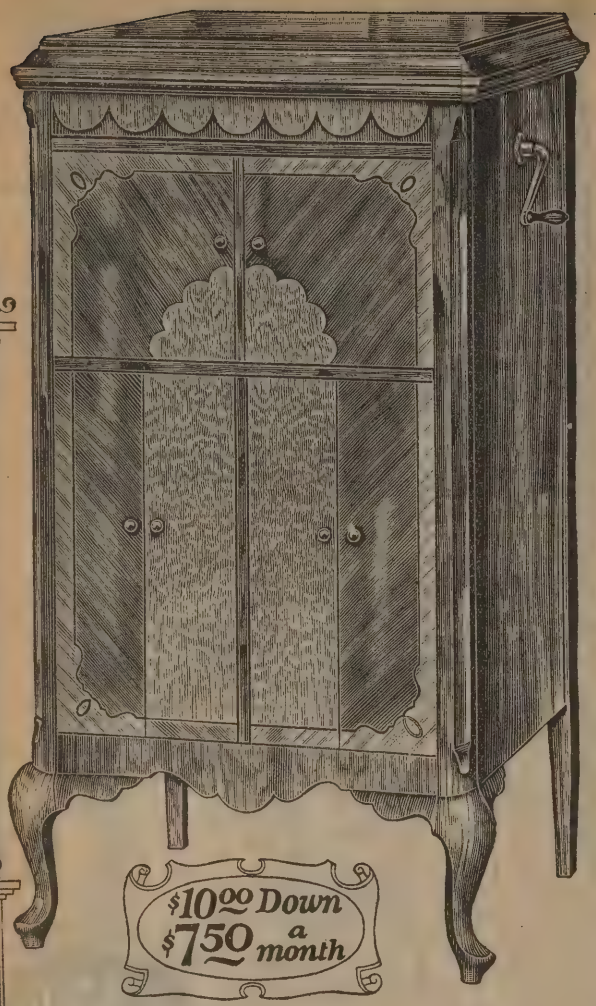
Truphonic

The Latest Development in SILVERTONE PHONOGRAPHS



CATHEDRAL of phonographs! Majestic music! Marvelous purity of tone! A new world of beauty and pleasure is yours with the Silvertone Truphonic!

THE Silvertone Truphonic is one of the very latest and the most scientific sound reproducing musical instruments ever devised. Here is a phonograph so marvelous in its beauty, the clarity, and the quality of its new tone, that it is as far ahead of the phonographs we have known as a mighty church organ is ahead of a hand organ. It is hard to believe that the remarkable, lifelike music issuing from this new instrument is reproduced music and not original. Voices, violins, pianos, melodies, grand opera or jazz, come forth with a pure, bell-like tone unlike anything we have ever known. High notes, low notes, these flow out from this new Silvertone with complete individuality and absolute separation. There is no confusion of tones.

In our own big musical instrument factories our engineers have been busy for months, studying, testing, experimenting with every known and many new methods of sound reproduction. Finally a new discovery, an entirely original principle of phonic sound was developed. We have called this principle Truphonic because it is so true, so natural, so lifelike in tone.

The public has long awaited this new development in phonographs. Other makes of similar types have been offered at very high prices—but it remained for the World's Largest Store to bring the price within the reach of all. Our enormous buying power, our extensive manufacturing facilities, our long standing policy of giving our customers the benefit of every saving—all contribute to the exceptionally low prices.

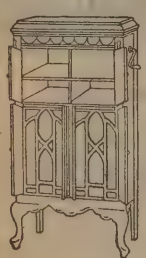
Both the Birchmont and the Kenmore models are constructed with the new Truphonic equipment, and both are superb examples of the saving you can effect when you buy here. Compare the dimensions of either Silvertone, remember that we have been building phonographs for many years, that we make every cabinet ourselves, that we use only fine, mahogany or walnut veneers and the same quality equipment that has made the Silvertone the favorite in over a million homes.

Two Weeks' Trial—Easy Payments—No Interest

So confident are we that our Silvertone Truphonic will delight every purchaser that we will gladly send you the instrument of your choice with the understanding that you can try it in your own home for two weeks without one cent of expense. This gives you ample opportunity to compare its matchless tone quality, its beautiful proportions and finish, its sound workmanship.

Play it in your own home before you decide to keep it. Just send us the required payment with your order and if, after two weeks' trial, you are not fully satisfied, ship the instrument back and we'll send you your money and all transportation charges.

Birchmont



This is a beautiful Queen Anne design cabinet, which is finished in genuine walnut and mahogany veneer in a pleasing two-tone effect. It will add grace and charm to any room of the house, harmonizing nicely with your other furnishings. The cabinet stands 48 inches high, is 24 inches wide and 21 inches deep. Has the famous Silvertone double spring motor, extra strong and silent running. New Silvertone reproducer tone arm and especially constructed, extra large sound chamber. All exposed metal parts beautifully nickel plated. Has 12-inch felt covered turntable. **Shipped from factory in SOUTHERN MICHIGAN or from our CHICAGO STORE.** Price includes five Silvertone records (our selection) and an assortment of steel needles. Shipping weight, 180 lbs.

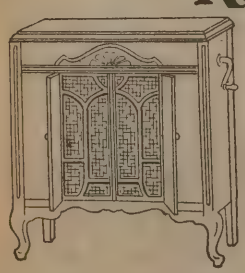
Kenmore



A console model of exceptional beauty in an exquisitely fashioned Queen Anne period cabinet. The two-tone finish is genuine Mahogany or Walnut. This model is built along the same lines as the new, slightly higher consoles which have recently become so popular. We believe you will be more than pleased with the Kenmore, as its appearance stamps it as a quality product, easily worth two or three times our low price. It is 36 inches high, 32 inches wide and 21 inches deep. Has the famous Silvertone double spring motor, extra strong and silent running. New Silvertone reproducer tone arm and especially constructed, extra large sound chamber. All exposed metal parts beautifully nickel plated. Has 12-inch felt covered turntable. **Shipped from factory in SOUTHERN MICHIGAN or from our CHICAGO STORE.** Price includes five Silvertone records (our selection) and an assortment of steel needles. Silvertone Standard Steel Needles

EXTRA FINE QUALITY

Perfect Points—Uniform Lengths
Non-Rust Finish

500 Needles ONLY **29c**

Good Needles Mean Better Music From Your Phonograph and Longer Life for Your Records

Our Silvertone steel needles are made of the finest steel obtainable for this purpose and are highly plated and polished. They run uniform in length and thickness and should not be compared with the many cheap steel needles on the market.

For use with Silvertone or any other lateral cut disc records

12F6130—Soft Tone. Per 500 needles.....**29c**
12F6131—Medium Tone. Per 500 needles.....**29c**
12F6132—Loud Tone. Per 500 needles.....**29c**
12F6133—Extra Loud Tone. Per 500 needles....**29c**
Shipping weight, 500 needles, 4 ounces.

Unitone Steel Needles

500 Needles for 18c

Good needles are essential for perfect reproduction and to guarantee long life to your records. The difference in cost between cheap needles and good needles is so small that it does not pay to use any but the highest grade. For those who desire inexpensive needles the UNITONE brand will prove to be equal to the best grades sold by many others, but we recommend for the difference in price the SILVERTONE NEEDLES listed above which are equal to the highest grade needles on the market.

Shipping weight, 500 needles, 4 ounces.

12F6134—Medium Tone. Per package of 500...**18c**
12F6135—Loud Tone. Per package of 500.....**18c**
12F6136—Extra Loud Tone. Per package of 500...**18c**

Fibre Needles

The tone produced by fibre needles is soft and sweet, just the proper volume for the home. **The reproduction is remarkably free from scratch, and records played only with fibre needles will last indefinitely.**

These needles may be used repeatedly, as they may be repointed by means of the cutter listed below. These fibre needles may be used with any Silvertone, Victor or other machine of this type, provided reproducer is made with triangular needle hole. They play any lateral cut disc records. Shipping weight, 2 ounces.

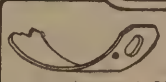
12F6144—Package of 100 needles.....**33c**

Fibre Needle Cutter

For repointing fibre needles. Saves its cost many times by lengthening the life of your needles. Very durable. Shipping weight, 8 ounces.

12F6115.....**58c**

Mainsprings



Marine End

Rectangular End

Mainsprings connect with the spring barrels in different ways. Most have "Marine" ends; some have "Rectangular" ends; some have two different type ends on the same spring. The illustrations show these various kinds. **In ordering read closely the descriptions and then consult these drawings.** Order lubricant when you order the spring. See Silvertone Mainspring Lubricant at left above.

Governor Springs

In replacing a broken governor spring it is necessary that the new spring be exactly like the old one in length, thickness and weight of ball. If these instructions are not followed, the motor will not run quietly and true. Therefore, we list governor springs only in sets of three, weights attached. Shipping weight, set of three, 5 ounces.

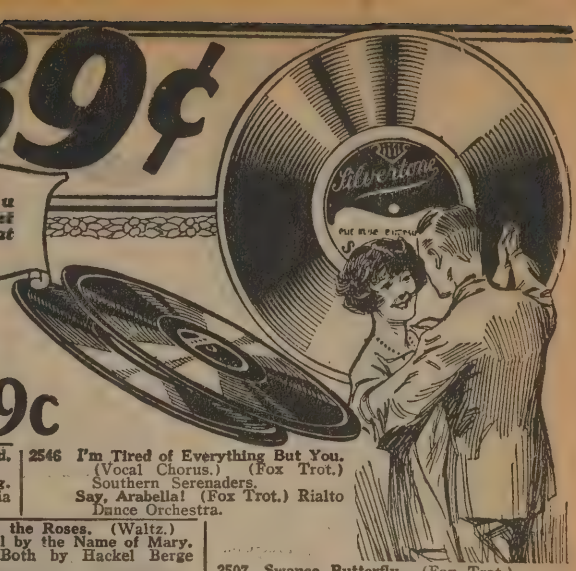
I Never Knew.
Both by Irving Kaufman.

Records Only 39¢ LABEL

It is not what you pay—it is what you get for what you pay that constitutes value.



WE INVITE COMPARISON

SPECIAL attention is given to band and orchestra records (which are difficult to produce perfectly), bringing out every instrument clearly, yet not loud enough to muffle the tones of the solo instruments.

Our titles have been selected to give our customers their choice of a great variety of selections. Our assortment is large, without being confusing.

Compare these Brown Label SILVERTONE Records with the best class in the market, regardless of name or trade mark.

They can be played on any standard phonograph with the exception of the Edison and Pathe, on which a special attachment is necessary.

Dance Selections

12F6201—Order by catalog number 12F6201 and give selection number of each record. All are 10-inch records. Shipping wt., 2 lbs..... **39c**

SEARS, ROEBUCK AND CO. WLS The World's Largest Store

Complete Radio Service

FARM SERVICE
WLS
World's Largest Store
THE World's Largest Store is constantly striving to give to its listening friends the fullest measure of radio service in instruction and entertainment.
Beginning in the early morning with the sunrise broadcast and continuing through the day until the wee sma' hours, W L S is on the air—twelve times a day.
Our livestock and grain quotations, gathered from the most dependable and reliable sources, are of inestimable value in telling the farmer when and what to sell. Master minds of agriculture are constantly exploiting the newest and best in farm operation. Regular weather reports enable the farmer to plan his work successfully.
Only recently a telegram from the winning pilot in the National Balloon Race informed us that our aviation report, received in the balloon, greatly assisted in winning the race.

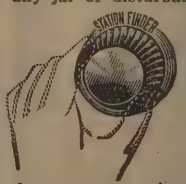
Construction

Six storage battery tubes insuring power, volume and superb tone quality.

Detector tube is mounted in a specially constructed floating type socket absorbing any jar or disturbance to set.



Three heavy low ratio transformers, insuring clarity and realism in the reproduction of both high and low tones.

All stations located by the turning of a single large knob, the use of one hand only being necessary. All condensers operate in unison by a mechanical arrangement connected to the station finder knob.

Station wave lengths and graduations appear in a window which is illuminated by a small electric light set behind the front panel.

Condensers are of the most approved type to insure uniform distribution, and best results in bringing in stations.

Beautiful console type cabinet made of genuine walnut veneer stock, dark walnut finish. Front is set off by an attractive, routed design in a three-tone effect. Large built-in sound chamber to which is attached a high grade reproducing unit. Radio assembly mounted on a pull out slide, affording ready access to tubes. Size of console, 30 inches wide, 15½ inches deep and 46 inches high.

CONSTRUCTION

All five tubes are mounted on a heavy, floating type sub-base which absorbs any disturbance or jar to the set which might otherwise be heard through the reproducer.

Condensers are of the latest design to meet present day broadcasting conditions, thus giving a uniform spacing of stations throughout the entire dial without undue congestion at any one point.

Large transformers with heavy cores, which bring out low tones with distinctness and realism. Transformers well spaced to prevent inter-action.

Latest type low loss coils wound on heavy tubing having high signal strength and permitting sharp tuning.

Panel is made of solid steel, faced with a special composition that beautifully harmonizes with the finish of the cabinet.

Silver finished metal shields, on which the proportional scale for finding stations is embossed, constitute a very striking, decorative feature.

Battery binding posts in back of set have fixed battery markers, plainly visible. Cable included, simplifying the connecting of batteries.

The assembly, comprising a five-tube tuned radio frequency circuit reflects skilled engineering, fine workmanship and a ruggedness of construction not found in the many light weight, poorly designed and hastily built receivers now on the market around our low price.

The cabinet is made of heavy genuine mahogany veneer stock; dark mahogany finish, decorated with line routing and two-tone effect. Top of console can be raised. Size of console, 32 inches wide, 17 inches deep and 41 inches high. Built-in sound chamber with high quality reproducing unit. Head phones can be connected whenever desired.

Thousands Now Giving Satisfactory Service

An ideal receiver for country use. It is a great distance getter; employs no storage battery, yet will operate a loud speaker with ample volume. It embraces the famous Armstrong regenerative circuit, recognized among radio engineers as being the most highly efficient and best suited for a three-tube radio receiver.

The exceptionally low price at which we offer this Meteor set enables every home owner to enjoy the great advantages of radio reception. It faithfully reproduces vocal or instrumental music. It brings to you weather reports, commodity quotations, news items and many worth while practical features. A set that is being used daily by thousands of satisfied owners.

Simplicity, compactness and utmost dependability are features characteristic of this receiver. The assembly constitutes a solid unit, it being built in a rugged manner of strictly quality parts and is far superior to the many poorly constructed receivers on the market selling at low prices. It is truly a set that you can point to with pride in all details of appearance and performance.

A distance of over one thousand miles can be easily accomplished under favorable conditions when using head phones. One half of this distance can oftentimes be brought in over the loud speaker if conditions are right and a good aerial is installed.

Reception Use Sears Batteries

Meteor "B" Batteries

ONLY $2.19

Real Money Savers! **Standard 45-Volt Battery . . .**

METEOR "B" Batteries are low cost, but of good quality. They are better batteries than many dealers sell as their best, and at higher prices. Yet we are able to make these remarkably low prices on them because we buy in enormous quantities—for cash.

Thousands of our customers are enjoying more highly perfected radio reception since they began the use of METEOR "B" Batteries. They mean better programs at less cost. The METEOR is among the biggest batteries in America today.

You will obtain the best results with the most economy by following the table below in ordering "B" batteries:

For sets of four or more tubes, use 57F2405 Heavy Duty 45-Volt Battery.
For sets of one to three tubes, use 57F2360 Standard 45-Volt or 57F2406 Standard 22½-Volt Battery.
For portable sets, if 57F2406 is too large, use W L S 57F2432.

Catalog No.	Volts	Battery	Tapped	Shpg. Wt., Lbs.	Price
57F2405	45	Heavy Duty	22½V—45V	14	$2.93
57F2360	45	Standard	22½V—45V	10	2.19
57F2406	22½	Standard	22½V	5	1.19

The Standard of Perfection

World's Largest Store "B" Batteries

ONLY $2.58

Standard 45-Volt Battery . . . . . .

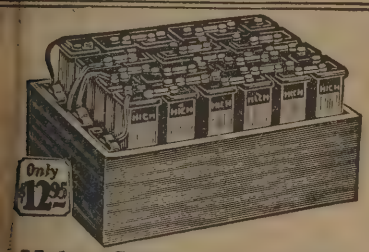
Our W L S "B" Batteries are equal to any battery now being sold, regardless of price, and superior to most. They are manufactured for us by the largest, most reliable and most widely nationally advertised battery concern in the country.

If you have been having poor radio reception due to inferior "B" batteries try our W L S. You will have the last word in perfection and will greatly improve your volume and tone quality.

For economy and best results, observe the following when you buy "B" batteries:

For sets of four or more tubes, use 57F2435 Heavy Duty 45-Volt Battery.
For sets of one to three tubes, use 57F2434 Standard 45-Volt or 57F2436 Standard 22½-Volt.
For Portable Sets: Use 57F2432 22½-Volt Three-Tap Battery.

Catalog No.	Battery	Tapped	Shpg. Wt., Lbs.	
57F2435	Heavy Duty 45V	22½V—45V	14	$3.45
57F2434	Standard 45V	22½V—45V	10	2.58
57F2436	Standard 22½V	22½V	5	1.39
57F2432	Small Cell 22½V	22½V	2¼	1.29
	(May also be used as "C" battery to supply the necessary 4½ and 18½ volts required for sets employing the dry cell power tube.)			
57F2433	4½-Volt "C" Battery		1¾	37c



Meteor Storage "B" Battery

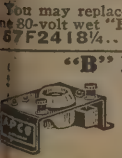
Our own Meteor Storage "B" Batteries, built for s by one of the oldest and largest battery manu- acturers of the country. The new Meteor embodies any features entirely new in the battery field. quare glass cell construction, high grade plates ith long life hardwood separators. Each cell marked show proper acid level. A hydrometer built in ch battery, acid proof Fahnestock connectors to minate corrosion, highly polished wood case special nt construction and lead connectors are some of e features now used in the new battery. The pacity of the 48-volt size is 2,500 milliampere urs. Shipping weight, 40 pounds. When packed e in a case, shipping wt., 60 lbs.

57F2376¼—48-Volt Battery. Each **$12.95**

Storage "B" Batteries

You may replace your dry "B" batteries with this e 80-volt wet "B." Shpg. wt., 50 lbs.

57F2418¼..... **$17.95**



"B" Battery Charger

Self polarizing combination vibrator and ordinary electric light bulb type charger. The charging rate is from one-tenth to one-quarter of an ampere, according to wattage of the bulb used and the battery being charged. ulb, which is the ordinary 50, 75 or 100-watt bulb, t included. Takes 110-volt, 60-cycle alternating rrent (ordinary city current). Shipping weight, pounds.

57F2408..... **$3.75**

B" Battery ydrometer

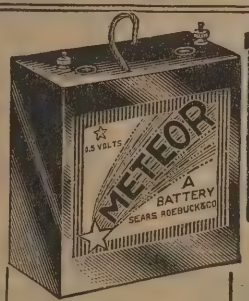
To get the best dio results keep ur radio batter- s fully charged. ou can tell just em to charge em if you have ydrometer. This is a small, impact instru- nt that can be ed for either " or "B" bat- y. Float plainly arked. Direc- ns furnished ith each tester. pg. wt., 1 lb.

57F2368.... **39c**

Belden Battery Cable

Five-conductor battery cord used for connecting "A" and "B" batteries with the radio set. This cord is standardized by the A. E. M. Made up in a single braid of brown glazed cotton; length over all, 6 feet. Ends trimmed and dip soldered. Shipping wt., ¾ lb.

57F2361..... **43c**

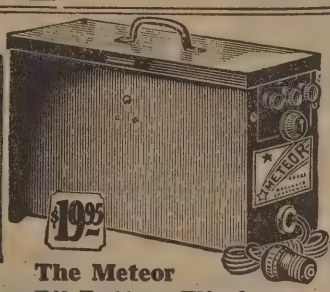


4½-Volt "A" Battery $1.98

Size, 6½x3¼x6¾ Inches for C299 and UV199 Tubes

Construction provides for long life and service. Composed of three 1½-volt units, connected in series giving a 4½-volt battery of high amperage and recuperative power. Shipping weight, 10 pounds.

57F2356.. **$1.98**



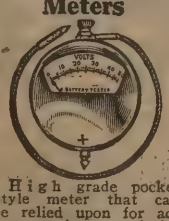
The Meteor "B" Battery Eliminator

Quality at Low Price, Only $19.95

This is an exceptional value, for if you were to purchase this "B" Battery Eliminator at any retail store under the manufacturer's name it would cost you nearly $35.00. Will give excellent results on any 4 or 5-tube set. Unit rectifies, filters and smooths out the ordinary city current. Absolutely no hum or distortion in the reception. Program will have good volume and rich tone quality at all times. You judge the results, and if you are not satisfied in every way, the Sears guarantee in satisfaction or money back holds on this as on every article in the catalog. Complete ready for operation. Shipping weight, 18 pounds.

57F2440¼..... **$19.95**

Pocket Style Meters



High grade pocket style meter that can be relied upon for accuracy. A very desirable instrument in any electrical work shop or around any radio set. Rubber covered flexible lead. Diameter, 2 inches. Shipping wt., 8 ounces.

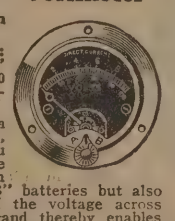
57F2392 — Voltmeter. Range 0 to 50 volts.... **69c**

57F2393 — Ammeter. Range, 0-35 amperes.... **54c**

"A" and "B" Voltmeter

Know the condition of your batteries.

Two Readings: 0-7½ Volts for "A" Batteries and 0-150 Volts for "B" Batteries.



Mounts directly in the panel of your set, not only enables you to keep an accurate check on the condition of your "A" and "B" batteries but also reveals the value of the voltage across your tube filaments and thereby enables you to prevent overloading your tubes.

The switching device (shown at the bottom center of illustration) has a spring arrangement to throw it off the "B" battery unit, unless held there. This feature, of course, eliminates the possibility of draining the "B" battery. Install this combination voltmeter on your set (this is a simple operation) and you will be in position to use it with greater success and satisfaction. Shipping weight, 1½ pounds.

57F2409..... **$8.95**

W L S Special 1½-Volt Radio Dry Cell

Uniformity—Power—Dependability

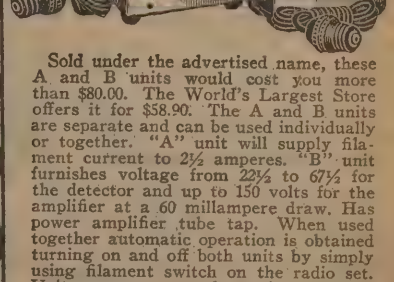
Dry cells for radio "A" battery service are required to give a steady, uniform current over long periods of time rather than a heavy current at intervals. For this reason the average dry cell is unsuited for radio service and a new type of battery has been developed. This new battery, the W L S Special, fills every radio requirement. Shipping weight, 3 pounds.

57F3062..... **32c**

Perfect "A" and "B" Power Unit from Your Light Socket

Will Work on Any Set

$29.45 Per Unit



Sold under the advertised name, these A and B units would cost you more than $80.00. The World's Largest Store offers it for $58.90. The A and B units are separate and can be used individually or together. "A" unit will supply filament current to 2½ amperes. "B" unit furnishes voltage from 22½ to 67½ for the detector and up to 150 volts for the amplifier at a 60 millampere draw. Has power amplifier tube tap. When used together automatic operation is obtained turning on and off both units by simply using filament switch on the radio set. Units are guaranteed to give uniform, efficient voltage aiding distant as well as local station reception. Complete ready for operation.

57F2410¼—"A" Power Unit. Shpg. wt., 42 lbs..... **$29.45**

Parcel Post Rates and Information on Page 798

$1.19 WLS Tubes $1.19
We Guarantee Them

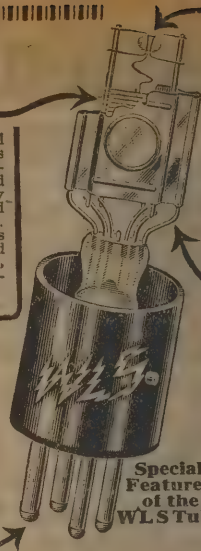
W L S TUBES ARE SUPERIOR TUBES

We guarantee them to have long life, high amplification and select tone quality. We will immediately refund your money or replace any tube, without question, that fails to give the performance and service you expect. The W L S tube represents the highest type of vacuum tube that science and manufacturing skill can produce. It is the tube for those who want the very best; who want maximum in signal audibility, sensitiveness and uniformity of performance over a long life period. Every W L S tube is subjected to an exacting test and none but those having the very highest ratings accepted.

57F2976—Detector-Amplifier type; for 6-volt storage battery. Draws ¼ ampere at 5 volts. New type 1⅛-inch base with long prongs. Shipping weight, 1 pound..... **$1.19**

The small grid wires are electrically welded at every turn to grid support. Grid is thereby held in correct, fixed position.

Solid black bakelite base. Embodies latest design, having long pins especially finished to insure positive contact.



Special Features of the WLS Tube

The fila... ment is h... in prop... position ... a small gla... bead, an im... proved scientific method o... filament support. An outstandin... feature of W L S Tubes.

The pla... is made o... the pure... nickel, giv... a specia... treatmen... for tube use... This contrib... utes to th... uniform performanc... of the tube.

W L S Power Tube

The proper use of a power tube requires 6 to 10 volts of "C" battery and 135 volts of "B" battery. A power tube can be used in receivers having old standard bayonet type sockets by the use of our number 57F1471 adapter. Where the new X type base is embodied in a receiver this adapter will not function and a change in the wiring must be made unless an extra binding post for power tube use is already provided. A power tube is not necessary to the proper performance of Silvertone receivers.

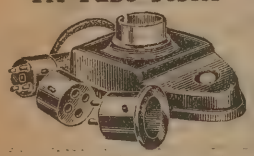
57F2977—W L S Power Tube for 6-volt storage battery. Draws ½ ampere at 5 volts. Has new type 1⅝-inch base with long prongs. Shipping weight, 1 pound..... **$2.75**

Solartron Vacuum Tubes

Equal to many tubes sold elsewhere at higher prices. The Solartron tube carries our full guarantee. It is constructed in a very substantial manner; possesses volume and good tone quality, and is not to be confused with the many poor, short lived tubes on the market offered at around our low price of 89 cents. Those grades of tubes we refuse to handle.

57F2970—Detector-Amplifier type; for 6-volt storage battery. Draws ¼ ampere at 5 volts. New type 1⅝-inch base with long prongs. Shipping weight, 1 pound..... **89c**

Tri-Tube Tester



Works on all tubes shown on this page except the W L S power tube.

1—If pilot light does not light, the tube is no good and should be replaced by a new one.

2—If pilot light shows weak light, the tube is weak; may be used in audio sockets, but will give less volume. A replacement is advisable.

3—If pilot light shows bright light, the tube is good and can be used in any socket of receiving set.

57F2419—Shipping weight, 2 lbs... **$2.95**

Cunningham and Radiotron Tubes

Two widely advertised brands. They are the regular "Radiotron" tubes put out by the Radio Corporation of America and the "Cunningham" by E. T. Cunningham, Inc. Shipping weight, 1 pound.

For 6-Volt Storage Batteries

57F2956—Cunningham Detector-Amplifier, type CX301A, similar to former type C301A. 1⅜-inch base..... **$1.39**

57F2955—Radiotron Detector-Amplifier, type UX201A, similar to former type UV201A. 1⅜-inch base..... **$1.39**

57F2961—Radiotron Detector, UX200, similar to old UV200. 1⅜-inch base..... **$1.79**

NOTE—New types CX301A, UX201A and UX200 can be used in sockets that are designed for old type tubes C301A, UV201A and UV200.

For Dry Batteries

57F2957—Radiotron Detector-Amplifier, type UV199, 1-inch base..... **$1.59**

57F2958—Cunningham Detector-Amplifier, type C299, 1-inch base..... **1.59**

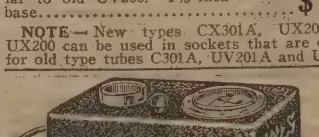
57F2974—Cunningham Detector-Amplifier, type CX299, 1⅜-inch new type base with long prongs..... **1.59**

NOTE—57F2957, 57F2958 and 57F2974 take .06 ampere at 4½ volts from the "A" battery. Three 1½-volt dry cells connected in series are generally used for the "A" battery.

57F2975—Detector-Amplifier; type CX12. New type 1¾-inch base with long prongs..... **$1.79**

NOTE—57F2975 takes ¼ ampere at 1½ volts on the "A" battery. One 1½-volt dry cell for each tube gives good results for the "A" battery.

Tube Tester



Today, perhaps, your tubes are perfect, but tomorrow they may go bad. Failure to bring in various known stations, loss of volume and several difficulties traceable to tubes, need no longer remain a mystery; also will show you the proper time for rejuvenating. No guesswork. Readings are accurate and full explanations, explaining conditions, are printed on the back of this tester. Find the bad tube and give the set a fair chance. Works on all tubes shown on this page except the W L S power tube.

57F2420—Shipping weight, 2 pounds..... **$5.95**

Meteor Tube Rejuvenator For Home Use

Will pay for itself in ... months' time. Frequent rejuvenation of your radio tubes will produce the broadcast in clear and strong tones and double or triple the useful life of tubes. Is foolproof, troublepr... and fireproof. Use only on ... volt 60-cycle line. (Ordinary city current.) Shipping weight 3 pounds.

57F2428..... **$2.7**

AERIAL AND GROUND EQUIPMENT

Beldenamel Antenna Wire

Composed of seven enameled strands of No. 22 copper wire. Most efficient because it is of lowest resistance; has maximum surface conductivity and is non-corrosive. The efficiency of this wire remains the same after years of service. Shipping weight, per 100 feet, 2½ pounds.

57F2604—Standard Enameled Cable. Per 100 feet..... **79c**

Seven-Strand No. 22 Aerial Cable

Composed of seven strands of No. 22 B. & S. gauge copper wire. Shipping weight, 2½ lbs.

57F2551—Standard Copper Aerial Cable. Per 100 feet..... **46c**

Ground Wire

No. 14-gauge wire is approved by the National Board of Fire Insurance Underwriters for ground connections. Triple braid weatherproof. More suitable than rubber covered.

57F2562—No. 14-gauge, 25 feet. Shipping weight, 1 pound..... **32c**

Per 100 feet. Shipping wt., 3 lbs..... **$1.23**

No. 18 Insulated Copper Wire

Commonly known as annunciator or bell wire. Put up in ½- or 1-pound coils (150 feet to the pound). Shipping weight, 1¼ pounds.

Code Fashion Loop Antenna Wire

A new wire designed for loop antennas and other similar inside radio requirements. Consists of 60 strands of No. 38 bare copper twisted with 5 strands of special hard copper. Comes in a double cotton wrap or in brown silk braid insulator.

57F2605—Double wrap of maroon cotton, 100 feet. Shipping weight, 12 oz. **69c**

57F2611—Brown silk braid. 100 feet. Shipping wt., 12 oz..... **$1.08**

Litzendraht Wire

Consists of twenty strands of No. 38 special Beldenamel wire, twisted and covered with a double serving of silk. Shipping weight, per 100 feet, 3 ounces.

57F2561—Per 100 feet..... **59c**

Ground and Aerial Outfit

Complete outfit includes:

1 Brach Storm Guard Arrester (Approved by Board of Underwriters.)
100 feet 7-Strand Aerial Cable
50 feet No. 14-Gauge Triple Braid Weatherproof Wire
25 feet No. 18-Gauge Insulated Bell Wire
2 Heavily Glazed Porcelain Insulators
4 Porcelain Nail Knobs
2 Porcelain Wall Tubes
1 Ground Clamp
1 Window Lead-In
3 Screw Eyes

57F2037—Shipping weight, 6½ pounds..... **$2.69**

Loop Aerial, Use With or Without Outside Antenna

Sturdily built and exceedingly portable. Unique in the radio field. Will work on three-tap, Superheterodyne, Radiola Superheterodyne, neutrodynes, reflex, regenerative and radio frequency sets. Bakelite installations used throughout and the fine mahogany finish makes it unusually attractive in the home.

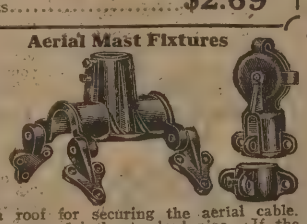
57F2523
Shpg. wt. 4½ lbs. **$8.45**

Heavy Approved Ground Switch

Ground switch is mounted on a composition waterproof insulating base; capacity, 600 volts, 100 amperes. Size of base, 14x2¾ in.

57F2020—Shipping weight, 3 lbs.. **$1.48**

Aerial Mast Fixtures



These fixtures consist of a cap with a sheave pulley and lugs for guy wires, a separate collar with lugs and universal mast tent with a roof for securing the aerial cable. These fixtures use 1-inch standard pipe. If the mast is 10 feet high extra guy wires are not necessary; where the mast is more than 10 feet high we advise the extra collar and guy wires be used. Made to fit on any pitch of roof. Does away with wooden poles, weak aerial supports and holds wire taut. Shpg. wt., 8 lbs.

57F2608—One Aerial Mast Fixture **$2.45**

Brach Storm Guard Lightning Arrester

Sensitive. High capacity bakelite radio protector, non-air gap. Cannot short circuit; ground or cause loss of voice currents. Approved by Board of Underwriters. Shipping weight, 1 pound.

57F2041..... **$1.12**

Porcelain Strain Insulator, Improved Model

Heavily and deeply ribbed, brown glazed. Size, over all, 2¾ inches long by 1¼ inches in diameter. Shipping two, 1 lb.; per dozen, 5 lbs.

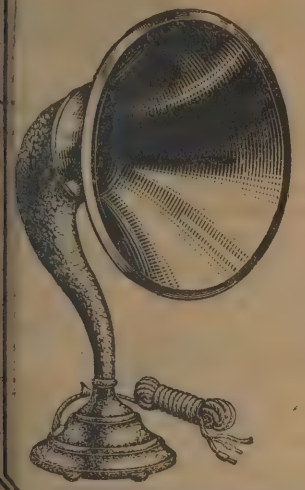
Better Speakers for Better Reception

W L S Silvertone Speaker

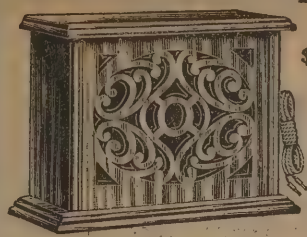
Quality—Beauty—Durability



Quality and volume of reproduction rendered by a speaker depends upon the size, design and refinement of its reproducing unit. Silvertone Model 1 Speaker is fitted with a large unit having a heavy magnet and substantial coils, which coupled with fine workmanship and precision, have produced a unit of the very highest order. This Silvertone Speaker lends a new charm to the wonders of radio reception. Fitted with a substantial cast aluminum base and gooseneck, having a beautiful brown crystalline finish which harmonizes with almost any radio cabinet. Top or bell part of speaker is made of solid bakelite, highly polished. Height over all, 21¾ inches. Width across top opening, 13 inches. Shipping weight, 14 pounds.

57F2207¼..... **$14.95**

Silvertone Cabinet Speaker



Only **$8.95**

This speaker is one of the outstanding values in our radio line. It is remarkable both in appearance and tone. The cabinet is made of heavy, selected wood stock, finely finished in dark walnut. The front is covered with an artistic grill. The horn is built in accordance with highly scientific acoustic principles and embodies a bakelite sound reflector that gives both volume and quality of tone. When used with a set employing two or more tubes it gives results equal or superior to many higher priced speakers. Size, 16½ inches long by 13 inches high. Shipping weight, 18 pounds.

57F2191¼..... **$8.95**

Crescent Loud Speaker

Unusual Bargain. Fully Guaranteed

For those who desire an efficient loud speaker at a very low price. Horn is made of hard pressed fibre finished in black flake effect. The bell is 10 inches in diameter. The metal base is finished in black crackle and contains a loud speaker unit of excellent merit. Horn has a good tone and ample volume. Shipping weight, 7 lbs.

57F2171¼..... **$3.79**

W L S Head Phones

Strong—Sensitive—Dependable

To get the very best results on distant reception, to enjoy true, clear reproduction, use W L S Head Phones. Bi-polar type, substantial coils and heavy silicon steel magnets insure sensitive qualities, long life and real dependability. All details of construction strongly reflect the best of workmanship. Fitted with a canvas covered adjustable headband; substantial, highly polished, screw-off black caps; strong aluminum backs; 4½-foot heavy cord. Shipping weight, 2 pounds.

57F2169..... **$2.50**

Cone Speaker

A fully guaranteed Cone Speaker at only $4.95. You will be well pleased with its performance. Can handle good volume, reproduces in a clear, pleasing manner. Made of durable brown parchment, decorated as illustrated. Has no delicate parts that might fail to function. Supported on a metal base, bronze finish. Height, over all, 15 inches; width of cone, 13½ inches. Shpg. wt., 10 lbs.

57F2215¼... **$4.95**

Silvertone Speaker

Model No. 2

This speaker is similar to Silvertone Speaker 57F2207¼ except that it is of smaller dimensions. Brown crystalline finish. The polished bakelite top measures 11 inches across opening. Height of speaker over all, 18¼ inches. A speaker that easily retails for $15.00.

Shipping weight, 11½ lbs.

57F2208¼..... **$9.95**

Reproducing Units

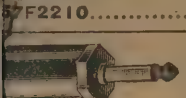
Designed to embody simplicity, sturdiness and sensitiveness; also good tonal quality. Especially well suited for phonograph or radio console use. Has a ⅞-in. threaded nipple. Fitted with a 24-inch cord with regular cone cord metal tips. Shipping weight, 4 pounds.

57F2209..... **$2.25**

Similar to 57F2209 unit above, but much heavier. Has larger magnet and coil; giving slightly fuller tone. A very high grade unit. Has a ⅞-inch threaded nipple; inside of nipple measures 1 1/16 inch. Fitted with a 24-inch cord with regular cone cord metal tips. Shipping weight, 5 pounds.

57F2210..... **$3.85**

Two-Phone Plug



For attaching one or two pairs of head phones or head phones and loud speaker. Shipping wt., 5 oz.

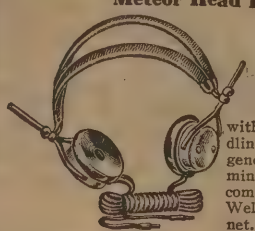
57F2217..... **26c**

Quick Change Plug

Simply insert the phone cord tips and plug into your set. No screws or tools necessary. Shipping wt., 2 oz.

57F2202..... **23c**

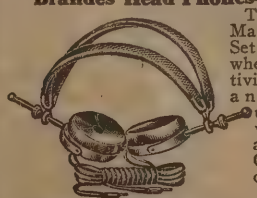
Meteor Head Phones



Meteor phones are guaranteed for sensitivity, tone quality and durability. Low in price but highly efficient and built to withstand the rough handling to which phones are generally subjected. Aluminum backs, polished composition screw-off caps. Well built, good size magnet. Adjustable headband covered with heavy webbing. Light in weight; comfortable, and good for long distance reception. Shipping weight, 1½ pounds.

57F2198..... **$1.57**

Brandes Head Phones—*Superior Type*



These Famous Matched Tone Head Sets are known everywhere for their sensitivity to weak signals and an absolute naturalness of tone. Fitted with a featherweight, adjustable headband and polished aluminum cases with hard rubber caps. Complete with a 5-foot polarity indicating cord. Shipping weight, 2 lbs.

57F2166..... **$3.89**

Receiver Cords

Worn out cords often short circuit and it is well to replace them before they cause trouble. Single cord is for one pair phones; double cord is for connecting two pair phones.

57F2172—Single cord. Shipping weight, 3 ounces.... **28c**

57F2173—Double cord. Shipping weight, 3 ounces..... **39c**

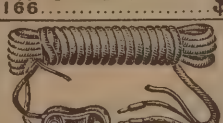
57F2174—For Brandes Superior. Shipping weight, 3 ounces..... **42c**

Extension Connector

Cord connector or coupling. Provides instant positive contact for four cord tips. Black composition, 2¾ inches long. Shpg. wt., 4 oz.

57F2181..... **28c**

Extension Cords



Permits locating your loud speaker or reproducing unit some distance from receiving set. Double heavy black cord with two tips at each end; connector included. Furnished only in lenghts listed below.

57F2211—20 feet. Shpg. weight, 3 ounces..... **98c**

57F2212—30 feet. Shipping weight, 6 ounces..... **$1.25**

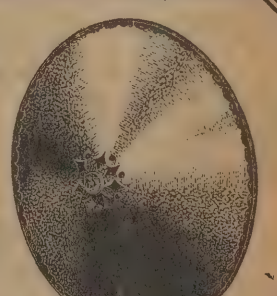
Phonograph Adapter

A semi-soft rubber form with a nickel plated metal union, used to attach any ear phone to phonograph and make it a loud speaker. Inside diameter of coupling is 1 1/16 inch. Shipping wt., 5 oz.

57F2160..... **39c**

Silvertone Cone Speaker



Cone type speakers are becoming very popular among many radio listeners. A delightful surprise awaits the purchaser of this Model 1 Silvertone. It is a marvel at our low price of $9.95. Made of a specially treated russet brown parchment, set off with a neat subdued ornamentation. Braid trim binds together at the outer edge the front and back parchments. Sound emanates uniformly in all directions from every part of the surface. Reproduces bass notes with striking clarity and beauty without sacrificing any part of the upper scale. Very sensitive and capable of handling great volume. Supported in the back by a round wood frame, mounted on a substantial metal pedestal. Height over all, 16½ inches; diameter across front, 15 inches. Shipping weight, 12 pounds.

57F2216¼..... **$9.95**

Wall Type Speaker

Similar to above, but without base. To hang on wall. Diameter across front, 19 inches. Has ragular 4-foot cord. Shipping weight, 10 pounds.

57F2218¼..... **$11.50**

Horn for Cabinet

A very handy, essential accessory for those desiring to install their own loud speaker. Can be put under a table or used in many other ways very effectively. Dimensions of front opening are 8 inches by 8 inches; depth of horn, 9½ inches. Made of a paper fibre, so treated and shaped as to have durability and render maximum results. Brown finish, fitted with a ⅞-inch metal coupling, threaded on inside. If units are wanted, see 57F2209 or 57F2210.

57F2214¼—Shipping weight, 5 pounds..... **3.49**

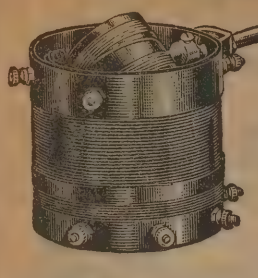
Ear Pads

Soft springy sponge rubber. Fit snugly over phones and protect the ears. You will be pleasantly surprised at how much comfort they give. Shpg. wt., 5 oz.

57F2170—Per pair..... **38c**

For Set Builders Quality Parts

New Uncle Sam Coil



The new improved three-circuit tuning coil mounted on a fiber skeleton and wound with best Litzendraht wire. One-hole mounting contacts are made through especially plated springs, and each coil is accurately wound. Will give perfect results when used in any three-circuit hook-up. Shipping weight, 1 pound.

57F1086 **$1.55**

Bremer-Tully Tuner

Three-circuit tuner. Has an adjustable primary, a fixed secondary and a tickler coil. Separate connections on all coils. Wound on substantial skeleton form. Covers full broadcast range. This tuner is a high quality product and is giving very satisfactory results. Shipping weight, 1 lb.

57F1245..... **$4.25**

Variometer and Varlocoupler

These two units are adapted for use in many of the popular low loss circuits. Wound on a special bakelite tubing carefully spaced. The metal parts are rigid. The variometer has split primary winding which adapts it to many uses. Shipping weight, 1½ pounds.

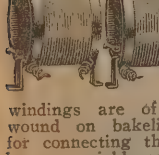
57F1088—Variometer..... **$1.15**
57F1089—Variocoupler..... **$1.19**

Air Core Transformers

Designed for neutrodyne and tuned radio frequency use or as a fixed coupler with condenser shunted across the secondary. The windings are of copper wire, well insulated and wound on bakelite tubing. Brackets are supplied for connecting the transformers to any of the well known variable condensers. Shipping weight, per set three, 4 lbs.

57F1087—Set of 3..... **$2.95**

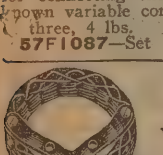
Low Loss Coils



Adjustable type. Silk covered wire. Very popular for tuned radio frequency circuits; well made. Shipping weight, 1 pound.

57F1059—Set of 3.... **$1.19**

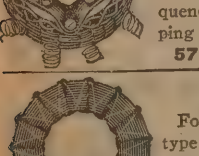
Inductance Coils



For radio frequency. Spider web type; silk covered wire. Laced with a fine twine. Furnished with mounting piece. Shipping weight, 1 pound.

57F1054—Set of 3..... **98c**

Spider Web Coil



Designed for use with Reinartz or any single circuit tuner. The coil is of good quality and rigid construction and will not warp. Shpg. wt., 2 lbs.

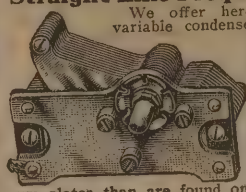
57F1007..... **78c**

Bakelite Tubing

Wind your own coils and be sure they are right. Many engineers are giving specifications for coil making. This tube is furnished only in 1/16-inch wall, 3 inches long. Shipping weight, 10 ounces.

57F1935—2¾ inches in diameter..... **22c**
57F1936—3 in. in diameter..... **24c**
57F1937—3¼ in. in diameter..... **26c**

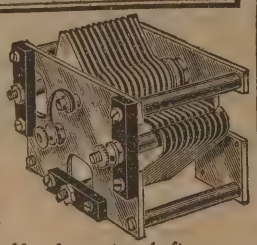
Straight Line Frequency Condenser



We offer here the latest design in variable condensers at exceptionally low prices. The straight line principle eliminates bunching of stations and provides for an even distribution throughout the entire turn of the dial. A well made instrument. Perfect insulation and proper spacing, convenient connections and heavier gauge aluminum plates than are found on most condensers selling at the same price. The builder can use this condenser for neutrodyne, tuned radio frequency or any other popular circuits. Shipping weight, 2⅛ pounds. **$1.19**

57F1320—15-plate. Capacity, .00025 MFD..
57F1321—17-plate. Capacity, .00035 MFD.. **$1.28**
57F1322—23-plate. Capacity, .0005 MFD.. **1.35**

Quality Condenser, Low Loss Type

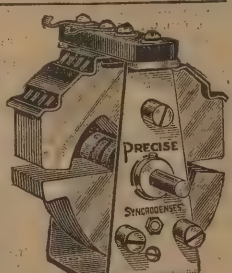


Special Features

1. Lowest Loss—5 per cent less than Laboratory Standard.
2. Extremely low minimum capacity, less than 5 per cent of the maximum value.
3. Aluminum plates of the highest purity and greatest possible stiffness.
4. Pig-tail connections, soldered to rotor shaft.
5. Conical bearing and a powerful phosphor bronze spring at the lower end of shaft.
6. Highest grade and smallest possible volume of hard rubber insulation, properly located.

57F1306—13-plate, .00025. Shipping weight, 1½ pounds..... **$1.63**
57F1307—19-plate, .00037. Shipping weight, 1¾ pounds..... **$1.72**
57F1308—25-plate, .0005. Shipping weight, 2 pounds..... **1.79**
57F1309—44-plate, .001. Shipping weight, 2½ pounds..... **1.97**

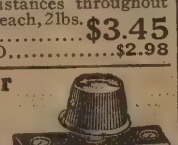
Precise Syncrodenser



This perfectly assembled condenser produces straight line frequency characteristics from 0 to 50 on the dial and capacity straight line characteristics from 50 to 100, thus separating all stations. The plates are joined by a special solder treatment, and these joints are protected by a heavy coating of black enamel. The condenser may be mounted on a baseboard; also special set screw arrangement allows the shaft to be extended on either side of the condenser, thus adapting it for all sets. The condenser is furnished in two sizes as listed below. These condensers will equip your set with all the advantages obtained by the straight line frequency principle. The stations may be logged in even distances throughout the entire turn of the dial. Shpg. wt., each, 2 lbs. **$3.45**

57F1323—Capacity, .0005 MFD..... **$3.45**
57F1324—Capacity, .00035 MFD..... **$2.98**

Midget Vernier Condenser



Three-plate size; bakelite mounting, nickel plated metal parts. A precision instrument, capable of very fine adjustment. Size, from post to post, 2 inches. Capacity, .0002 to .00006 MFD. Shipping weight, 6 ounces.

57F1314..... **59c**

Meteor Neutralizing Condenser

A type of condenser favored by many. Five plates; bakelite mounting, nickel plated metal parts. Size, from post to post, 2 inches. Capacity, .0001 to .00006 MFD. Shipping weight, 6 ounces.

57F1313..... **79c**

Midget Condenser

For extremely close adjustment of your variable condenser, for neutralizing capacities or for building your super-heterodyne set, thirteen tiny plates with air spaces give a capacity of .000045 MFD. A precision instrument. Shipping weight, 6 ounces.

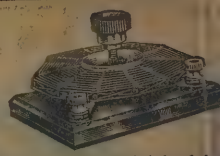
57F1297..... **$1.29**

Neutralizing Condensers

This set of two condensers is recommended for use between the first and second and second and third neutro-formers. Requires very little room on the panel and the set may be conveniently neutralized when using these condensers. Sold only in sets of two. Shpg. wt., per set, 8 oz.

57F1328..... **78c**

Steinite Interference Eliminator



May be attached to any receiving set. Will eliminate ordinary interference to a great degree, depending on the type circuit being used. Connected directly to the aerial lead in Mounted on neat wooden case and wound with sil covered wire. Full instructions for connecting an operating are furnished with each eliminator. Ship ping weight, 8 ounces.

57F1076..... **79c**

Electrad Variohm

One of the latest and most successful types of variable grid leaks. For base or panel mounting. Has variation of 125,000 ohms to 130,000,000 ohms. Shipping weight, 6 ounces.

57F1279..... **98c**

Electrad Audiohm

Used to cross the secondary of audio transformers to help tone quality and volume. A variable resistance of 10,000 to 120,000 ohms. Shpg. wt., 6 oz.

57F1278..... **$1.30**

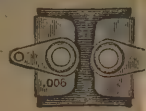
By-Pass Condensers

High grade, fully dependable condensers that can be relied upon to stand high voltages. Have many uses. Eliminate stray noises and insure signal strength. Fully guaranteed. Shipping weight, 8 ounces.

57F1317—1 MFD..... **82c**
57F1318—½ MFD..... **60c**

Fixed Condensers

Micadons. Type 601



Every condenser accurately measured and marked. May be connected in parallel or series to vary capacities. Shipping weight, 3 ounces.

57F1235—Capacity, .0001..... **27c**

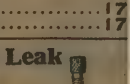
57F1282—5 megohm resistance..... **17**

Cunningham Variable Grid Leak



The new Cunningham leak may be adjusted by means of a small set screw. The adjustment is positive and will not change. This grid leak may be used in resistance coupled circuits as well as in the grid circ Shipping weight, each, 2 ounces.

57F1327..... **43**

Variable Grid Leak

1/10 to 5 megohms. Can be inserted in any standard mou ing. Instantly adjusted by moving plunger. Shipping 2 ounces.

57F1284..... **48**

Grid Leak Mounting

Bakelite base; nickel plated springs, knurled terminals. Sturdy and compact. Shipping weight, 4 ounces.

57F1275—Type "A" Single... **14c**
57F1276—Type "B" Double... **27c**

Condenser Clip

A handy clip for mounting fixed condensers. Provides for a positive contact. Solder irons scorch the condenser, and a poorly soldered connection often ruins the action of a fixed condenser. This handy clip provides for a separate connection, and the conde does not come in contact with the hot iron. The clip be easily mounted on sockets and transformers and requ only a small amount of space. Will fit any standard f condenser. Shipping weight, each, 4 ounces.

57F1326..... **19**

Bargain Prices For Set Builders

Meteor Rheostat and Potentiometer

High quality workmanship and material are used in the construction of our Meteor rheostats and potentiometers. The base and knobs are heat proof molded product. Resistance wire is the best obtainable. Requires only one hole in panel for mounting.

Micrometer Rheostat

Vernier is added by a small knob on a shaft that extends through the large knob. Shipping weight, 12 ounces.

57F1438
ohms...89c
57F1439
ohms.....92c

Rheostat

This rheostat will prove very satisfactory for it is a high quality product. Shipping weight, 10 oz.

57F1436
6.5 ohms....55c
57F1437
25 ohms...59c
57F1456
40 ohms...84c

Potentiometer

Used across the filament circuit. Action tends to vary the negative plate charge to either positive or negative A. Shpg. wt., 12 ounces.

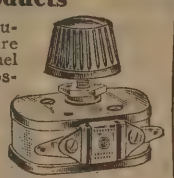
57F1486
400 ohms.....85c

Two-Ohm Rheostat

A strong well made rheostat for controlling from five to eight tubes. Many new circuits call for this low resistance rheostat and only the best rheostat will give satisfaction in a heavily loaded circuit. Solid bakelite frame and equipped with a bakelite knob and indicator. Shpg. wt., each, 12 oz.

57F1468.....59c

Allen Bradley Products



Small neat instruments that require only one hole in panel for mounting. Enclosed in a strong porcelain case with bakelite knobs. They have a marvelous range, without steps or noises, with a smooth precision of control.

The New Bradleystat

Resistance from ¼ ohm to 2 ohms, making it adaptable for use with any type of tube. Self contained switch opens battery circuit when the curled knob is turned sufficiently to the left. Shipping weight, 6 ounces.

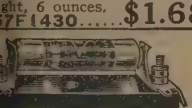
57F1430.....$1.68

The New Bradleyleak

Range from ¼ to 10 megohms. Adaptable to any circuit. Shipping weight, 6 ounces.

57F1433 Bradleyleak.....$1.68

57F1434—Condenser, .00025 MFD only, to fit Bradleyleak 28c



Amperite

Connected in filament circuit. A self adjusting rheostat. No hand rheostats on necessary when this device is used. Shipping weight, 4 ounces.

57F1495—UX201A or CX301A tubes.....93c
57F1496—WD12, C12 and WD11 tubes.....93c
57F1497—UV199 or C299 tubes.....93c

For New Tubes

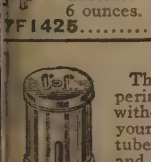
This socket has been designed to fit the new tubes recently brought on the market. Solid bakelite shell, heavy bronze contacts and positive nickel terminals. Shipping weight, each, ounces.

57F1494.....29c

Adapter

Makes a standard size socket into a small so as to be used with the Type C299 and UV199 tubes, adapting them to standard base sockets. Molded bakelite, making an absolute terminal insulation. Shipping wt., 6 ounces.

57F1425.....43c



Adapter

This new adapter permits you to experiment with the UX112 power tube without changing any of the wires in your set. The adapter fits the UX112 tube onto a standard bayonet socket and provides leads to the extra "C" and "B" batteries required. May be installed permanently in your set with very little trouble. This adapter can be used with power tube 57F2977, shown on page 602. not be used with the new UX sockets. Shipping ght, 8 ounces.

57F1471.....98c

Apco Dial

The popular Apco Dial at an exceptionally low price. Requires only one hole for panel mounting. Neatly stamped and engraved with only one moving plate. Equip your set with this new dial and make tuning easier. Shpg. wt., ea., 12 oz.

57F1768. 79c

Dialog Vernier Dial

Only **98c**

The new vernier dial may be attached to the set in less than a minute with only one screw to tighten. Guaranteed positive connections, no gears or levers that can be worn out. Construction used entirely eliminates backlash. The station letters may be written in to correspond with the setting on the dial. Furnished with black knob and silver dial. Shipping weight, 8 oz.

57F1742.....98c

Apex Vernier Dial

$1.38

A beautiful dial for the most expensive radio set. This dial is engraved and lettered in hard silver which will not wear or tarnish. Vernier action is smooth and true and insures easy tuning. Furnished in sizes shown below. These dials are not to be confused with the cheaper brass designs similar in appearance.

57F1709—4-inch dial. Shipping wt., 8 oz. $1.38
57F1710—3½-inch dial. Shipping wt., 6 oz...$1.18
57F1711—Rheostat dial to match. Shipping weight, 4 ounces.....56

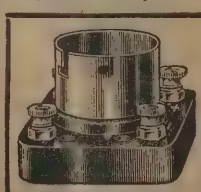
Bakelite Dials

Designed to give the greatest ease for tuning, has a large knob so as to allow for the finer adjustments. Neatly marked and runs absolutely true.

57F1760—4-inch dial. Shpg. wt., 6 oz.....39c
57F1761—3-inch dial. Shpg. wt., 5 oz.....26c

Rheostat Dial

57F1762—2-inch dial. Shipping weight, 3 ounces..... 15c



Socket Sizes

Standard—Means to fit all tubes with 1⅞-inch base diameter for 6-volt batteries.

Small—Means to fit all tubes with 1-inch base diameter for 4½-volt batteries.

New—Means the sockets designed to fit the new UX201 and CX301 tubes now on the market. For 6-volt batteries.

Our Own Socket

Made of the very best material and guaranteed to give satisfactory service in every way. Shell is highly nickel plated brass, mounted in bakelite base with polished finish. Terminal binding posts are brass, nickel plated. **Standard size.** Shipping weight, 8 oz.

57F1413—Base Mounting.....45c

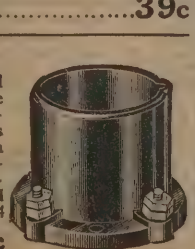
Small size. For use with UV199 or C299 tubes, which are the smaller ones used with 4½-volt battery. Shipping weight, 6 ounces.

57F1414.....39c

Bakelite Socket

Molded of genuine bakelite and all in one piece. Designed for base mounting, it is particularly suitable where space is limited, as the base is only 2¼ inches in diameter. Very sturdy in construction and has positive phosphor bronze contacts. **Standard size only.** Shipping weight, 4 ounces.

57F1418.....23c



Shielded Transformer Only $1.45

Manufactured by one of the leading manufacturers of Radio transformers, a quality product and one that will give excellent results. Correctly designed and carefully finished throughout. Fully guaranteed. Height over all, 2¼ inches; width, 2½ inches; length, 2¼ inches. Enclosed in shielded metal case. Ratio, 3½ to 1. Shipping weight, 1 pound.

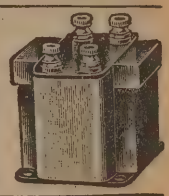
57F1319.....$1.45

Thorola Reproducing Transformer

A new instrument of the highest musical standard for those who desire perfect audibility and exceptional tone quality. This transformer amplifies to a perfect degree over the entire scale, and will produce a distinctive tone in any set. Fully shielded and beautiful in appearance. Ratio, 3 to 1. Shipping weight, each, 1 pound.

57F1085.....$3.45

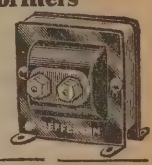
Thordarson Transformers



Shielded core type. Height, 2½ inches; width, 1¾ inches; length, 2⅜ inches. Shipping weight, each, 1½ pounds.

57F1310—6 to 1.....$3.85
57F1311—3½ to 1.....$3.39
57F1312—2 to 1..... 3.98

Jefferson Star Transformers



Slightly smaller than the average transformer and takes up minimum space in the set. Ideal for portable sets. Height, 2¼ inches; width, 2½ inches; length, 2½ inches. Core and windings are enclosed in shielded metal case. Shipping weight, 1¼ lbs.

57F1262—3 to 1 ratio..$2.15
57F1263—Same as above, except 6 to 1 ratio.....$2.25

New Jefferson Transformer

This is one of the latest well known Jefferson products. Takes up very little room in the set and insures beautiful tone quality and perfect audibility. Shielded in a heavy metal case nicely japanned. Terminals are plainly marked. Ratio 3 to 1. Shipping weight, each, 1 pound.

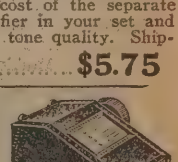
57F1090.....$2.85

Resister Coupled Panel

The resister coupled method of amplification is fast becoming popular, and we are offering here a complete three-tube resister panel fully wired and equipped with resisters and condensers. Eight terminal posts are plainly marked so that the panel may be wired into any set. The panel measures 3⅜x 10¼ inches and is easily installed in a set. The sockets provided will fit the old and new tubes. The wiring is made below the panel. We are offering this fully wired panel at a price lower than the cost of the separate parts. Install this complete amplifier in your set and obtain greater distance and better tone quality. Shipping weight, each, 3 pounds.

57F1084.....$5.75

Bates Radio Index



Crystalline bronze automatic index gives you the station or wave length desired by a simple turn of the dial. Contains sufficient space for locating call letters, location, wave length and three dial settings. Shpg. wt., 1½ lbs.

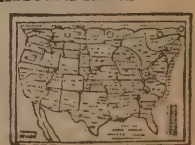
57F1700.....$2.45

Radioplause Cards

Express your appreciation of the programs you hear. Every station wants your comments — especially W L S. Finished in two colors. Contain no advertising matter. Shipping weight, 8 ounces.

57F1925 Package of 24.....19c

Radio Map of the United States



Map measures 19x27 inches and shows location of all stations. Also contains radio regulations, foreign call letters and other information valuable to the radio operator. Shipping weight, 5 ounces.

57F1889.....16c

Real Value for the Radio Builder

Midget Crystal Set

Only $1.49

Hours of radio enjoyment if you live near a broadcasting station. Only head phones, aerial and ground wires necessary. No batteries needed. Under favorable conditions will receive stations within a radius of 25 miles. Shpg. wt., 1 lb. Head phones and aerial not furnished.

57F1924..$1.49

Fleron Panels

Economical and Serviceable

GENUINE BAKELITE FORMICA PANELS

Furnished with a polished surface on both sides. Easy to drill—will not chip. 3/16 inch thick.

Catalog No.	Size, Inches	Shpg. Wt.	Each
57F2270	6x 7	1 lb.	$0.37

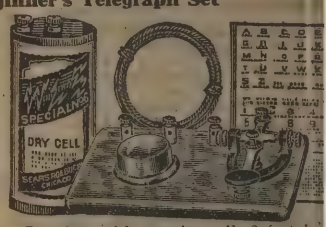
Arlington Tested Mineral

Brings in stations loud and clear. Shipping wt., per crystal, 2 oz.

57F1860
Galena.
Per crystal.....13c

Beginner's Telegraph Set



Mounted on polished wood base. Key has black enameled frame, nickel plated lever and adjusting screws. Buzzer is nickel plated and reproduces the high pitched sounds of the wireless station. Three binding posts so connected that the set may be used five different ways. Complete with one dry cell, 3 feet insulated wire, diagram of connections, code chart and instruction Size of base, 7x4½ inches.

57F3561—Shipping weight, 5 pounds.....$2.5

Sure-Tight Connectors

You will find many uses for these handy connectors. Buy a few of each and have them ready when they are needed. Highly nickel plated, will fit standard phone tips. Shipping weight, 4 ounces.

Cord Tip Jack

An end connection for stranded or solid wire, may be used with 57F1770 as a plug and jack set.

57F1764.....9c

Cord Tip Plug

This plug may be connected to cord or wire and provides a positive connection for loud speaker or set.

57F1770.....9c

Sure-Tight Connector

For connecting head phones or loud speakers in series or multiple and for splicing wire without solder.

57F1766.....9c

Spade Tip Adapter

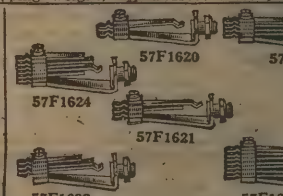
Allows the ordinary tip to be used on a binding post. May be bent at any angle.

57F1765.....9c

Jack Adapter

May be mounted on panel or on set base for loud speaker connections.

57F1769.....9c



Meteor Nickel Plated Jack

Sturdy contact springs with pure silver contacts. Perfect insulation. Meteor jacks embody **precision** and fine workmanship and are not to be confused with the many lower grade jackets now on the market. Shipping weight, 6 ounces.

57F1620—Open Circuit; one spring; connects phone.....2

57F1621—Closed Circuit; two springs; connects phones; breaks two, makes two.....2

57F1622—Single Filament Control three springs; connects phone; closes one.....2

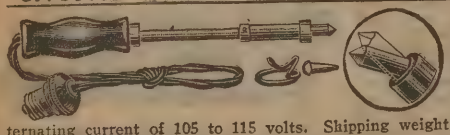
57F1625—Double Circuit, Double Filament; seven springs, control connects phone, breaks three and makes three 2

The Necessary Tools for Building

Soldering Iron

We are offering you a very efficient iron at a very low price. Absolutely guaranteed to do the work of most irons at much higher prices. We have experimented with various types of soldering irons and have found this one to be very satisfactory. Shipping weight, 1 pound.

57F3610.....87c



Soldering Iron

Highest quality heating element, will not burn out. Rubberoid finish hardwood handle. Furnished with both straight and screwdriver swivel tips, cord and plug. Approved by underwriters. Either direct or alternating current of 105 to 115 volts. Shipping weight, 1½ pounds.

57F3622.....$1.75

Resin Core Solder

A high grade solder with resin core, about 10 feet. Sufficient for several sets. Is non-corrosive, as it contains no acid and does not require any additional flux. Shpg. wt., 6 oz.

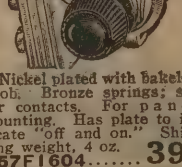
57F3612—Resin Core Solder.....19c

Circle Cutter

Adjustable for drilling holes from 1 to 4 inches. Cuts hard rubber, bakelite or soft metals. Shipping weight, 12 ounces.

57F3601.....$1.19

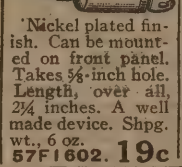
Battery Switch



Nickel plated with bakelite knob. Bronze springs; silver contacts. For panel mounting. Has plate to indicate "off and on." Shipping weight, 4 oz.

57F1604.....39c

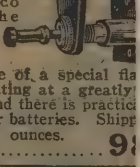
Filament Switch



Nickel plated finish. Can be mounted on front panel. Takes 5/8-inch hole. Length, over all, 2¼ inches. A well made device. Shpg. wt., 6 oz.

57F1602.19c

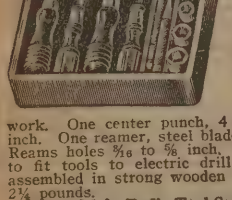
Celco Battery Switch



No chance of leaving the set turned on when you are equipped with the Celco switch. The switch may be easily assembled. The light makes use of a special fla light bulb operating at a greatly duced voltage and there is practic no drain on your batteries. Shipp weight, each, 6 ounces.

57F1606.....9

Radio Tool Set



Set consists of nut driver with six sockets in the following sizes: ¼, 5/16, 11/32, 3/8, 7/16 and ½ inch. One universal countersink, one hard tempered radio scriber, knurled and polished. One radio screwdriver, length, 7 inches. One radio hammer for panel layout work. One center punch, 4 inches long by 5/16 inch. One reamer, steel blade, hardwood handle. Reams holes 5/16 to 5/8 inch. One master handle to fit tools to electric drill or brace. Neatly assembled in strong wooden box. Shipping wt., 2¼ pounds.

57F3621—Radio Tool Set.....$2.48

Set of 6 Socket Wrenches

For Hexagon Nuts

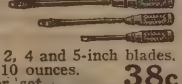
Set includes one each size as illustrated. Shipping wt., set, 12 oz.

57F3619—Per set of 6.....85c

57F3620—Set of 4, one each ¼, 5/16, 11/32 and 3/8 only. Shipping weight, per set, 8 ounces. Per set.....59c

Radio Insulated Screwdrivers

Shock proof. Blades of drawn, hardened steel, nickel plated. Handles of rubber composition. 2, 4 and 5-inch blades. Shipping weight, 10 ounces.



57F3623—Per set.....38c

Handy Radio Pliers.

Hood's Truss

Has leather covered strong springs. Double truss has two leather covered soft pads. Single truss has one leather covered soft pad and one blind pad. Even sizes 32 to 38 inches. **State size and side.** Shipping weight, 1 pound.

8F3548 **Single..... $3.89**

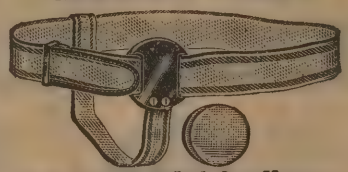
8F3549 **Double..... 4.69**

HOW TO MEASURE FOR A TRUSS

Take measurement around body on line with rupture, holding the tape line one inch below hip joints. The truss to fit correctly should fit snugly around body slightly above the fleshy part of the buttock. Carried in even sizes only.

Note—Consult a physician before ordering a truss.

Marshall Truss



Not the Brooks' Appliance Made in Marshall, Mich.

The Popular Style Truss With the Rubber Air Cushion Pad

Some Reasons Why This Truss Has Always Been So Popular

It can be worn by many people who will not wear ordinary spring or elastic trusses. The air cushion pad clings to the body and can easily be adjusted to fit rupture on right or left side. When adjusted to the desired position, the pad will stay in place without discomfort. Belt and understrap made of good quality elastic webbing.

It can be worn without being noticed through the clothing. When once adjusted it can be worn at work or at play without having to be readjusted. We recommend this rupture appliance and feel sure it will give satisfaction, as it is easily adjusted, comfortable to wear and a very popular truss.

Sold in single and double. We carry these trusses in stock in even sizes from 30 to 42 inches and therefore are prepared to fill any orders promptly, **State size.** Shipping weight, 15 ounces.

8F3503 **Single..... $2.98** | 8F3504 **Double..... $3.98**

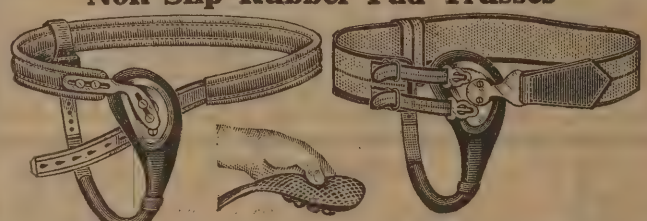
8F3514..... **$1.75**

Non-Slip Rubber Pad Trusses



Used for Scrotal as Well as Ordinary Ruptures

We now can offer you our best and most popular style spring or elastic scrotal truss with a pad that will not slip. This pad is made of spongy rubber center covered with a finely corrugated rubber. It can easily be adjusted to give the support where needed and, when adjusted, will keep its position, holding rupture firmly in place. The understrap is partly covered with rubber tube, which tends to eliminate much of the chafing sometimes caused by understrap. Carried in spring and elastic belt. All metal fittings nickel plated. Both trusses exceptionally well made throughout. Sizes, 32 to 42. **State size wanted and side on which rupture is located.** Shipping weight, 1 lb.

Spring Truss

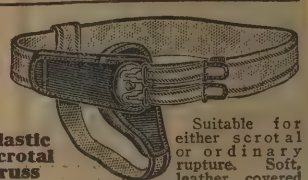
With non-slip pad. Spring padded and covered with soft, fine quality leather with wide roll edges.

8F3542..... **$5.67**

Elastic Truss

With non-slip pad. Fine quality elastic webbing belt, easily adjusted.

8F3529..... **$3.98**



Elastic Scrotal Truss

Suitable for either scrotal or ordinary rupture. Soft, leather covered composition scrotal pad clings close to body, holding rupture in place. Belt and understrap made of fine quality elastic webbing. Belt and pad easily adjusted. Even sizes, 32 to 40 inches. **State size and side on which rupture is located.** Shpg. wt., 1¼ lbs.

8F3527..... **$3.79**

Umbilical Truss

For youths and infants. Two-inch elastic webbing belt buckles at side. The umbilical pad is polished hard rubber. Even sizes, 16 to 26 inches. **Give measurement around body at navel.** Shipping wt., 2 oz.

8F3522..... **$1.79**

For other Elastics see page 25

Elastic Stockings

Important Notice

Special elastics are intended for relief of varicose veins; weak, swollen or ulcerated limbs, and for the relief of ankle or knee sprains. Elastic stockings are often worn after splints have been removed from a broken limb. It is advisable to consult a physician before ordering.

All articles on this page, where lettered measurements are requested, are specials and require from six to eight days to make, depending upon the kind, size and material used. Elastic stockings can be readily cleaned with any good cleaning fluid or with lukewarm water and castile soap. Rinse thoroughly but do not wring out water. Let stocking dry slowly away from fire or radiator.

Seamless Elastic Hosiery

We sell the best quality seamless elastic stockings and leggings at the price you have been paying in the past for those made with seams. Seamless elastics have an even support at all points, giving correct pressure where needed most.

Seamless elastics, under ordinary silk or cotton stockings, are less noticeable than those made with seams. They fit better and are much more comfortable. Buy the seamless elastics on our recommendation.

Read Before Measuring

All measurements should be taken with leg in position shown in the illustrations and in the morning immediately after rising, before the limbs have had an opportunity to swell. It is advisable, whenever possible, to have someone else take your measurement as it is easier for them to do so and is therefore more likely to be exact. We allow for stretching, so give exact measurements. Be careful to have your measurements correct, as once made according to special size we cannot accept the return of elastics. Prices shown on elastics are for one garment only. Therefore, if pair is desired send double amount, and state whether for right or left leg.

Seamless Thigh Stocking

Silk Woven

Made to measure from the best quality covered elastic. Carefully woven to your special size.

8F3632⅓ **$10.98**

How to Measure for Thigh Stocking

With a tapeline measure around leg or foot at A, B, C, D, E, F, G, H and I; also distance separately from floor to F and from F to I on vertical line indicated by arrow. Distance from F to I should not be more than 10 inches. State if for right or left leg. Shipping weight, 15 ounces.

Seamless Garter Leggings and Stockings

Made to your measure from best quality elastic webbing. Prices on elastics vary, depending on amount of rubber, quality and workmanship. We sell only the best quality seamless elastics. It pays to buy the best. Prices shown are for single stocking or legging.

Silk Woven Seamless Legging	Silk Woven Seamless Stocking
8F3639⅓ **$3.79**	8F3638⅓ **$5.98**

For Callouses
8F2763 6 pads.... **25c**

Materials Used in Our Supports

We use only the best materials to be obtained for use in arch supports. The metal plates are non-rusting nickel silver (not steel), highly polished. The durable leather is first quality full grained leather especially prepared. Our supports compare in quality and workmanship with those for which a much higher price is asked.

How to Wear Arch Supports

Your arches will gradually conform to the shape of the support, but, until the bones resume their normal, healthy position, you may suffer a little soreness. Wear your supports an hour or so the first day gradually increasing the time each day. After a week your feet should be free from all soreness.

Treatment of the Feet

We suggest for pains of any kind in your feet you first consult your physician. Many pains in foot or leg are the effect of falling or fallen arches. Arch supports help bring the broken or weakened arch back to normal condition and relieve the trouble.

How to Order Foot Supplies

Place your foot on a piece of blank paper and with a pencil held perfectly upright draw the outline of each foot. Mail us the drawing with your order and, if possible, state size of shoe worn. When ordering any foot supply, state size of the shoe and if for man or woman.

Shipping Weight, Arch Supports, 11 Oz.

Ankle Supports

NOTE—These supports are made from first grade sheepskin. Do not compare with inferior supports offered at lower prices made from split leathers. Shipping weight, 6 ounces.

Adjustable Support

Reinforced with removable stays over both sides of ankle, giving extra strength. Any one stay can be removed to ease pressure at any point. Give size shoe worn.

8F2780—For men. Sizes, 6 to 10. Per pair..... **$1.39**

8F2781—For women and boys. Sizes, 2 to 7. Per pair..... **$1.39**

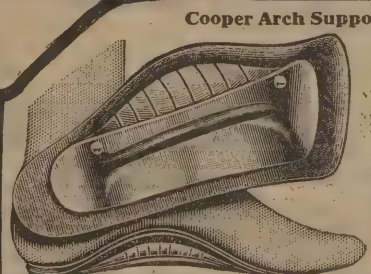
Reinforced Leather

Fits ankle perfectly and has no seams at back to chafe or bend. Not made in children's size. Mention size shoe you wear.

8F2787 — For men. Sizes, 6 to 10 shoe. Per pair..... **98c**

8F2788 — For women and boys. Sizes, 2 to 7 shoe. Per pair **98c**

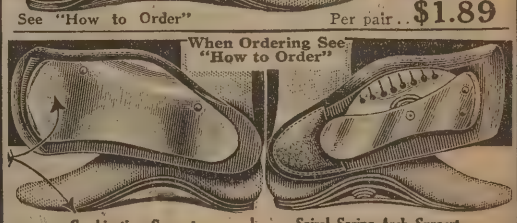
Cooper Arch Support



Made to relieve broken down or fallen arches and for tired, aching feet, weak ankles, pains up and down the legs and callouses brought about by fallen arches. Prevents flat foot. Made of grain leather and nickel silver plates.

8F2708

See "How to Order" Per pair.. **$1.89**



Combination Support

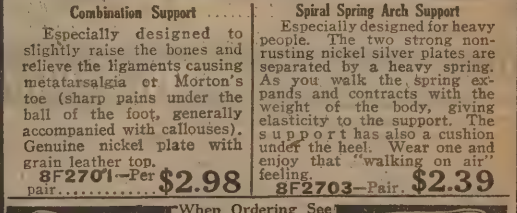
Especially designed to slightly raise the bones and relieve the ligaments causing metatarsalgia or Morton's toe (sharp pains under the ball of the foot, generally accompanied with callouses). Genuine nickel plate with grain leather top.

8F2701—Per pair..... **$2.98**

Spiral Spring Arch Support

Especially designed for heavy people. The two strong non-rusting nickel silver plates are separated by a heavy spring. As you walk the spring expands and contracts with the weight of the body, giving elasticity to the support. The support has also a cushion under the heel. Wear one and enjoy that "walking on air" feeling.

8F2703—Pair. **$2.39**



"Harvard" Arch Support

Reinforced, light weight support. The metal plate is made from non-rusting nickel silver, reinforced to give additional support. Smooth grain leather top.

8F2702 Per pair..... **$1.39**

All Leather Adjustable Metatarsal and Arch Support

No metal, light weight, easy to adjust and easy to wear. The adjustable feature is simple and enables one to raise or lower the arch correction to the comfort of the wearer. Good quality grain leather.

8F2729—Per pair **$1.39**

Healthy Stock-Greater Profits

Reputation PIG MEAL FOR QUICK GROWTH

Protein, 21%
Fat, 6%
Fiber, 6%

A concentrated food, fed the same as milk, containing just the right percentage of vegetable protein, fat, starch, etc., to be a real milk substitute and fit the particular needs of infant pigs. It gives them a gradual and safe change from sow's milk to the full grain ration of the pasture. It makes them just naturally grow bone and muscle without over fattening. It puts them on the right track to continue growing and mature very early.

Reputation Pig Meal can be absolutely depended upon. Not an experiment, but a reliable, inexpensive food, easily prepared at a moment's notice, one pint making a gallon of gruel. Full directions for feeding in every bag.

79F805—25 pounds.. **$1.10**
79F806—100 pounds... **3.98**
Shipped From Stock

STOCK FEEDING MOLASSES

An appetizing energy producing food, and when used with roughages like straw, hay or corn fodder, or in a slop, these feeds are made more palatable and digestible and are turned more easily into weight and energy. Increases the milk flow in cows. Horses do more work. Hogs and steers gain weight more rapidly.

It has been found that when replacing not more than half the corn in a ration, molasses has slightly more feeding value, pound for pound, than corn alone. **Shipped from Cedar Rapids, Iowa, or Chicago, Ill., at prices quoted for that point only. Each barrel, about 54 gallons. Shipping wt., per barrel, about 700 pounds.**

60% PROTEIN TANKAGE

Meat Meal Tankage

Growing and full grown pigs must have rations balanced with a protein to build muscle, flesh and bone. Tankage is the most economical source of protein; is appetizing, nourishing and greatly relished. Made from fresh meat trimmings, cooked, dried and ground into meal.

Write for Prices

Reputation CALF MEAL

Protein, 25%
Fat, 5%
Fiber, 6¾%

Every thinking business farmer knows that raising calves on whole milk is neither profitable nor necessary. It is profitable and even much better to take the young calf away from the mother at five or six days of age and feed it Reputation Calf Meal—the ideal baby calf food. It opens the way to save the calf and still gives you the opportunity of selling the cow's milk.

Reputation Calf Meal is of exceptional quality. It is made to produce results. Its quality is uniform, inexpensive, reliable and satisfaction is guaranteed through its use. Full directions for feeding in every bag.

Reputation Minerals for Hogs or Dairy

Mineral Mixtures of Leading Agricultural Colleges

These mixtures are the result of careful experimentation, carefully and accurately made. No secret—formula on every bag. Sold at the right price; as low priced as possible, using proper quality ingredients—not as high priced as some, but we believe by actual feeding test will give as good results as any on the market. For swine, dairy or beef cattle and sheep.

10 Reasons Why You Should Feed Minerals

1—**Your stock needs minerals**—for bone, flesh, blood, hoofs and hair—minerals are absolutely essential for successful growth.
2—**Most pastures and yards** have been more or less depleted of minerals and it now becomes necessary to supply the minerals in this form.
3—**Actually proved results.** Supplies stock with the minerals lacking in ordinary feed. Not some patented stock tonic or somebody's guess, but a mixture of minerals balanced in the proportions found after thousands of experiments to give the best results for quick and successful growth.
4—**Greater gains.** It has been proved that mineral feeding means less food necessary per 100 pounds gain. Ask your agricultural college or county agent.
5—**Bigger profits.** These mixtures aid growth of pigs and stock generally, enabling them to be sold at higher prices on the earlier markets.
6—**Quicker markets and shorter feeding period.** Grows stock faster, uses less feed, saves many days bringing to market sizes, and costs less to raise.
7—**Better and bigger hogs and stock generally** in less time with less disease and, by supplying necessary minerals, prevents objectionable eating habits.
8—**Necessary** to hogs of all ages from shotes to motherhood—hogs should have minerals before them at all times. Also very beneficial to cattle and sheep.
9—**Endorsed** by leading agricultural colleges and feed experts as absolutely essential for successful hog and stock raising.
10—**Real results count.** Do not be influenced entirely by price. Our mineral mixtures are the results of careful experiments by experts and are in our opinion the best on the market, furnishing the essential ingredients for the whole body and properly balanced to produce results worth the time it takes to feed them.

All minerals shipped from factory at INDIANAPOLIS, IND., or KANSAS CITY, MO.

Backbone Mixture

Iowa Simple Formula

It is really surprising what good results can be obtained even from this simple mixture. This formula carries the principal elements in which ordinary feeds are deficient.

Formula: Common salt, 15 per cent; high calcium limestone, 49.97 per cent; spent bone black, 35 per cent; potassium iodide, .03 per cent.

8F750⅓
100 pounds..... **$1.79**
300 pounds.....$ 4.98
1,000 pounds..... 15.98

Complex Mixture

Iowa Modified

The greatest profit in raising hogs is in making the greatest growth in the shortest possible time. This can best be accomplished by feeding REPUTATION complex minerals. This is one formula above all others that we can recommend. It contains all the essential elements, together with the tonics, laxatives and potassium iodide so essential for preventing hairless animals and goitre. The 5 per cent meat meal is a later improvement on the Iowa complex mixture, making it more palatable and more easily eaten.

Formula: Spent bone black, 25 per cent; high calcium limestone, 34.97 per cent; common salt, 11 per cent; sulphur, 4 per cent; copperas, 2 per cent; glauber salts, 6 per cent; epsom salts, 2 per cent; hardwood ashes, 10 per cent; meat meal, 5 per cent; potassium iodide, .03 per cent.

8F775⅓—100 pounds..... **$2.69**
300 pounds.....$ 7.89
1,000 pounds..... 24.67

Dairy Minerals

Insures more milk, healthier herds, stronger calves, less abortion, better growth, greater profits.

The need for proper minerals in the daily rations of cattle cannot be overestimated. Iodides are essential to prevent the big losses of new born calves through goitre or weakness.

The following formula has proved very satisfactory. Directions in each bag.

Formula: High calcium limestone, 35 per cent; spent bone black, 30 per cent; common salt, 22.70 per cent; glauber salts, 4 per cent; epsom salts, 2 per cent; copperas, 1 per cent; iron oxide, 1.25 per cent; sulphur, 4 per cent; potassium iodide, .05 per cent.

Portable Folding Bathtubs

$7.69 $6.25

Convenient Large Size for Farm Homes, Cottages and Camps

A convenience, yet a necessity for many homes. Does away with the need of old fashioned wash bowls or tubs. Strong hardwood frame with steel braces, and tub material a heavy rubber covered canvas duck. Very tough and durable. The bottom of the tub rests on the floor, taking most of the weight off the frame. No danger of tipping over. Inside is smooth, soft and silky. Hot water does not hurt it. The tub dries very quickly. Roll it up and stand it behind the door in your closet. It takes very little room. Full size tub: 5 feet long, 24 inches wide, 16 inches deep, measured inside. Shpg. wt., carefully crated, 21 lbs. **Unmailable.**

Made in Two Qualities

Single coated thick, rubber covered canvas duck. The tub generally sold at a slightly higher price than this.	Heavy weight canvas duck. Both sides covered with a thick coating of rubber. The one we advise you to buy.

Shpg. wt., 10 oz. 8F2605—In hard rubber case..... $1.39

Certified Thermometers

While these have not been submitted to the Bureau of Standards the manufacturer guarantees them accurate, and encloses a certificate with each one. Figures are easily read. Popular one-minute style. Each in hard rubber case. Shipping weight, 10 ounces. 8F2600..... 87c

NOTE—Thermometers while marked to register one minute will often take two to three minutes to record the correct temperature. This is due to different conditions of the human body, and should be taken in account when using the instrument.

My Baby's Products

My Baby's Talcum, Medicated Dusting Powder and Castile Soap are the results of many tests to give you articles that are guaranteed absolutely pure and that can be used without fear. Your baby's tender skin must be protected, and we do not hesitate to recommend these, My Baby's Products, to be pure and harmless.

My Baby's Castile Soap

An exceptionally fine white castile soap. Made with pure imported, edible olive oil. In our opinion the finest castile soap made for baby use. Will not chafe nor irritate. Lathers freely. Large cakes. Shipping weight, three cakes, 1 pound.

Rubberized Sheeting

Acid and Water Proof

Carefully cut so that ends do not fray and require hemming. We do not recommend the use of real cheap sheeting, for it will not give satisfactory service. We offer two grades, both good quality. One a standard grade sheeting, the other a superior sheeting. We recommend the steam cured superior sheeting which, though slightly higher in price, will more than make up the difference in durability and service. Shipping weight, per square yard, 1 lb.

Our Superior Sheeting Steam Cured

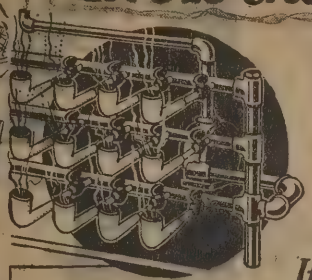
Man Alive—Here Is the Pipe!



It's Already Broken In; Smoked With Real Tobacco by Machine. Sanitarily Sweet From the First Puff

It's the Great W L S Pipe

No doubt about it! Here is the pipe you have always wanted. Fill it up with your favorite tobacco, a light and you start right in enjoying it. Also beautiful on the outside, the fine old Italian briar root especially baked and finished by hand, giving a high luster. Bits are tasteless black vulcanite, expertly shaped in the flat dry smoker style and set off with distinctive marker on top. Fitted with sanitary removable aluminum cleaner tubes. We are pricing W L S pipes especially low, considering the wonderful value. We invite comparison with pipes selling far, far above this price. Choice of the three most popular shapes. All are full, big, man size smokers. (The "London Egg Shape" is 6 inches long.) Each in a box with cloth pouch for your pocket. Shipping weight, 5 ounces.

Choice $2.75 Each

DUBLIN 18F4082

EGG 18F4084

18F4048½ Straight

18F4051½ Bent

New Style Genuine Meerschaums

$6.35 Each Length of straight pipe, about 5¾ inches. Shipping weight, 4½ ounces. (Print name wanted carefully.) Every man looks forward to owning a real Meerschaum, one he can smoke at home, where it will be handled carefully—and will color to that beautiful brown shade. We here offer genuine imported block Meerschaum pipes, in the new style hand carved Shellcraft at much less than we formerly asked for the old style smooth finish. This new style will not scratch and mar so easily. Large size bowls; genuine imported amber mouthpieces. These are the most beautiful pipes on the market. Each pipe in silk plush lined case made to fit.

$3.98

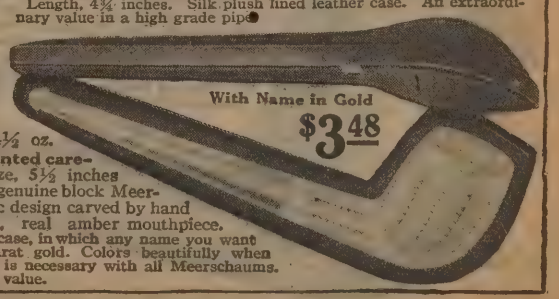
"All Bakelite"

18F4086½—Shipping weight, 7 ounces. (Print name carefully.) Remarkably low price on this handsome pipe. Outer bowl and mouthpiece entirely of clear amber color bakelite. The inner bowl is of a fine quality briar, which insures a cool, sweet smoke. Fitted with gold plated bands. Length, 4¾ inches. Silk plush lined leather case. An extraordinary value in a high grade pipe.

Young Men's Meerschaum

18F4020½

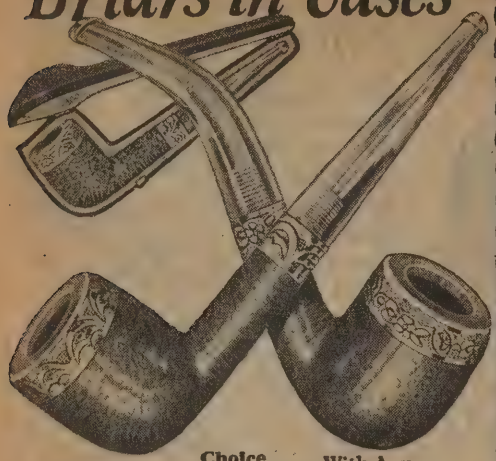
Shipping weight, 4½ oz.



$3.48

(Print name wanted carefully.) Medium size, 5½ inches long, of fine quality genuine block Meerschaum with artistic design carved by hand on bowls. Cloudy, real amber mouthpiece. Fitted in leatherette case, in which any name you want is stamped in 22-karat gold. Colors beautifully when handled carefully, as is necessary with all Meerschaums. A fine gift. Splendid value.

Briars in Cases



Handsome Mounts — **Choice, $2.35** — **With Any Name in Gold**

18F4002½—Straight style. **18F4004½**—Bent.
Shipping weight, 6 ounces. **Print name wanted carefully.**

Splendid value in popular size banded pipes of genuine French briar. Handsome, leather covered, silk plush lined cases. Highly polished large size bowls. Fancy gold plated bands. Mouthpieces of tasteless bakelite expertly finished by hand. Length of straight pipe, 5½ inches. The name you order will be stamped in gold on leather and fitted in the case. A real "personal" gift.

Turkish Water Pipes

Smoking Through Water

What you have always wanted: A cool, fragrant, sweet smoke—and right from the first "pull." No "breaking in." No bite to the tongue. Load up the big synthetic meerschaum bowl with tobacco for a long smoke. Smokes cigars, and cigarettes, too. Water vase is handsome amber glass. Long tube, fitted with tasteless vulcanite mouthpiece, permits you to assume any position of ease. Entire height, 8½ inches. This pipe, heretofore only at a high price, is a great value at our price. Shipping weight, 1½ lbs. **$1.49**

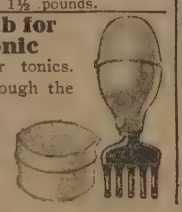
Cup and Comb for Applying Tonic



For applying hair tonics. The liquid flows through the teeth of comb directly to the roots of the hair. Shipping wt., 10 oz.

8F2474...**47c**

Beautiful hair is not a matter of luck, it is simply a matter of care. You, too, can have beautiful hair if you care for it properly. Proper shampooing is the most important thing. It brings out the real life and luster, natural wave and color, and makes your hair soft, fresh and luxuriant. While your hair simply needs frequent and regular washing to keep it beautiful, it cannot stand the harsh effect of ordinary soaps.

The free alkali in ordinary soaps soon dries the scalp, makes the hair brittle and ruins it.

That is why millions of women now use Mulsified Cocoanut Oil Shampoo. This clear, pure and entirely greaseless product cannot possibly injure, and it does not dry the scalp, or make the hair brittle, no matter how often you use it.

Two or three teaspoonfuls makes an abundance of rich, creamy lather, which cleanses thoroughly and rinses out easily.

The hair dries quickly and evenly and has the appearance of being much thicker and heavier than it is. It leaves the scalp soft and the hair fine and silky, bright, fresh looking and fluffy, wavy and easy to manage.

8F3230—Family size. Shipping weight, 2 pounds. **79c**

8F3226—50c size. Shipping weight, 1¼ pounds. **39c**

Wildroot Preparations for the Hair

COMBINATION OFFER

Wildroot Hair Tonic and Taroleum Shampoo

Taroleum is a special shampoo with crude oil content. It is used in the most exclusive beauty shops. It does two things well. It cleans the hair and cleans the scalp.

When a hair wash with Taroleum is followed with Wildroot Hair Tonic, the result is surprising. The head feels delightfully clean; dandruff is removed, the scalp takes on new health, the hair itself becomes more lovely and beautiful than ever.

50c size Taroleum Shampoo combined with 60c size Wildroot Hair Tonic. Shipping wt., 2 lbs.

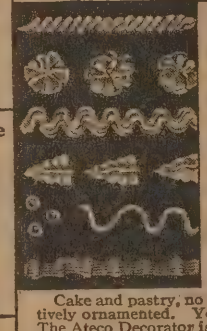
Decorations and Favors



Decorate Your Cake and Pastry With the Ateco Decorator

Cake and pastry, no matter how well made, always appears more appetizing when attractively ornamented. You can now ornament your own desserts like any caterer or baker. The Ateco Decorator is easy and simple to use and holds just the right amount of frosting. May be taken entirely apart for thorough cleaning. The Ateco Decorator is most convenient to use, quickly adjusted and durable. Parts are all made of strong, non-corrosive metal, smoothly finished, so no old icing can accumulate. Not complicated, nor hard to use and you will be surprised the nice decorations accomplished with just a little practice. With each set are interchangeable tubes for making various designs, such as leaves, roses, writing, etc., as shown at side. Also an illustrated book of designs and recipes. Shipping weight, each set, 10 ounces.

For Boys

WORLD'S LARGEST STOCKING VALUES

For Girls

We Defy Competition

For years we have compared and examined Christmas Stockings offered by others and we have never found values that are anywhere near the tremendous stocking values we offer. Just for comparison buy one of our stockings and another elsewhere at the same price and keep the better one. This comparison is all we ask. Our assortments are made up of carefully selected popular toys of good quality enjoyed by all children, not worthless paper and tin toys offered in some stockings of today. Just picture your youngster on Christmas morning opening up a great big stocking filled with our most popular toys. The biggest hit will be the variety of toys it contains, for, when tired of one, there will be plenty of others to play with.

TWO ASSORTMENTS FOR EACH. The boys' assortments have guns, tops, mechanical toys, horns, noise makers, musical toys, and other things that appeal to boys. The girls' assortments have dolls, tea sets, cut-out toys, story books, games and everything little girls like.

For a Baby Assortment

Clean Sanitary Economical

Folding Everlasting Artificial Christmas Trees

Easy to Put Up and Take Down
Preferred by Many to Regular Evergreens

These trees are made of material which resembles the natural evergreen and does not shed. Artificial trees are getting more popular each year and are very rapidly replacing the evergreen tree. They are less expensive in that they can be used season after season. We are offering larger size trees with a greater number of branches than usually offered at the price and ones that look very natural. Each tree in a nicely finished solid wood pot, similar to one shown. Larger trees in sections for easy packing. Plenty of branches, twigs and candle holders on each tree in proportion to size.

Genuine Mazda Electric Light Outfits for the Christmas Tree

Not to be confused with cheaper outfits having inferior imported lamps.

Add More Lights to Your Lighting Outfit — Make Your Tree More Beautiful. It Is Simple With This New "Tachon" Outfit

No Transformer Necessary. Not to Be Used With Battery Current

Add lights as you desire; it makes no difference whether your old outfit is a carbon lamp set or Mazda. These new outfits have an extra connector and you simply attach plug from your old outfit into the new outfit. This will enable you to build up your set, using only one electric light socket. Connector can also be used for attaching to transformer to run toy electric trains, an electric fan, heater or any electric appliance that takes up to 120 volts. For decorating the porch, room, hall or lawn. For current 110 to 120 volts. Each outfit has assorted colored bright light Mazda lamps.

Lovely New Flossie Flirt MA-MA Dolls

Guaranteed Not to BREAK

America's Best Known Makers

build dolls especially for us, and every doll must be of unusual value to gain a place in this Catalog. Such makers as **"Horsman," "Effanbee," "Century," "American Character (Petite)," "Ideal," "Gem"** and other well known factories put special value into **"Sears Specials"** during the quiet months. No one maker, it seems, can supply all of the vast amount we may need on a particular doll, therefore, in most instances we do not mention the maker's name, but you can depend on our sending you a good doll and a big value for the money.

I SAY MA-MA

A Great Doll For Rough Play

Lovely Kestner Bisque Head Doll in Basket

I CRY I GO TO SLEEP

$3.65 Complete

18F2912¼—Shpg. wt., 2¾ lbs. "Sweetums," an adorable baby doll with "go to sleep" glass eyes. Fine bisque head. Wrapped in lovely ribbon edged blanket and placed upon a fancy pillow in a fine wicker basket. White organdy dress; stockings, diapers. Doll, 12 inches; including dress, 18 inches. Basket, 18½ inches long.

We guarantee "Flossie Flirt" Dolls not to break under ordinary handling such as given by the average child. This guarantee includes the moving eyes, the broadest guarantee to be given on dolls.

Every little girl knows **"Flossie Flirt,"** a most wonderful doll that rolls her "Flirty" eyes gaily from side to side, winks and blinks mischievously and also closes her eyes in sleep. When guided, this doll will toddle along with the flirting eyes moving from side to side. Says Ma-Ma, too, just like a real live baby. The head models are all very pretty and the head itself is so strong that it won't break, even if it should fall out of its bed or carriage, or get into any such trouble. The small size, 18F2900, has bobbed style mohair wig; all the other sizes have a fine French marcelled style parted wig, made of mohair on a net foundation. Each doll has a silk ribbon headband with rosette. Dress is a very smart party style, made nice and full of sheer nile green organdy with elaborate lace trimming and ribbon streamer. Dolls have nicely proportioned **composition arms** and chubby **composition legs** delicately tinted in flesh colorings. Soft cuddly body. The larger the doll, the better the proportions. All are splendid values at our prices.

29-Piece Decorated Aluminum Set $1.59

An exceptionally attractive set. Very popular. Not a piece missing to make your tea party a complete success. Surprising how pretty this black silhouette decoration makes the set. Durability of aluminum with the attractiveness of decorated china. Teapot measures 4⅝x3 inches over all. Six 4¾ inch plates; six 3½-inch saucers; six 2¼-inch cups; sugar and creamer, bread tray and tea strainer in correct proportion. Also six 3⅝-inch spoons with fancy design handles. Shipping weight, 1½ pounds.

49F1877.....$1.59

Our Two Leading Satin Finish Aluminum Sets

We offer here the two best values in plain aluminum tea sets we have been able to locate. The higher priced one has a fancier shaped teapot, sugar and creamer; also larger plates. The other set is an excellent value for the price and will meet any competition. Its pieces are a little smaller and the teapot, sugar and creamer are plainer, the sugar having no cover. Both sets are made of good grade aluminum and consist of 19 pieces, namely, 4 cups, 4 saucers, 4 plates, 4 spoons, teapot, sugar and creamer.

Our Better Set for 98c

Fancy teapot, 4¼x2½ inches over all, 4¾-inch plates, 3¼-inch saucers, 2-inch cups. Spoons, creamer and sugar in proportion.

49F1873—Shpg. wt., 1 lb..... 98c

the Baby

Baby's Health Bowl

The New Play Exerciser. All Metal Except Seat—Sanitary—Washable

Baby can rock back and forth, revolve, go teeter-totter, thus exercising every muscle in his little body. Such exercise makes him sleep soundly, increases his appetite and builds up his strength. Mother can go on with her work as she knows baby cannot fall, upset, crawl out or get into any danger. Keeps baby out of mischievous tricks, such as picking up everything he can find and putting in his mouth; pulling at this and grabbing at that, wearing out rompers, becoming soiled and dirty. Seat is adjustable to height as baby grows. To feed baby simply put down metal folding legs on edge and bowl is made stationary. Has removable tray for toys and food. If baby spills anything it all goes into the bottom tray, not on the floor. Enameled bright baby blue. Shipping weight, 18 lbs. Unmailable. **$6.47**

New Fancy Design Safety Blocks

By a special arrangement we are able to offer to you at the same price a new fancy decorated, brightly colored round cornered safety A B C block. A big improvement over the old style. While playing, the child becomes familiar with the alphabet and different types of animals and objects printed on the blocks. Made of light weight wood, two sides embossed with letters in the center of the new filigree design, and enameled in colors. The other four sides have printed pictures, letters and numerals in colors. The child can build with these blocks also, so you have a combination of building blocks and A B C blocks. Two sizes:

Thirty-Six 1¾-Inch Blocks, 98c

Schoenhut's Toy Pianos

98c to $4.98

Do not confuse with cheaper pianos. It pays to buy a Schoenhut.

We have found these Toy Pianos to be the best on the market—real quality—beautifully finished and accurately tuned.

These pianos are all carefully tuned so that simple melodies can be played and the child actually taught the rudiments of music. Wood frames shaped like ordinary upright piano, stained to represent rosewood and nicely varnished. Wood keys painted white with black markings to represent the black keys of a real piano. Instruction book included with each. Each piano packed in strong shipping carton. Furnished in five sizes as described below.

Twenty-Two Keys	Eighteen Keys	Fifteen Keys	Twelve Keys	Eight Keys

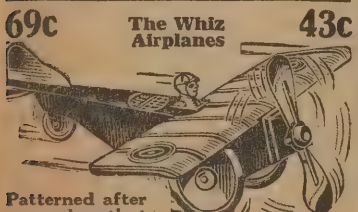
49F5749.....**59c**

The Whiz Airplanes

69c — 43c



Patterned after monoplane that crossed the United States without a stop

Every kiddie is interested in an airplane, especially if it has action. When their strong spring motors are wound up these attractively lithographed airplanes run along the floor at a great speed. Two sizes:

Our Largest Airplane

Adjustable rudder runs it straight or in circle. 12½ in. long, 10 in. wide. Shpg. wt., 2 lbs.

49F5724. **69c**

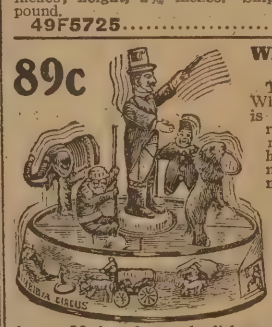
Our Smallest One

No adjustable rudder. 10 inches wide, 9¼ inches long. Shipping weight, 1½ pounds.

49F5719. **43c**

89c

Whole Circus in Itself



Tremendous hit. When the spring is wound up the ringmaster goes round cracking his whip and making the animals and clown in their turn do their stunts. Monk climbs the pole, clown turns on the bar and lion and elephant rise up on their hind legs. Made of metal, lithographed in circus colors. Good spring motor. Diameter, base, 7⅞ inches; height, over all, 8 inches. Shipping weight, 1½ pounds.

49F5717.....**89c**

Charleston Trio

45c

A toy right up to the minute. New this year. Very snappy action. When strong spring is wound up Charleston Charlie dances while the small negro fiddles and the dog nods his approval. Made of metal, lithographed in attractive colors. Length, 4⅝ inches; height, 9 inches. Shpg. wt., 1 lb.

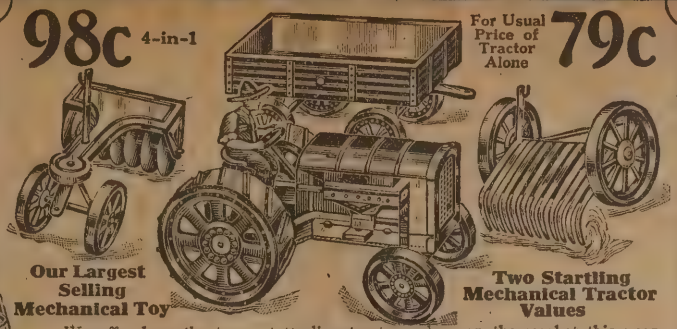
98c 4-in-1 For Usual Price of Tractor Alone 79c



Our Largest Selling Mechanical Toy

Two Startling Mechanical Tractor Values

We offer here the two outstanding tractor values on the market this year. These are our largest selling mechanical toys, and it is only our tremendous buying power which enables us to offer such values as these at the prices asked. They are both made of metal, lithographed in bright colors. Each set consists of a tractor with a man driver, a four-wheel wagon, a two-wheel rake and a disc harrow. Tractors have strong spring motors and can be set to go straight or in a circle. Two different size sets.

Our Largest Set for 98c

Measures 25½ inches long, over all. Tractor, 8½ inches long, with other three pieces in proportion. Shipping weight, 2½ pounds.

49F5748..... 98c

Our Smallest Set for 79c

Measures 21 inches long, over all. Tractor measures 5¾ inches long. Other pieces in proportion. Shipping weight, 2 pounds.

$7.98

Beware of Buddy "L" Imitations

Boys! The buddy "L" line is the original one. There have been a number of imitations but none have the beautiful enamel finish, the wealth of detail, or the quality of construction as have the genuine Buddy "L" toys. Strong enough to hold load of 150 pounds. Built of 22-gauge sheet steel, spot welded, riveted and all edges carefully rounded. Each truck type has real steering knuckles and steel disc wheels with rims polished to imitate rubber tires. Has heavy pulling cord. All Buddy "L" toys are sturdily built, so that they will last indefinitely. The Buddy "L" toys illustrate the fact that it pays to buy a real quality toy, for in service you are more than repaid for the increased amount of money expended. Year round toys—can be used for indoor or outdoor play. It pays to buy a genuine trade-marked Buddy "L" Toy.

Here's a "Pippin," Boys! Reverses Automatically!

33 In. Long, Runs Forward or Backward and Quality the Finest

Baggage car with sliding doors, Pullman car and observation car. Eight pieces of curved and four of straight track form an oval 10 feet in circumference. One piece has the automatic device for reversing the train or stopping it without touching it. Levers in engine can be used for reversing, starting and stopping. Engine made of nicely enameled metal, has nickel plated steel piston rods and is 8 inches long. Guaranteed tempered steel clockwork motor, and speed control to prevent jumping track. Each car is 5⅜ inches long. All steel, lithographed in natural colors. Shipping weight, 5½ pounds.

49F5135—Train, complete..... **$4.98**

Watch the Hand Car Shoot Around

A very popular toy. The two little men work naturally, bending up and down as the little hand car spins around the complete oval track. The car measures 4⅜x3½ inches and is made of steel lithographed in natural colors. There are four pieces of curved track, forming a circle 56 inches in circumference. Equipped with strong clockwork motor. Shipping weight, 1 pound.

49F5700..... **59c**

$2.67

Exceptional Freight Train Value for $2.67

You need a freight train to complete your train yard. Measures 32 inches long over all, 7-inch cast iron locomotive with pistons and brake, 4-inch tender with imitation coal, a Dutch Cleanser car, an oil car and a caboose, each 5½ inches long; eight pieces curved track and four pieces straight to form oval about 123 inches in circumference. A wonderful value. Shipping wt., 5¾ lbs.

49F5106..... **$2.67**

$2.98

A Dandy Figure Eight Train Value for $2.98

A very fine value! This train measures about 26½ inches long, has a 6¼-inch nicely finished iron locomotive with strong clockwork motor and nickel plated piston rods and brake. A lithographed tender, three nicely lithographed metal cars, one a baggage car, each 5⅝ inches long. Fourteen pieces of curved track and crossover, making figure eight 54x26 inches. Shipping weight, 4 pounds.

49F5103..... **$2.98**

$1.98

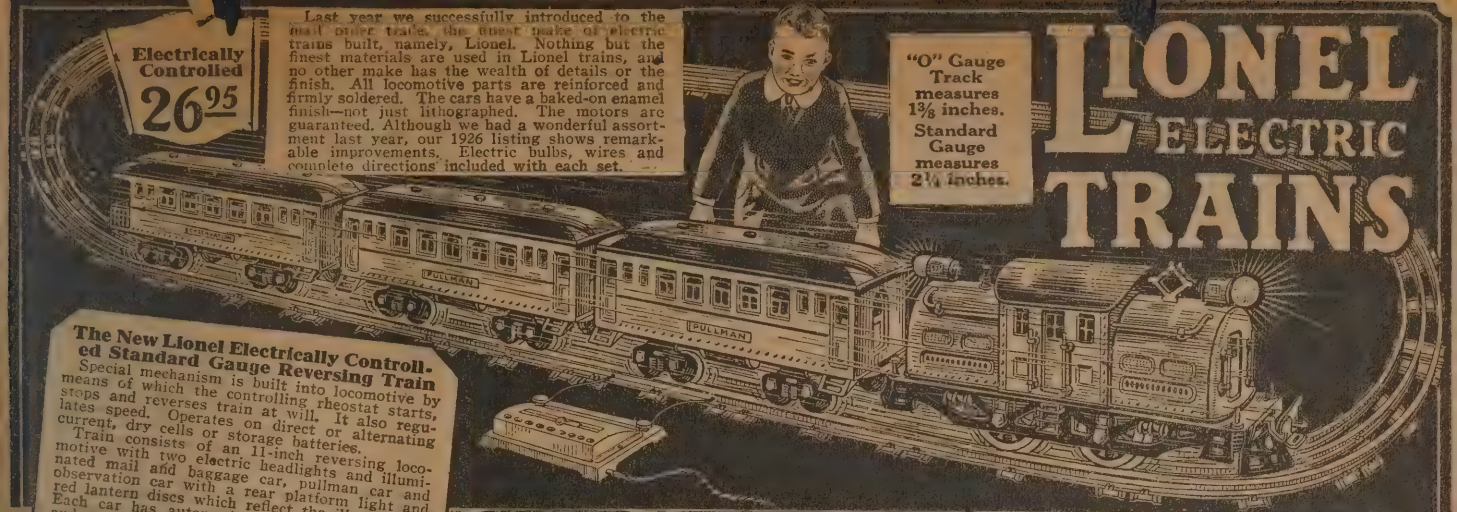
LIONEL ELECTRIC TRAINS

Electrically Controlled 26.95

Last year we successfully introduced to the mail order trade, the finest make of electric trains built, namely, Lionel. Nothing but the finest materials are used in Lionel trains, and no other make has the wealth of details or the finish. All locomotive parts are reinforced and firmly soldered. The cars have a baked-on enamel finish—not just lithographed. The motors are guaranteed. Although we had a wonderful assortment last year, our 1926 listing shows remarkable improvements. Electric bulbs, wires and complete directions included with each set.

"O" Gauge Track measures 1⅜ inches. Standard Gauge measures 2¼ inches.



The New Lionel Electrically Controlled Standard Gauge Reversing Train

Special mechanism is built into locomotive by means of which the controlling rheostat starts, stops and reverses train at will. It also regulates speed. Operates on direct or alternating current, dry cells or storage batteries. Train consists of an 11-inch reversing locomotive with two electric headlights and illuminated mail and baggage car, pullman car and observation car with a rear platform light and red lantern discs which reflect the illumination. Each car has automatic couplers, eight wheels and measures 11¾ inches, making a 52-inch train. Eight pieces of standard curved and four straight track, also a "Lockon" connection. Track, oval, 56x42 inches. Shpg. wt., 18¾ lbs.

Electrically Controlled Reversing Train Has special motor in locomotive and controlling rheostat. 79F5186...$26.95

Hand Reversing Train Locomotive has regular motor with hand reversing lever. 79F5185. $22.95

BOYS! The New ERECTOR

The Greatest Construction Toy in the World

New Erector—The Tremendous Success

Builds the Most Models—Has the Most Parts
The Only Construction Toy With the Square Girder

Erector is one of the most instructive as well as entertaining toys on the market. Each succeeding year is a bigger year than the preceding one. The boys are convinced of the great flexibility of the Erector, which makes possible the building of an unlimited number of interesting as well as complicated models.

Every boy likes to tinker around and build things. With an Erector set he can satisfy this hankering. He can actually learn the fundamentals of engineering by studying carefully the complete book of instructions included.

Models built are true models, for the gears, pulleys, angle irons, etc., are duplicates of the real parts used in construction work. Bridges can be built, as can skyscrapers and thousands of other models.

$10.00 Erector, $8.98

BOYS! This is the set you want. It has a powerful, already assembled motor, contains 473 parts and builds nearly 600 models. Furthermore, it is assembled in a heavy stained and varnished wooden box with brass side grips and suitcase catches. **It has many parts not in the other sets. With it it is possible to build such models as a miniature steam engine, steam shovel, crane, derrick and Ferris wheel.** A wonderful collection of girders, pulleys, boiler, digger, scoop, etc. Wood box, 21⅛x8¾x3¼ inches. Shipping weight, 13¼ pounds.

49F4716..... $8.98

$3.00 Erector, $2.69

A barrel of fun to be had with this set. The square girder like structural steel enables you to build about 350 models. This is a dandy set, and any boy will find plenty of thrill in making all the models shown in the instruction book. In attractive, strong, cardboard box, 18x10x1¼ inches. Shipping weight, 4 pounds.

49F4715..... $2.69

$5.00 Erector, $4.47

A very popular size which will make any boy happy. It contains 235 parts which will build about 500 miniature models. Build bridges, airplanes, anything you wish. Then attach your model to the already assembled motor and watch it work. In attractive strong cardboard box, 18x10x2 in. Shipping wt., 6¼ lbs.

49F4720..... $4.47

$1.00 Erector, 89c

Just the set to start out with. You can build over 250 models with this little set. Although it has less parts than the other sets, you can build many models with it. If you buy a larger size just add these parts to your new set for they are interchangeable. In attractive cardboard box, 12⅛x8¾x¾ inches. Shipping weight, 1⅝ pounds.

49F4717..... 89c

Bilt-E-Z

"The BOY Builder"

Bilt E-Z, the Popular Construction Toy

Just as the Child Builds the Toy, So the Toy Builds the Child. For Both Boys and Girls

Boys! Build beautiful white and gray skyscrapers or accessories for your train sets, such as stations, trestles, and then forts, castles, etc., besides.

Girls! Think of the thrill of building your own Doll House to order, with as many stories, rooms and porches as you want.

Completed models are not flimsy things, but substantial structures which you can carry about. When you tire of one building, pull it apart in a jiffy and start another.

All parts are interchangeable, buy as many sets as you like, for you just add that many more parts. All parts are sheet steel, enameled in white and gray. Each set in heavy cardboard box covered with neat imitation leather effect paper. In each set are floors, windows, walls, friction pieces, cornices and balconies in varying quantities, depending on size of set. Four different sizes.

No. D. $10.00 Set	No. B. $5.00 Set	No. OO. $2.00 Set	No. O. $1.00 Set

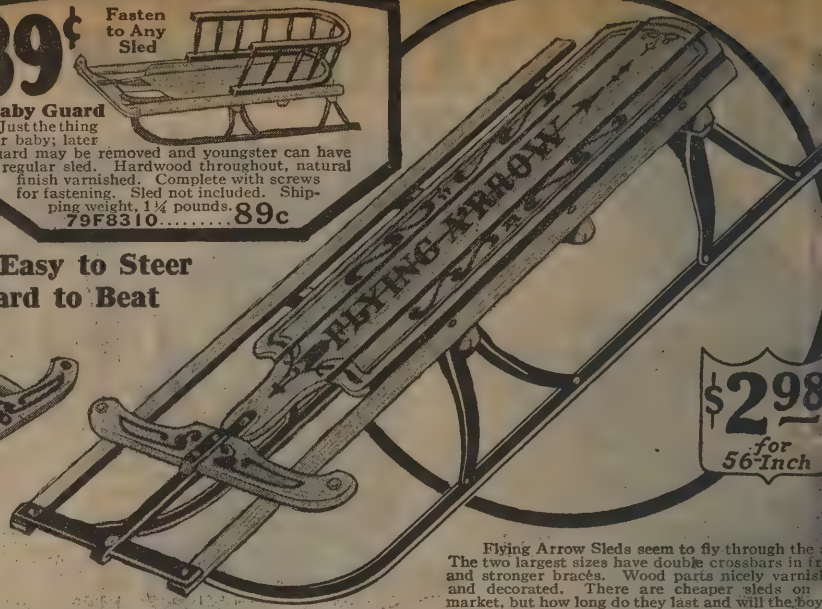
Boys— Here's Your Coaster!

Very Easy to Steer Hard to Beat



It Pays to Buy a Good Sled

ZIP!
Just What Its Name Implies!
Flies Through the Air

$2.98 *for 56-Inch*

Flying Arrow Sleds seem to fly through the The two largest sizes have double crossbars in fr and stronger braces. Wood parts nicely varnish and decorated. There are cheaper sleds on market, but how long do they last and will the boy perfectly satisfied? Our sturdy, well constructed Flying Arrow Sleds have made a real reputation; any proud owner of one can tell you. They steer easily around curves because the runn curve up abruptly in front leaving a greater part of the long flat runners on the ground and because the runners are made of first quality tempered spring steel. The knees or braces are he gauge stamped steel, securely riveted to top and runners. Sound and solid hardwood lumber used for top will not split or warp.

These two have double crossbars for steering

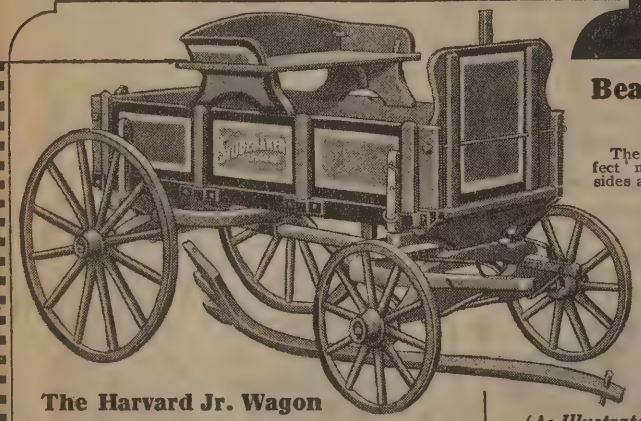
Toy Farm Wagons



The Harvard Jr. Wagon

Similar to the Studebaker Junior, illustrated above, but with plainer gears and less trimming and details. Will give good service and far superior to many inferior farm wagons sold elsewhere at about the same price. Body, 36x18 in. Front wheels, 14 in.; rear wheels, 20 in. Shipping weight, 64 pounds. Unmailable
79F7675.....$8.98

Beautiful Studebaker Jr. Toy Farm Wagon

The original boys' size farm wagon. A perfect miniature of dad's Studebaker. The sides and ends are removable leaving bed and stakes when lumber wagon is wanted; gear is made like that on large farm wagons with bent hounds and adjustable reach; all parts strongly ironed and braced; steel bushings in hubs to take up wear. Wheels have steel tires, 5/32 inch thick, welded together by hydraulic pressure; staggered spokes; steel axles, 9/16 inch in diameter. All wood parts are kiln dried hardwood, beautifully enameled in green and red, neatly striped and trimmed with black and yellow. Complete with tongue and seat.

Studebaker Junior

(As Illustrated) ***The One We Recommend***

An especially high class, strong and substantial wagon well worth the difference in price over lower priced farm wagons. Body, 36x17 inches. Front wheels, 12 inches; rear wheels, 18 inches. Shipping weight, 66 pounds. Unmailable.
79F7685.....$11.98

$6.98

Farm Coaster

Especially Built Bargain for $6.98

Has the strength in construction of our other farm wagons, but is not as fancily decorated or trimmed; has regular coaster wagon tongue with strong braces to front bolster. Body enameled green, wheels are red. Body and seat are removable. Wheels, 12 inches and 18 inches in diameter. Body is deep enough to hold big loads and measures 36x16 inches. Can be used as coaster or for hauling. Shipping weight, 52 pounds. Unmailable.

WAGONS

Boys! Here's Good News for You

New Model Flying Arrow Wagons—Every Part Guaranteed

Only the finest materials are used and the construction is of the highest type to withstand heavy loads and strain. The wood parts are kiln dried and nicely finished in every detail. The under gears are channel steel with strong steel braces to body; no holes drilled through axles for braces, as all of our wagons are equipped with special patented braces clamped around the axle, which adds to the strength of the wagon. The most vital part is the wheel; our wagons have the highest quality double disc steel wheel with interlocking flange at rim (not spot welded so as to come apart). Quality throughout.

Special Strong Curved Handle For Easy Steering

Brake $4.48

High Class Flying Arrow Coasters

At Prices Usually Charged for Inferior Constructed Wagons

Boys! Choose one of these and you will never regret it. When your pals line up for a dash to the corner or down hill your "Flying Arrow Coaster" will be the one in the lead. Similar to Lincoln, but without tail lamp or mirror

Another beautiful car made by makers of fine, large auto bodies. All parts heavy stamped automobile steel, not the light sheet steel usually used in toy autos, but same kind as used in fenders of large high priced cars. 10-inch wheels with high grade plain bearings; ½-inch rubber tires. Heavy crowned fenders. Body, hood and wheels enameled in attractive colors and neatly striped. Shpg. wt., 60 lbs. **Unmailable.**

79F8939..... **$9.98**

Watchmakers' Tools and Materials

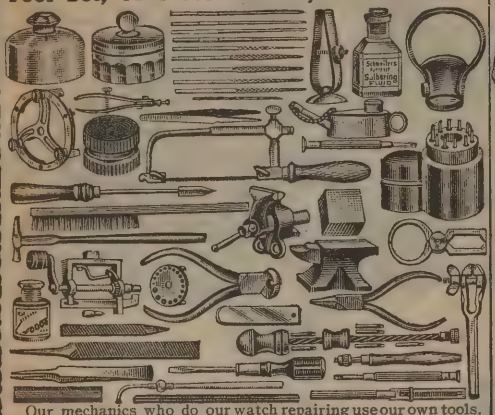
Should you desire to order balance staffs, hole jewels, cap jewels, mainsprings, hairsprings, etc., **send a sample** to us and state name of watch. Enclose in your letter or package your name and address. When ordering hairsprings **state size and strength.**

Old gold accepted by us at the highest market price in exchange for any article in our jewelry department. We allow 72c for 18-karat, 56c for 14-karat, 40c for 10-karat, per pennyweight. In all cases we hold gold until we are advised by customers that estimate of value is satisfactory.

SHIPPING WEIGHTS—We give the weights of the articles on this page. Where no weight is given, the shipping weight is 4 ounces.

As an accommodation to our customers, we repair watches that have been purchased from us. Should you send your watch, write your name plainly on a tag, together with your address, and attach same to watch. Pack watch carefully. Address package to us. Write plainly, on the back of package, your name and address as sender. Also write a letter telling us what you wish done. When we receive it, we will examine it and write you the cost of repairing. On receipt of your reply with the amount of charges, we will put the watch in perfect condition. It takes about two weeks to repair and regulate a watch properly.

Watchmakers' Tool Set, 48 Pieces in All, for $14.38



Our mechanics who do our watch repairing use our own tools. This set consists of forty-eight separate and distinct pieces. The set not only includes tools necessary for watch repairing but likewise includes a complete set of tools for silverware, jewelry and clock repairing. Shpg. wt., 12 lbs. **$14.38**

18 Karat
White Gold
¼ Carat Diamond

When we present this solitaire diamond ring to you and offer it at $62.25, our purpose is to show by example the truly astonishing values in our diamond department. The illustration shows the size of the mounting only; the diamond illustration itself is slightly enlarged to bring out the details.

The diamond weighs a quarter of a carat. It is our first quality grade, very white, perfectly cut and extraordinarily brilliant. The finest selections from original packages received from Amsterdam.

The mounting is 18 karat white gold, a pierced, dainty design.

Be sure to mention ring size desired. Shipping weight 4 oz.

4F801..... $62.25

18 Karat
Solid White Gold
⅛ Carat Diamond

For $26.75 you can make your sister or your sweetheart happy with this beautiful solitaire diamond ring. This is merely one of hundreds of examples in our diamond department.

The genuine diamond shown in this ring is our first quality, most brilliant, very white and perfectly cut in every detail, and weighs one-eighth of a carat, securely set by our own experts. The ring is 18 kt. solid white gold, a dainty pierced design, one of the latest.

Different from most diamond merchants, we give the weight of the diamonds we offer. Diamonds are **bought** by weight and should be **sold** by weight.

Be sure to mention ring size wanted. Shipping weight 4 oz.

4F807..... $26.75

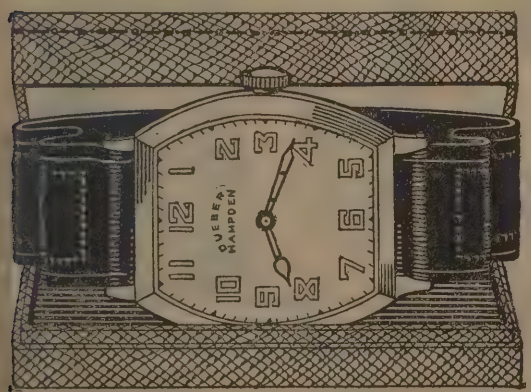
A Greater Gift Hath No Man

GOOD jewelry is the perfect, lasting gift. Everyone prizes it—hope chests and heirloom chests invariably disclose it. Its appeal reaches man and woman, young and old, alike. The dazzling splendor of a brilliant gem, the simple charm of a delicately wrought bit of gold, is loved forever for its beauty, treasured for its worth, cherished for its tender memories. The loyal sentiment conveyed by *such a gift* does not dull with the passage of years, rather its associations become more mellow and more lovely.

Since good jewelry—the perfect gift—represents enduring value and perpetual beauty, it is of utmost importance that you give serious thought to where you purchase yours. You *naturally* want the most that you can obtain for your money—and you certainly want absolute assurance of satisfaction.

The jewelry sold by Sears, Roebuck and Co. is such as is found in the finest of retail establishments, but because of our tremendous volume of business we can quote you prices much lower than the high-class jewelry stores. Furthermore, we protect you with a broad, iron-clad guarantee of 100% satisfaction or your money back.

Every article of jewelry sold by Sears, Roebuck and Co. is stamped with the karat mark. This is for your protection—never buy jewelry without a mark—insist upon it—it is the only way that you can be certain of what you're getting.



An example of the men's fine strap watches that we offer. Probably nothing finer made in the watchmaking world for service and finish. The great Dueber-Hampden Watch Co. of Canton, Ohio made it.

The case is 14 kt. gold filled. You can have your choice of: white color gold or natural color gold.

The movement, known as the 5-0 size Hampden, made of nickel, comes in 7 Jewel and 15 Jewel grades.

An investigation and comparison of our prices will convince you that you can save from one-fourth to one-third by buying your watch at Sears.

Watch packed ready for shipment weighs about 7 oz. Order by number and mention color of gold desired.

4F821—With 7 Jeweled movement..... $20.98

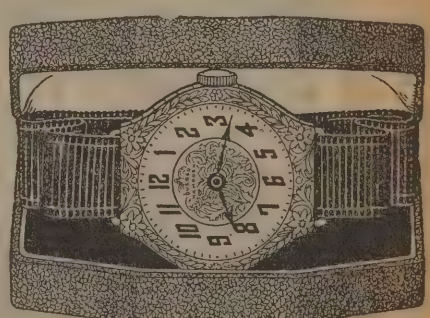
4F823—With 15 Jeweled movement..... $24.75

WE *Save* YOU MONEY

THOUSANDS and thousands of diamonds, watches, fountain pens and practically every other article of jewelry are sold by us annually. This tremendous volume permits us to buy at the lowest market prices and in turn sell at the lowest prices.

The watches shown on this page are typical of the high quality and low prices that prevail here. We number among our watch customers hundreds of railway men to whom reliability in a watch is imperative.

Whatever jewelry you purchase here represents money saved. You cannot make a mistake. The broad guarantee, backed by the vast resources of this tremendous institution safeguards your investment and insures satisfaction to you. Remember that when you are in the market for jewelry. THIS IS IMPORTANT TO YOU.



This watch would add grace to any wrist. Always an accurate timekeeper. It is a particularly good example of the high grade, dependable watches that we sell. It is a product of the great Dueber-Hampden Watch Co.

The illustration shows the shape and size. The case is 14 kt. gold filled. You can have your choice of white gold or natural color gold. Mention the color desired when ordering.

The movement is the most important part of any watch. The fine, high finish, and soundness of construction makes it worthy of our high recommendation. It is known as the small 8-0 size Hampden, and comes in 7 and 15 Jewel grades.

The ribbon is fitted with a splendid snap buckle to match the case. Presentation box comes with each watch. Packed ready for shipment weighs about 7 oz. Order by number.

4F829—With 7 Jeweled movement..... $22.65

4F831—With 15 Jeweled movement..... $26.80

Men's High Grade Open Face Watches

WE UNDOUBTEDLY save you money. All we ask is that you compare our prices with the prices asked by others.

The following movements pass railway inspection: 21-Jeweled New Railway Hampden, 21-Jeweled Crescent St. Waltham, 23-Jeweled Special Railway Hampden, 23-Jeweled Vanguard Waltham and 992 Hamilton.

Illustrations show exact size of the watches. A watch packed ready for shipment weighs 7 ounces.

Exactly forty years ago, Richard W. Sears, founder of Sears, Roebuck and Co., began selling watches to railroad men. Since that time Sears, Roebuck and Co. have sold about four million watches. We believe that many of the watches sold many years ago are still serving their owners in a faithful way. If you have one of our watches that has given you many years of service, we would like you to write us a letter telling us about your experience.

Railway model, 16-size, nickel composition, open face, dust and damp proof case. This case is so constructed that it has an inside protecting cap, and the new rigid squat bow and pendant. If you desire absolute protection for your high grade movement, we can recommend this watch. **Mention catalog number and movement.**

4F837—17-Jeweled Waltham or Elgin..... **$18.10**

4F847—23-Jeweled Special Railway Hampden **$44.50**

4F849—23-Jeweled Vanguard Waltham **$46.00**

The new heavy double protective 16-size natural color gold filled watch. This case is constructed to meet the most severe requirements. Popular with railroad men. Very sturdy. It is fitted with a new type of rigid pendant and extra strong bow. The illustration portrays the back and the front of the watch. Small sectional view shows its construction, the front bezel unscrewed, the center holding the movement, and the inside protecting cap, thus giving double protection. Engraved with your name. Prices quoted include engraving. **Give catalog number and movement wanted and write plainly the name to be engraved.**

The Beacon

Reliability is the first requisite of a timepiece. This splendid example of the American watchmaker's art has been developed by the celebrated Dueber Hampden Co., makers of high grade watches for more than a half century. Sold elsewhere for $32.50, it is offered here for better than a third less—$21.50. Choice of either 14-karat white or natural color gold filled 12-size case (a case well worthy of this fine 17-Jeweled Beacon movement). The dial silvered or gilt to match the case. The movement has 17 jewels, safety pinion, patent regulator, exposed winding wheels, brequet hair springs and cut expansion balance. It is fully adjusted and timed at the factory.

Men's Gold Filled High Grade 14-Karat White and Natural Gold Color Watches

Never before have we offered high grade watches at anything like the wonderful savings shown here. You can easily convince yourself of this by comparing our prices with those asked by others.

Only the latest designs are offered. Our watch cases are guaranteed by us, as follows: 10-karat gold filled, for 20 years' service; 14-karat gold filled, for 25 years' service. Solid gold cases will last indefinitely, barring accidents. It is not uncommon for them to be handed down for several generations.

Illustrations show actual size of the watch. Watch cases engraved with initials or monograms according to your instruction cannot be returned for exchange or refund. However, our broad guarantee holds good on watches the same as it does on our other merchandise. Satisfaction is guaranteed.

Our movement guarantee: Every movement we sell is timed and tested in the case before being shipped, and leaves us in fine going order. With proper care every one will give you entire satisfaction for many years. We warrant each movement for one year against defective material and workmanship, a truly ample protection.

Presentation case included with each watch. **Shipping weight of watches, 7 ounces.**

The Modern Man Wants a Strap Watch

When seconds are precious you want a watch that will tell you the time instantly, with no awkward, inconvenient fumbling with overcoat or vest. Just a turn of the wrist and you know. The great war taught us the desirability of a strap watch. Wherever you find action you will find strap watches—motoring, cycling, horseback, and in athletic games. You'll find them in offices, farms and shops. Everywhere their popularity is growing, because they are the logical watch for any man, whatever his occupation. They are always handy, and their very location on the wrist protects them from carelessness and harm. They give a man a progressive, up to the minute air, too, which is not to be overlooked.

Shipping weight of any watch on this page, 8 oz.

Illustrations Show Actual Size

We guarantee the movements we sell to give you the satisfaction you have a right to expect. Every one is timed and tested in the case before being shipped and leaves here in perfect going order. With proper care they will give many years of service. We warrant them for one year against defective materials or workmanship so that you have ample assurance of receiving a perfect watch.

Where we describe cases on this page as rolled gold plated, 10-kt. gold filled, or 14-kt. gold filled, please let it be understood that we guarantee the rolled gold plated cases for 10 years' service, 10-kt. gold filled for 20 years' service and the 14-kt. gold filled cases for 25 years' service.

We handle only lever escapement movements. Many inferior movements on the market have the cylinder escapement. A type difficult to repair and generally of inferior make.

Men's Nickel Watches

If saving money means anything to you, and quality is considered, you will buy your watches from us. A comparison of prices, grade for grade, will convince you. Illustrations show actual sizes of the watches. Watch cases described as nickel composition resemble silver and are of the same metal through and through. Manufacturers give it different names, such as ore silver and silverine. Shipping weight of watches, 7 ounces.

One of the greatest values ever offered in a good watch. A complete 7-jeweled, 12-size, thin model high quality watch for $8.45. If you are looking for accuracy and soundness of construction, a watch that will give a lifetime of service for very little money, we heartily recommend this one. A genuine Dueber-Hampden, produced and guaranteed by that world famous concern, the Hampden Watch Co. of Canton, Ohio, and sold here for about one-third less than its regular price. The case is known as silverine, a nickel compound resembling silver, is screw back and screw bezel, practically dust and damp proof. Dial of fancy metal with plain numerals and hands. Movement has nickel plates and exposed winding wheels, is timed in the case, a most accurate timekeeper.
